

Each RSTAC member is appointed for a term of three years. No member will be eligible to serve in excess of two consecutive terms. However, a member may serve after the expiration of his or her term until a successor has taken office.

Due to the resignation of a small railroad representative and a large railroad representative, the Board is seeking to fill these RSTAC positions. Nominations for candidates to fill the vacancies should be submitted in letter form, identifying the names of the candidates, providing a summary of why the candidates are qualified to serve on RSTAC, and containing representations that the candidates are willing to serve as RSTAC members effective immediately upon appointment. Candidates may nominate themselves. The Chair is committed to having a committee reflecting diverse communities and viewpoints and strongly encourages the nomination of candidates from diverse backgrounds. RSTAC candidate nominations should be filed with the Board by May 8, 2023. Members selected to serve on RSTAC are chosen at the discretion of the Board Chair. Please note that submissions will be posted on the Board's website under Docket No. EP 526 (Sub-No. 17) and can also be obtained by contacting the Office of Public Assistance, Governmental Affairs, and Compliance at *RCPA@stb.gov* or (202) 245-0238.

Authority: 49 U.S.C. 1325.

Decided: March 31, 2023.

By the Board, Mai T. Dinh, Director, Office of Proceedings.

Brendetta Jones,
Clearance Clerk.

BILLING CODE 4915-01-P

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36677]

Union Pacific Railroad Company— Temporary Trackage Rights Exemption—BNSF Railway Company

Union Pacific Railroad Company (UP), a Class I railroad, has filed a verified notice of exemption under 49 CFR 1180.2(d)(8) for the acquisition of temporary overhead trackage rights over an approximately 51.7-mile rail line of BNSF Railway Company (BNSF) between milepost 579.3 on BNSF's Creek Subdivision near Mill Creek, Okla., and milepost 631.0 on BNSF's Madill Subdivision near Joe Junction, Tex., pursuant to the terms of a written

temporary trackage rights agreement dated December 31, 2022 (Agreement).¹

UP states that the sole purpose of the temporary trackage rights is to allow UP to move loaded and empty unit ballast trains, which will be used solely for UP maintenance-of-way projects. UP states that the temporary trackage rights will expire on December 31, 2023.

The transaction may be consummated on or after April 20, 2023, the effective date of the exemption (30 days after the verified notice was filed).

As a condition to this exemption, any employees affected by the acquisition of the temporary trackage rights will be protected by the conditions imposed in *Norfolk & Western Railway—Trackage Rights—Burlington Northern, Inc.*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Railway—Lease & Operate—California Western Railroad*, 360 I.C.C. 653 (1980), and any employees affected by the discontinuance of those trackage rights will be protected by the conditions set out in *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than April 13, 2023 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36677, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on UP's representative, Whitney C. Larkin, Union Pacific Railroad Company, 1400 Douglas Street, MS 1580, Omaha, NE 68179.

According to UP, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at *www.stb.gov*.

Decided: March 30, 2023.

¹ A copy of the Agreement was attached as an exhibit to the verified notice.

By the Board, Scott M. Zimmerman, Acting Director, Office of Proceedings.

Stefan Rice,
Clearance Clerk.

BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Noise Compatibility Program for Lihue Airport, Lihue, Kauai, Hawaii

AGENCY: Federal Aviation Administration, Department of Transportation (DOT).

ACTION: Notice of acceptance of noise exposure maps.

SUMMARY: The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by the Hawaii Department of Transportation for Lihue Airport are in compliance with applicable statutory and regulatory requirements.

DATES: The effective date of the FAA's determination on the noise exposure maps is March 31, 2023.

FOR FURTHER INFORMATION CONTACT: Kevin Nishimura, Environmental Protection Specialist, 300 Ala Moana Boulevard, Honolulu, Hawaii 96850, Telephone: 808-312-6038.

SUPPLEMENTARY INFORMATION: In accordance with title 49, United States Code (U.S.C.) section 47503 of the Aviation Safety and Noise Abatement Act, an airport operator may submit to the FAA, noise exposure maps (NEMs) depicting non-compatible uses and other information as of the date the map was submitted. 49 U.S.C. 47503 also requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport. In accordance with 49 U.S.C. 47504, an airport operator that submits an NEM that the FAA determined complied with statutory and regulatory requirements, may submit for FAA approval, a noise compatibility program (NCP) identifying measures the airport operator has taken or proposes to take to reduce existing non-compatible land uses and prevents the introduction of additional non-compatible uses.

On February 10, 2023, Hawaii Department of Transportation submitted NEMs, descriptions and other supporting documentation for Lihue Airport for FAA's review and acceptance. An NEM must include a description of estimated aircraft

operations during a forecast period that is at least five years in the future and how those operations will affect the map and other information. The specific documentation determined to constitute the NEMs includes Exhibit NEM-1, "2019 Existing Condition Noise Exposure Map" and Exhibit NEM-2 and "2027 Forecast Noise Exposure Map", which addressed the current and forecast NEM graphics requirements and all other narrative, graphic or tabular representations of the data required by appendix A in 14 CFR part 150 and 49 U.S.C. 47503 and 47506.

The FAA completed its review of the NEMs and supporting documentation and determined the NEMs comply with the applicable statutory and regulatory requirements. This determination is effective on March 31, 2023. FAA's determinations for this NEM submitted by Hawaii Department of Transportation is limited to a finding that the maps were developed in accordance with 49 U.S.C. 47503 and the procedures in appendix A of 14 CFR part 150. FAA's determination does not constitute approval of the Hawaii Department of Transportation data, information or plans, or constitute a commitment to approve a noise compatibility program or to fund the implementation of that program. If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on an NEM it should be noted the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the NEMs to resolve questions concerning, for example, which properties should be covered by the provisions of 49 U.S.C. 47506. These functions are inseparable from the land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under 14 CFR part 150 or through FAA's review of NEMs. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the Hawaii Department of Transportation data that submitted the NEMs or with those public agencies and planning agencies with which consultation is required. The FAA relied on the certification by the Hawaii Department of Transportation this required consultation has been accomplished per 14 CFR 150.21 and 49 U.S.C. 47503.

Copies of the full noise exposure map documentation and of the FAA's evaluation of the maps are available for examination at the following locations:

Federal Aviation Administration, Honolulu Airports District Office, 300 Ala Moana Boulevard, Room 7-128, Honolulu, Hawaii, 96850.

The Hawaii Department of Transportation has also made a hard copy of the document available for review at:

Mr. Herman Tuiolosega, Planner, Hawaii Department of Transportation—Airports Engineering Branch, 400 Rodgers Boulevard, 7th Floor, Honolulu, Hawaii 96819
Mr. Craig Davis, Airport Manager, Lihue Airport, 3901 Mokulele Loop, Lihue, Hawaii 96766

Questions may be directed to the individual named above under the heading **FOR FURTHER INFORMATION CONTACT**.

Issued in El Segundo, California, on March 31, 2023.

Mark A. McClardy,

Director, Airports Division, Western-Pacific Region, AWP-600.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Advanced Aviation Advisory Committee (AAAC); Notice of Public Meeting

AGENCY: Federal Aviation Administration, Department of Transportation.

ACTION: Notice of Advanced Aviation Advisory Committee (AAAC) meeting.

SUMMARY: This notice announces a meeting of the AAAC.

DATES: The meeting will be held on April 26, 2023, between the hours of 1:30 p.m. and 5:00 p.m. Eastern Time.

Requests for accommodations for a disability must be received by April 19, 2023. Requests to submit written materials to be reviewed during the meeting must be received no later than April 19, 2023.

ADDRESSES: The meeting will be held at the FAA Headquarters, 800 Independence Avenue SW, Washington DC 20591. In-person attendance is limited to Advanced Aviation Advisory Committee members and selected FAA support staff. Members of the public who wish to observe the meeting through virtual means can access the livestream on the following FAA social media platforms on the day of the event, <https://www.facebook.com/FAA> or <https://www.youtube.com/FAAnews>. For copies of meeting minutes along

with all other information please visit the AAAC internet website at https://www.faa.gov/uas/programs_partnerships/advanced_aviation_advisory_committee/.

FOR FURTHER INFORMATION CONTACT: Gary Kolb, Advanced Aviation Advisory Committee Manager, Federal Aviation Administration, U.S. Department of Transportation, at gary.kolb@faa.gov or 202-267-4441. Any committee related request or reasonable accommodation request should be sent to the person listed in this section.

SUPPLEMENTAL INFORMATION:

I. Background

The AAAC was created under the Federal Advisory Committee Act (FACA), in accordance with title 5 of the United States Code (5 U.S.C. app. 2) to provide the FAA with advice on key drone and advanced air mobility (AAM) integration issues by helping to identify challenges and prioritize improvements.

II. Agenda

At the meeting, the agenda will cover the following topics:

- Official Statement of the Designated Federal Officer
- Approval of the Agenda and Minutes
- Opening Remarks
- FAA Update
- Industry-Led Technical Topics
- New Business/Agenda Topics
- Closing Remarks
- Adjourn

Additional details will be posted on the AAAC internet website address listed in the **ADDRESSES** section at least 5 days in advance of the meeting.

III. Public Participation

The meeting will be open to the public via a livestream. Members of the public who wish to observe the virtual meeting can access the livestream on the following FAA social media platforms on the day of the event, <https://www.facebook.com/FAA> or <https://www.youtube.com/FAAnews>. The U.S. Department of Transportation is committed to providing equal access to this meeting for all participants. If you need alternative formats or services because of a disability, such as sign language, interpretation, or other ancillary aids, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

The FAA is not accepting oral presentations at this meeting due to time constraints. Written statements submitted by the deadline will be provided to the AAAC members before the meeting. Any member of the public may submit a written statement to the committee at any time.
