Monthly invoices, including grain and peanut loan forfeiture and loading order invoices and sugar loan forfeiture and storage invoices, are prepared as hard copy documents and are mailed to warehouse operators for certification. If the warehouse operator believes the amount owed by CCC in the invoice is incorrect, the warehouse operator may note the discrepancies on the invoice. Signed invoices must be returned to CCC before payment may be made.

The Prompt Payment Act of 1982 provides that when payment is not made within 30 calendar days following the receipt of certified invoice from the warehouse operator, interest will be paid, per the terms of the Prompt Payment Act, from the 31st calendar day following receipt of the invoice through the date payment is made. CCC will continue to make payments via Automated Clearing House (ACH) Electronic Fund Transfers (EFT).

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Bureau: International Trade Administration (ITA).

Title: Information for Self-Certification under FAQ 6 of the United States-European Union Safe Harbor Privacy Framework.

Agency Form Number: None.

OMB Number: 0625-0239.

Type of Request: Regular submission.

Burden Hours: 350.

Number of Respondents: 500.

Average Hours Per Response: 20-40 minutes.

Needs and Uses: In response to the European Union Directive on Data Protection that restricts transfers of personal information from Europe to countries whose privacy practices are not deemed "adequate," the U.S.

Department of Commerce has developed a "Safe Harbor" framework that will allow U.S. organizations to satisfy the European Directive's requirements and ensure that personal data flows to the United States are not interrupted. In this process, the Department of Commerce repeatedly consults with U.S. organizations affected by the European Directive and interested non-government organizations. The Safe Harbor framework bridges the differences between the European Union (EU) and U.S. approaches to privacy protection. The complete set of Safe Harbor documents and additional guidance materials may be found at <http://export.gov/safeharbor>.

The Department of Commerce created a list for U.S. organizations to sign up to the Safe Harbor and provides guidance on the mechanics of signing up to this list. As of January 31, 2007, 1,100 U.S. organizations have been placed on the Safe Harbor List, located at <http://export.gov/safeharbor>. Organizations that have signed up to this list are deemed "adequate" under the Directive and do not have to provide further documentation to European officials. This list will be used by EU organizations to determine whether further information and contracts will be needed for a U.S. organization to receive personally identifiable information. Personally identifiable information is defined as any that can be identified to a specific person, for example an employee's name and extension would be considered personally identifiable information. All 27 member countries are bound by the European Commission's finding of "adequacy." The Safe Harbor also eliminates the need for prior approval to begin data transfers, or makes approval from the appropriate EU member countries automatic.

Affected Public: Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligations: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by writing Diana Hynek, Departmental Paperwork, Clearance Officer, Department of Commerce, Room 6625, 14th & Constitution Avenue, NW., Washington, DC 20230 or via the Internet at dHynek@doc.gov.

Written comments and recommendations for the proposed information collection should be sent within 30 days of the publication of this notice to David Rostker, OMB Desk Officer at David_Rostker@omb.eop.gov

or fax (202) 395-7285 in the **Federal Register**.

Census Bureau

Survey of Income and Program Participation (SIPP) Wave 1 of the 2008 Panel

ACTION: Proposed information collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other federal agencies to take this opportunity to comment on proposed or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before August 27, 2007.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Forms Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at DHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Patrick J. Benton, Census Bureau, Room HQ-6H045, Washington, DC 20233-8400, (301) 763-4618.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the SIPP which is a household-based survey designed as a continuous series of national panels. New panels are introduced every few years with each panel usually having a duration of one to four years. Respondents are interviewed at 4-month intervals or "waves" over the life of the panel. The survey is molded around a central "core" of labor force and income questions that remain fixed throughout the life of the panel. The core is supplemented with questions designed to address specific needs, such as obtaining information on household

members participation in government programs as well as prior labor force patterns of household members. These supplemental questions are included with the core and are referred to as "topical modules."

The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single, unified database so that the interaction between tax, transfer, and other government and private policies can be examined. Government domestic-policy formulators depend heavily upon the SIPP information concerning the distribution of income received directly as money or indirectly as in-kind benefits and the effect of tax and transfer programs on this distribution. They also improved and expanded data on the income and general economic and financial situation of the U.S. population. The SIPP has provided this data on a continuing basis since 1983 permitting levels of economic well-being and changes in these levels to be measured over time.

Depending on the outcome of current Census budget negotiations, the 2008 panel is currently scheduled for 3 years and will include 9 waves of interviewing beginning February 2008. Approximately 32,650 to 65,300 households will be selected for the 2008 panel, of which, 22,500 to 45,000 households are expected to be interviewed. It is estimated that each household will contain 2.1 people, yielding 47,250 to 94,500 person-level interviews in Wave 1 and subsequent waves (totaling 47,250 to 94,500 burden hours). Two waves of interviewing will occur in the 2008 SIPP Panel during FY 2008.

The topical modules for the 2008 Panel Wave 1 collect information about:

- Reciprocity History.
- Employment History.

Wave 1 interviews will be conducted from February 2008 through May 2008.

A 10-minute reinterview of 1,550 to 3,100 people is conducted at each wave to ensure accuracy of responses. Reinterviews would require an additional 518 to 1,035 burden hours in FY 2008.

II. Method of Collection

The SIPP is designed as a continuing series of national panels of interviewed households that are introduced every few years with each panel having durations of 1 to 4 years. All household members 15 years old or over are interviewed using regular proxy-respondent rules. During the 2008 panel, respondents are interviewed a total of 9 times (9 waves) at 4-month

intervals making the SIPP a longitudinal survey. Sample people (all household members present at the time of the first interview) who move within the country and reasonably close to a SIPP primary sampling unit will be followed and interviewed at their new address. Individuals 15 years old or over who enter the household after Wave 1 will be interviewed; however, if these individuals move, they are not followed unless they happen to move along with a Wave 1 sample individual.
