

provided. For more about privacy and submissions to the Coast Guard in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020). For more about privacy and submissions to OIRA in response to this document, see the <https://www.reginfo.gov>, comment-submission web page. OIRA posts its decisions on ICRs online at <https://www.reginfo.gov/public/do/PRAMain> after the comment period for each ICR. An OMB Notice of Action on each ICR will become available via a hyperlink in the OMB Control Number: 1625-0070.

#### Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (87 FR 12469, March 4, 2022) required by 44 U.S.C. 3506(c)(2). That notice elicited no comments. Accordingly, no changes have been made to the Collection.

#### Information Collection Request

*Title:* Vessel Identification System.

*OMB Control Number:* 1625-0070.

*Summary:* The Coast Guard established a nationwide vessel identification system (VIS) and centralized certain vessel documentation functions. VIS provides participating States and Territories with access to data on vessels numbered by States and Territories. Participation in VIS is voluntary.

*Need:* 46 U.S.C. 12501 mandates the establishment of a VIS. 33 CFR part 187 prescribe the requirements of VIS.

*Forms:* None.

*Respondents:* Governments of States and Territories.

*Frequency:* Occasionally.

*Hour Burden Estimate:* The estimated burden remains 5,792 hours a year.

*Authority:* The Paperwork Reduction Act of 1995; 44 U.S.C. *et seq.*, chapter as amended.

Dated: May 24, 2022.

**Kathleen Claffie,**

*Chief, Office of Privacy Management, U.S. Coast Guard.*

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

[Docket ID FEMA-2022-0002; Internal Agency Docket No. FEMA-B-2223]

#### Proposed Flood Hazard Determinations

**AGENCY:** Federal Emergency Management Agency; Department of Homeland Security.

**ACTION:** Notice; correction.

**SUMMARY:** On March 15, 2022, FEMA published in the **Federal Register** a proposed flood hazard determination notice that contained an erroneous table. This notice provides corrections to that table to be used in lieu of the erroneous information. The table provided here represents the proposed flood hazard determinations and communities affected for Van Buren County, Michigan (All Jurisdictions) and Lucas County, Ohio, and Incorporated Areas.

**DATES:** Comments are to be submitted on or before September 6, 2022.

**ADDRESSES:** The Preliminary Flood Insurance Rate Map (FIRM), and where applicable, the Flood Insurance Study (FIS) report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2223 to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) [patrick.sacbibit@fema.dhs.gov](mailto:patrick.sacbibit@fema.dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) [patrick.sacbibit@fema.dhs.gov](mailto:patrick.sacbibit@fema.dhs.gov); or visit the FEMA Mapping and Insurance eXchange (FMIX) online at [https://www.floodmaps.fema.gov/fhm/fmx\\_main.html](https://www.floodmaps.fema.gov/fhm/fmx_main.html).

**SUPPLEMENTARY INFORMATION:** FEMA proposes to make flood hazard determinations for each community listed in the table below, in accordance with Section 110 of the Flood Disaster

Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP may only be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at [https://floodsrp.org/pdfs/srp\\_fact\\_sheet.pdf](https://floodsrp.org/pdfs/srp_fact_sheet.pdf).

The communities affected by the flood hazard determinations are provided in the table below. Any request for reconsideration of the revised flood hazard determinations shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations will also be considered before the FIRM and FIS report are made final.

#### Correction

In the proposed flood hazard determination notice published at 87 FR 14551 in the March 15, 2022, issue of the **Federal Register**, FEMA published tables titled "Van Buren County, Michigan (All Jurisdictions)" and "Lucas County, Ohio, and Incorporated Areas". The table titled "Van Buren County, Michigan (All Jurisdictions)" contained inaccurate information as to the community name and community map repository for Charter Township of South Haven, Michigan featured in the table. The table titled "Lucas County, Ohio and Incorporated Area" contained inaccurate information as to the communities affected by the proposed flood hazard determinations featured in

the table. In this document, FEMA is publishing a table containing the accurate information. The information provided below should be used in lieu of that previously published.

(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

**Michael M. Grimm,**  
Assistant Administrator for Risk  
Management, Department of Homeland  
Security, Federal Emergency Management  
Agency.

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

[Docket ID: FEMA-2022-0018; OMB No. 1660-0024]

#### Agency Information Collection Activities: Proposed Collection; Comment Request; Federal Assistance for Offsite Radiological Emergency Preparedness and Planning

**AGENCY:** Federal Emergency Management Agency, Department of Homeland Security.

**ACTION:** 60-Day notice of revision and request for comments.

**SUMMARY:** The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning all information collections related to FEMA Radiological Emergency Preparedness Program requirements.

**DATES:** Comments must be submitted on or before August 8, 2022.

**ADDRESSES:** To avoid duplicate submissions to the docket, please submit comments at [www.regulations.gov](http://www.regulations.gov) under Docket ID

FEMA-2022-0018. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of [www.regulations.gov](http://www.regulations.gov).

**FOR FURTHER INFORMATION CONTACT:** Renae Connell, Emergency Management Specialist, FEMA/NPD/THD, [renae.connell@fema.dhs.gov](mailto:renae.connell@fema.dhs.gov). You may contact the Information Management Division for copies of the proposed collection of information at email address: [FEMA-Information-Collections-Management@fema.dhs.gov](mailto:FEMA-Information-Collections-Management@fema.dhs.gov).

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency's (FEMA's) Radiological Emergency Preparedness (REP) Program coordinates the National effort to provide State, Tribal and local governments with relevant and executable planning, training, technical assistance, and exercise guidance and policies necessary to ensure that adequate capabilities exist to prepare for, respond to, and recover from incidents involving commercial nuclear power plants (NPPs). The REP Program assists State, Tribal and local governments in the development and conduct of off-site emergency planning

and preparedness activities within the emergency planning zones (EPZs) of Nuclear Regulatory Commission (NRC)-licensed commercial nuclear power facilities.

Sec. 109 of the NRC Authorization Act of 1980 (Pub. L. 96-295) directed the NRC to establish emergency preparedness as a criterion for licensing commercial NPPs. Specifically, section 109 of Public Law 96-295 directed the NRC to establish through rulemaking, (a) standards, developed with FEMA, for the evaluation of State and local government radiological emergency planning and preparedness; and (b) a requirement that the NRC will issue operating licenses. Before issuing a license, the NRC must determine that there is (i) a State or local emergency response plan compliant with the standards developed with FEMA or (ii) in the absence of such a plan, a State, local, or utility emergency response plan that provides reasonable assurance that public health and safety is not endangered by the NPP's operation. See Public Law 96-295, 109 (b)(1)(A)-(B)). The NRC revised its regulations in part 50 of title 10 of the CFR to incorporate additional emergency preparedness requirements, including 16 planning standards for onsite and offsite emergency plans as required by Public Law 96-295. FEMA mirrors these 16 planning standards in Part 350, specifically at 44 CFR 350.5.

In the communities surrounding commercial NPP, 44 CFR 350.5(b) directs FEMA's REP Program to review offsite radiological emergency plans and preparedness. In addition, 44 CFR 350.9 describes the exercise process and
