

disappeared, or been declared incompetent.

Information is obtained only when a producer eligible to receive a payment or disbursement dies, disappears, or is declared incompetent, and documentation is needed to determine if any survivors are entitled to receive such payments or disbursements.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .5 hours ($\frac{1}{2}$ hour) per response.

Respondents: Individual producers.

Estimated Number of Respondents: 2,000.

Estimated Number of Responses per Respondent: one.

Estimated Total Annual Burden on Respondents: 1,000.

Comments are invited on the following: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information collected; or (d) ways to minimize the burden of the collection of the information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments should be sent to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 and to Mike Sienkiewicz, Agricultural Program Specialist, Production, Emergencies, and Compliance Division, USDA, FSA, STOP 0517, 1400 Independence Avenue, SW., Washington, DC 20250-0517, (202) 720-8959.

Comments will be summarized and included in the request for Office of Management and Budget approval of the information collection. All comments will also become a matter of public record.

Signed at Washington, DC, on February 20, 2007.

Glen L. Keppy,

Acting Executive Vice President, Commodity Credit Corporation and Administrator, Farm Service Agency.

BILLING CODE 3410-05-P

DEPARTMENT OF AGRICULTURE

Forest Service

Nebraska National Forest, Nebraska & South Dakota Black-Tailed Prairie Dog (*Cynomys ludovicianus*) Management on the Nebraska National Forest and Associated Units

AGENCY: Forest Service, USDA.

ACTION: Revised notice of intent to prepare an environmental impact statement.

SUMMARY: The USDA Forest Service published a Notice of Intent in the **Federal Register** of September 29, 2006, in FR Volume 71, No. 189, on pages 57460-57461, concerning request for comments on a Supplement to the Final Environmental Impact Statement for the 2002 Nebraska National Forest Revised Land and Resource Management Plan for black-tailed prairie dog (*Cynomys ludovicianus*) management on the Nebraska National Forest and associated units. Instead of supplementing the Final Environmental Impact Statement for the 2002 Nebraska National Forest Revised Land and Resource Management Plan, the Agency will prepare an Environmental Impact Statement (EIS) for black-tailed prairie dog (*Cynomys ludovicianus*) management on the Nebraska National Forest and associated units. This EIS will tier to and not supplement the Final EIS for the 2002 Revised Nebraska National Forest Land and Resource Management Plan.

The proposed action is to amend current management direction in the Nebraska National Forest Land and Resource Management Plan to meet various multiple use objectives by: (1) Specifying the desired range of acres of prairie dog colonies that would be provided on the Nebraska National Forest and associated units; and (2) to be able to use toxicants if the acreage exceeds the desired range and for multiple use objectives. The proposed action would amend Chapter 1, Section H, Standard #1 in the Nebraska National Forest Land and Resource Management Plan, which allows for limited use of rodenticides in the interior of the Forest. The proposed action would also authorize the site-specific control of prairie dogs forest-wide, including the use of rodenticides, when management thresholds are exceeded for geographic areas. Future prairie dog control would occur based on management thresholds without further NEPA analysis.

Public Comments

Public comment was received in response to the September 29, 2006

Notice of Intent. The comments have been analyzed and distilled into a comprehensive set of analysis issues. Since the proposed action and purpose and need for the project have not changed, those who have already commented do not need to resubmit their comments. However, comments will continue to be accepted, but will be most useful if received by March 16, 2007.

FOR FURTHER INFORMATION CONTACT: Mike McNeill, Team Leader (605) 745-4107.

Dated: February 20, 2007.

Donald J. Bright,

Forest Supervisor, Nebraska National Forest.
