On December 6, 2021, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of emulsion styrene-butadiene rubber (ESBR) from the Czech Republic and Russia.¹ Currently, the preliminary determinations are due no later than April 25, 2022.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request.

Commerce will grant the request unless it finds compelling reasons to deny the request.

On March 17, 2022, the petitioner² submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations.³ The petitioner stated that it requests postponement because “{Commerce} has not yet received full and completed responses to the questionnaire it issued to respondents,” and the “{p}etitioner has identified deficiencies in the responses provided that must be remedied prior to {Commerce’s} issuance of its preliminary determination.”⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than June 14, 2022. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

SUPPLEMENTARY INFORMATION:**Background**

On November 30, 2021, Commerce published the *Preliminary Results* of the administrative review of the antidumping duty (AD) order on monosodium glutamate (MSG) from the Republic of Indonesia (Indonesia).¹ For a history of events that have occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.²

Scope of the Order

The merchandise covered by the antidumping duty order is MSG, whether or not blended or in solution with other products. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

Commerce addressed all issues raised in the case and rebuttal briefs in the Issues and Decision Memorandum. These issues are identified in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. Changes Since the Preliminary Results

Based on our analysis of the comments received, we have made certain changes to the margin calculation for CJ Indonesia and Miwon since the *Preliminary Results*. For CJ Indonesia, we have revised the margin program to deduct home market selling expenses. For Miwon, we have revised the margin program to use the proper customer code and deactivated the level of trade adjustment language in the home market and margin programs.

Final Results of Review

As a result of this administrative review, we determine the following weighted-average dumping margins for the period November 1, 2019, through October 31, 2020:

Producer/exporter	Weighted-average dumping margin (percent)
PT. Cheil Jedang Indonesia	* 0.00
PT. Miwon Indonesia	1.60

*(*De minimis*.)

Disclosure

Commerce intends to disclose the calculations performed for CJ Indonesia and Miwon in these final results to interested parties within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this administrative review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent reported reliable entered values, Commerce calculated importer- (or customer-) specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each

importer (or customer).³ Where Commerce calculated a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to a specific importer or customer by the total sales quantity associated with those transactions, Commerce will direct CBP to assess importer- (or customer-) specific assessment rates based on the resulting per-unit rates.⁴ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is greater than *de minimis* (*i.e.*, 0.50 percent), Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.⁵ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁶

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise that entered the United States during the POR that were produced by CJ Indonesia or Miwon for which the respondent did not know that its merchandise was destined to the United States, Commerce will instruct CBP to liquidate unreviewed entries at the all-others rate of 6.19 percent,⁷ if there is no rate for the intermediate company(ies) involved in the transaction.⁸

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of the final results of this administrative review for all shipments of MSG from Indonesia entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act: (1) For the companies covered by this review, the cash deposit rate will be the rates listed above in the section "Final Results of Review"; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in a completed segment for the most recent period of review; (3) if the exporter is

not a firm covered in this review or in the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 6.19 percent, the all-others rate established in the investigation.⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

Commerce is issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: March 25, 2022.

SUPPLEMENTARY INFORMATION:

I. Abstract

Pursuant to the Inventors' Rights Act of 1999, 35 U.S.C. 297, and implementing regulations at 37 CFR part 4, the United States Patent and Trademark Office (USPTO) is required to provide a forum for the publication of complaints concerning invention promoters and responses from the invention promoters. Upon receipt of a complaint, the USPTO will forward it to the inventor promoter for a response. The USPTO does not investigate these complaints or participate in any legal proceedings against invention promoters or promotion firms. Under the Act, USPTO is responsible for making complaints and responses available to the public on the USPTO's website.

A complaint submitted to the USPTO must be clearly marked, or otherwise identified, as a complaint. The complaint must include: (1) The name and address of the complaint; (2) the name and address of the invention promoter; (3) the name of the customer; (4) the invention promotion services offered or performed by the invention promoter; (5) the name of the mass media in which the invention promoter advertised providing such services; (6) and example of the relationship between the customer and the invention promoter; and (7) a signature of the complainant. Identifying information is necessary so that the USPTO can both forward the complaint to the invention promoter or promotion firm as well as notify the complainant that the complaint has been forwarded.
