### Service Delivery Plan

**AGENCY:** Social Security Administration (SSA).

**ACTION:** Notice; request for comments.

**SUPPLEMENTARY INFORMATION:** Social Security's programs affect nearly every American and contribute significantly to the Nation's economy. Today, the challenge of service delivery is greater than at any other point in our history. Over the past few years, requests for our core services have risen dramatically as the population grew and baby boomers aged, passing through their most disability-prone years before retiring. In addition, we also have experienced huge increases in our workloads due to the economic downturn. These unprecedented workloads, combined with budget constraints, have placed serious strains on our service delivery. This means that we must work smarter to maintain the productivity gains of the past several years.

We intend to rely on technology-driven innovation, coupled with

ongoing policy updates and streamlined business processes, to continue to transform our agency. We designed our SDP as part of our roadmap for continuing to provide excellent public service over the next decade, despite the challenges we expect to face.

When we initially developed the SDP, we sought suggestions from the public as to how we can continue to provide the best possible service. (77 FR 44306 (2012)). We have incorporated those suggestions into this version of the document. We invite you to review the document and send us any additional comments you have. Please see the information under **ADDRESSES** earlier in the document for methods to provide us your comments. We will not respond to your comments, but will consider them as we finalize our SDP.

Dated: March 5, 2013.

*Executive Secretary.*
