

Under section 188(b)(2) of the CAA, findings of failure to attain is based solely upon air quality considerations and the subsequent nonattainment area reclassification must occur by operation of law in light of those air quality conditions. These actions do not, in-and-of themselves, impose any new requirements on any sectors of the economy. In addition, because the statutory requirements are clearly defined with respect to the differently classified areas, and because those requirements are automatically triggered by classifications that, in turn, are triggered by air quality values, findings of failure to attain and reclassification cannot be said to impose a materially adverse impact on State, local, or tribal governments or communities.

Accordingly, the Administrator certifies that this proposed rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

Similarly, because the proposed finding of failure to attain is a factual determination based on air quality considerations and the resulting reclassification must occur by operation of law and, do not impose any federal intergovernmental mandate, these actions do not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). For the same reason, this proposed rule also does not significantly or uniquely affect the communities of Indian tribal governments, as specified by Executive Order 13084 (63 FR 27655, May 10, 1998).

For the same reasons, this proposed finding of failure to attain and resulting reclassification will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). These proposed actions are also not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because they are not economically significant. Finally, for the same reason that this proposed finding of failure to attain is a factual determination based on air quality considerations and the resulting reclassification must occur by operation of law, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this proposed finding of failure to attain, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct. EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the executive order. This proposed finding of failure to attain does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

#### List of Subjects in 40 CFR Part 81

Environmental protection, Air pollution control, National parks, Wilderness areas.

**Authority:** 42 U.S.C. 7401-7671q.

### ENVIRONMENTAL PROTECTION AGENCY

#### 40 CFR Part 300

[FRL-6859-2]

#### National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List

**AGENCY:** Environmental Protection Agency.

**ACTION:** Proposed deletion of the John Deere Ottumwa Works Site (Site) from the National Priorities List (NPL).

**SUMMARY:** The Environmental Protection Agency (EPA) Region VII proposes to delete the John Deere Ottumwa Works site from the National Priorities List (NPL) and requests public comment on this action. The NPL constitutes Appendix B to Part 300 of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended. The EPA has determined that the site poses no significant threat to public health or the environment, as defined by CERCLA, and therefore, further

remedial measures pursuant to CERCLA are not appropriate.

We are publishing this rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no dissenting comments. A detailed rationale for this approval is set forth in the direct final rule. If no dissenting comments are received, no further activity is contemplated. If EPA receives dissenting comments, the direct final action will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting should do so at this time.

**DATES:** Comments concerning this Action must be received by December 22, 2000.

**ADDRESSES:** Comments may be mailed to Debra Kring, Environmental Protection Specialist, Superfund Division, U.S. Environmental Protection Agency, Region VII, 901 North 5th Street, Kansas City, KS 66101. Comprehensive information on this site is available through the public docket which is available for viewing at the Site information repository at U.S. EPA Region VII, Superfund Division Records Center, 901 North 5th Street, Kansas City, KS 66101.

**FOR FURTHER INFORMATION CONTACT:** Debra Kring, Environmental Protection Specialist, U.S. Environmental Protection Agency, 901 North 5th Street, Kansas City, KS 66101, fax (913) 551-7063.

**SUPPLEMENTARY INFORMATION:** For additional information, see the Direct Final Action which is located in the Rules Section of this **Federal Register**.

Dated: August 17, 2000.
