Written comments and suggestions from the public and affected agencies concerning the proposed collection of information. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of the information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information:

(1) *Type of Information Collection:* New data collection.

(2) *Title of the Form:* Voluntary Appeal File (VAF) Brochure.

(3) *Agency Form Number, if any, and the applicable component of the department sponsoring the collection:* Form Number: None. Sponsor: Criminal Justice Information Services (CJIS) Division of Federal Bureau of Investigation (FBI), Department of Justice (DOJ).

(4) *Affected Public who will be asked or be required to respond, as well as a brief abstract:* Primary: Any individual requesting entry into the Federal Bureau of Investigation (FBI) National Instant Criminal Background Check System (NICS) Voluntary Appeal File (VAF) brochure. Under the FBI NICS final rule, 28 CFR Part 25.9(b)(1), (2), (3), the FBI NICS Section must destroy all identifying information on allowed transactions before the start of the next FBI NICS operational day. If a potential purchaser is delayed or denied a firearm, then successfully appeals the decision, the FBI NICS Section would not be able to retain the record of the appeal. The purchaser would be denied continually if the record can not be updated, and would be required to appeal the decision and resubmit documentation/information to overturn the appeal on subsequent purchases. The proposed change in the regulation would permit lawful purchasers to request that the FBI NICS Section

maintain documentation/information on them in a VAF. The VAF will be maintained by the FBI NICS for the purpose of preventing the future lengthy delays or denials of a firearm transfer.

The application contained on the VAF brochure will be the means for an individual to request entry into the VAF. This form will be made available to the public through Federal Firearm Licensees (FFLs), state points of contact for firearm checks, and on the FBI NICS Web site at the internet.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The number of persons requesting entry into the VAF is estimated to be 12,500 individuals. It takes an average of five minutes to read and complete all areas of the application, an estimated two hours for the process of fingerprinting including travel, and 25 minutes to mail the form for a total of two and a half hours estimated burden to the respondent.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The time it takes each individual to complete the process is 2.5 hours. The total public burden hours is 31,250 total burden hours.

Agilent Technologies, Electronic Products and Solutions Group, Rohnert Park, California; Agilent Technologies, Electronic Products and Solutions Group, Andover, Massachusetts; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment

Assistance on May 5, 2003, applicable to workers of Agilent Technologies, Electronic Products and Solutions Group located in Rohnert Park, California. The notice was published in the **Federal Register** on May 19, 2003 (68 FR 27107).

At the request of petitioners, the Department reviewed the certification for workers of the subject firm. New information shows that worker separations have occurred involving employees of Agilent Technologies, Electronic Products and Solutions Group, Rohnert Park, California working in Andover, Massachusetts. These employees provide support services for the production of test and measurement equipment and subassemblies produced by the firm.

It is the Department's intent to cover all workers of the firm impacted by the shift in production from Agilent Technologies, Electronic Products and Solutions Group, Rohnert Park, California to Malaysia. Accordingly, the Department is amending the certification to extend coverage to employees of Agilent Technologies, Electronic Products and Solutions Group, Rohnert Park, California, working in Andover, Massachusetts.

The amended notice applicable to TA-W-51,247 is hereby issued as follows:

All workers of Agilent Technologies, Electronic Products and Solutions Group, Rohnert Park, California (TA-W-51,247), and Agilent Technologies, Electronic Products and Solutions Group, Andover, Massachusetts (TA-W-51,247B), who became totally or partially separated from employment on or after March 13, 2002, through May 5, 2005, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC, this 26th day of October, 2004.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.
