

submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, NRC Form 7, "Application for NRC Export/Import License Amendment, Renewal, or Consent Request(s)." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on August 26, 2021 (86 FR 47661).

1. *The title of the information collection:* NRC Form 7, "Application for NRC Export/Import License Amendment, Renewal, or Consent Request(s)."

2. *OMB approval number:* 3150-0027.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* NRC Form 7.

5. *How often the collection is required or requested:* On occasion.

6. *Who will be required or asked to respond:* Persons or businesses seeking an authorization to export or import nuclear equipment and material listed in Part 110 of title of the *Code of Federal Regulations*.

7. *The estimated number of annual responses:* 64.

8. *The estimated number of annual respondents:* 64.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 153.6.

10. *Abstract:* Persons in the U.S. wishing to export or import nuclear material or equipment, or byproduct material requiring a specific authorization, amend or renew a license, or wishing to request consent to export Category 1 quantities of byproduct material must file an NRC Form 7 application. The NRC Form 7 application will be reviewed by the NRC and by the Executive Branch, and if applicable statutory, regulatory, and policy considerations are satisfied, the NRC will issue an export, import, amendment or renewal license or notice of consent.

Dated: December 7, 2021.

For the Nuclear Regulatory Commission.
David C. Cullison,
NRC Clearance Officer, Office of the Chief Information Officer.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2021-0001]

Sunshine Act Meetings

TIME AND DATE: Weeks of December 13, 20, 27, 2021, January 3, 10, 17, 2022.

PLACE: Nuclear Regulatory Commission, 11555 Rockville Pike, Rockville, Maryland.

STATUS: Closed.

MATTERS TO BE CONSIDERED:

Week of December 13, 2021

Tuesday, December 14, 2021

10 a.m. Briefing on Security Issues
(Closed Ex. 1)

Week of December 20, 2021—Tentative

There are no meetings scheduled for the week of December 20, 2021.

Week of December 27, 2021—Tentative

There are no meetings scheduled for the week of December 27, 2021.

Week of January 3, 2022—Tentative

There are no meetings scheduled for the week of January 3, 2022.

Week of January 10, 2022—Tentative

There are no meetings scheduled for the week of January 10, 2022.

Week of January 17, 2022—Tentative

There are no meetings scheduled for the week of January 17, 2022.

CONTACT PERSON FOR MORE INFORMATION: For more information or to verify the status of meetings, contact Wesley Held at 301-287-3591 or via email at Wesley.Held@nrc.gov. The schedule for Commission meetings is subject to change on short notice.

The NRC Commission Meeting Schedule can be found on the internet at: <https://www.nrc.gov/public-involve/public-meetings/schedule.html>.

The NRC provides reasonable accommodation to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in these public meetings or need this meeting notice or the transcript or other information from the public meetings in another format (e.g., Braille, large print), please notify Anne Silk, NRC Disability Program Specialist, at 301-287-0745, by videophone at

240-428-3217, or by email at Anne.Silk@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis.

Members of the public may request to receive this information electronically. If you would like to be added to the distribution, please contact the Nuclear Regulatory Commission, Office of the Secretary, Washington, DC 20555, at 301-415-1969, or by email at Tyesha.Bush@nrc.gov or Betty.Thweatt@nrc.gov.

The NRC is holding the meetings under the authority of the Government in the Sunshine Act, 5 U.S.C. 552b.

Dated: December 8, 2021.

For the Nuclear Regulatory Commission.

Wesley W. Held,

Policy Coordinator, Office of the Secretary.

BILLING CODE 7590-01-P

POSTAL REGULATORY COMMISSION

[Docket Nos. MC2022-29 and CP2022-32]

New Postal Product

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission's consideration concerning a negotiated service agreement. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* December 14, 2021.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Docketed Proceeding(s)

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the market dominant or

the competitive product list, or the modification of an existing product currently appearing on the market dominant or the competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern market dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3030, and 39 CFR part 3040, subpart B. For request(s) that the Postal Service states concern competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3040, subpart B. Comment deadline(s) for each request appear in section II.

II. Docketed Proceeding(s)

1. *Docket No(s)*: MC2022–29 and CP2022–32; *Filing Title*: USPS Request to Add Priority Mail Contract 732 to Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: December 6, 2021; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3040.130 through 3040.135, and 39 CFR 3035.105; *Public Representative*: Jennaca D. Upperman; *Comments Due*: December 14, 2021.

This Notice will be published in the **Federal Register**.

Erica A. Barker,
Secretary.

BILLING CODE 7710–FW–P

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Orbital Debris Research and Development Interagency Working Group Listening Sessions

AGENCY: Office of Science and Technology Policy (OSTP).

ACTION: Announcement of meeting.

SUMMARY: The White House Office of Science and Technology Policy (OSTP) is organizing a series of virtual listening sessions to hear about ideas, issues, and potential solutions related to the problem of orbital debris from members of the public who have an interest or stake in orbital debris research and development. Perspectives gathered during the virtual listening sessions will inform the National Science and Technology Council (NSTC) Orbital Debris Research and Development Interagency Working Group (ODRAD IWG) as it develops a government-wide orbital debris implementation plan, examining R&D activities as well as other considerations such as policy levers, international engagements, and other ideas outside of R&D solutions that may help build a cohesive implementation strategy. The implementation plan is a continuation of work done for the *National Orbital Debris Research and Development Plan (January 2021)*, which was a response to *Space Policy Directive—3 (June 2018)*, directing the United States to lead the management of traffic and mitigate the effects of debris in space.

DATES:

1. *Orbital Debris Remediation:*

Thursday, December 16, 2021, 1:00 p.m. to 3:00 p.m. ET

2. *Orbital Debris Mitigation:* Thursday, January 13, 2022, 1:00 p.m. to 3:00 p.m. ET

Registration deadline:

Orbital Debris Remediation:

Wednesday, December 15, 2021, 11:59 p.m. ET

Orbital Debris Mitigation: Wednesday, January 12, 2022, 11:59 p.m. ET

ADDRESSES: Register for a virtual listening session using the session-specific links below:

1. *Debris Remediation:* ZOOMLINK Registration [Will be included]
2. *Debris Mitigation:* ZOOMLINK Registration [Will be included]

FOR FURTHER INFORMATION CONTACT:

Ezinne Uzo-Okoro at OrbitalDebris@ostp.eop.gov or by calling 202–456–4444.

SUPPLEMENTARY INFORMATION: The Orbital Debris Interagency Working Group has commenced the development

of an implementation plan to be released in 2022. Pursuant to 42 U.S.C. 6622, OSTP is soliciting public input through these virtual listening sessions to obtain recommendations from a wide range of stakeholders, including representatives from diverse industries, academia, other relevant organizations and institutions, and the general public. The public input provided in response to these virtual listening sessions will inform OSTP and NSTC as they work with Federal agencies and other stakeholders to develop an Orbital Debris implementation plan. This implementation plan builds on the Orbital Debris R&D plan published in January 2021.

Each listening session will be organized around a particular theme and audience, described below:

1. *Session on Debris Remediation:* Thursday, December 16, 2021, 1:00 p.m. to 3:00 p.m. ET.

Debris remediation is the active or passive manipulation of debris objects to reduce or eliminate the risk they pose to operational space assets. This may include fully removing debris from orbit, moving debris from orbits that pose a high risk to operational spacecraft into lower-risk orbits, and finding ways to repurpose or recycle existing debris. Debris remediation activities could substantially reduce the risk of debris impact in key orbital regimes. R&D priorities include: Develop remediation and repurposing technologies and techniques for large-debris objects; Develop remediation technologies and techniques for small-debris objects; Develop models for risk and cost-benefit analyses. The target audience includes companies interested in developing debris remediation services as a line of business, any entity that has an interest in being a customer for debris remediation services, and researchers performing pre-competitive R&D that supports debris remediation capabilities.

Participants are encouraged to consider potential R&D, policy, regulatory, and international partnership actions when answering the following questions.

- What is the role of government, private sector, and academia?
- What can the Federal government do to incentivize the development of debris remediation capabilities in industry?
- What are the anticipated costs and development timelines for developing debris remediation services?

2. *Session on Debris Mitigation:* Thursday, January 13, 2022, 1:00 p.m. to 3:00 p.m. ET.
