Abstract of Proposed Collection

To obtain biographical information about children overseas who intend to seek access to the USRAP, as well as other eligible family members or caregivers, for verification by the U.S. government. This form also assists DHS's U.S. Citizenship and Immigration Services to verify parent-child relationships during refugee case adjudication. This form is necessary for implementation of this program.

Methodology

Working with a State Department contracted Resettlement Agencies (RA), qualifying individuals in the United States must complete the AOR and submit supporting documentation to: (a) Establish that they meet the requirements for being a qualifying individual who currently falls into one of the aforementioned categories; (b) provide a list of qualifying family members who may seek access to refugee resettlement in the United States. Once completed, the form is sent by the RA to the Refugee Processing Center (RPC) for case creation and processing. The information is used by the RPC for case management; by USCIS to determine that the qualifying individual falls into one of the aforementioned categories; and by the Resettlement Support Center (RSC) for case prescreening and further processing after DHS interview. The International Organization for Migration (IOM) administers the RSC in Latin America under a Memorandum of Understanding with the Department to

conduct case prescreening and assist in the processing of refugee applicants.
