BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Reimbursement for Costs of Remedial Action at Active Uranium and Thorium Processing Sites

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of the acceptance of Title X claims for reimbursement in fiscal year (FY) 2008.

SUMMARY: This Notice announces the Department of Energy (DOE) acceptance of claims in FY 2007 from eligible active uranium and thorium processing sites for reimbursement under Title X of the Energy Policy Act of 1992. For FY 2007, DOE requested Congress to appropriate \$20 million for reimbursement of certain costs of remedial action at these sites. As of the date of this notice, a final appropriation has not been received for FY 2007. Therefore, the total amount of funds for reimbursing Title X claims in

FY 2007 is not known. The approved amount of claims submitted during FY 2006 and unpaid approved balances for claims submitted in prior years will be paid by April 30, 2007, subject to the availability of funds. If the available funds are less than the total approved claims, these payments will be prorated, if necessary, based on the amount of available FY 2007 appropriations, unpaid approved claim balances (approximately \$2.8 million), and claims received in May 2006 (approximately \$25 million).

DATES: The closing date for the submission of claims in FY 2007 is May 1, 2007. These new claims will be processed for payment by April 30, 2008, together with unpaid approved claim balances from prior years, based on the availability of funds from congressional appropriations.

ADDRESSES: Claims should be forwarded by certified or registered mail, return receipt requested, to Mr. David Alan Hicks, Title X Program Manager, U.S. Department of Energy/EMCBC, @ Denver Federal Center, P.O. Box 25547, Denver, Colorado 80225-0547. Three copies of the claim should be included with each submission.

FOR FURTHER INFORMATION CONTACT:

Contact David Mathes at (301) 903-7222 of the U.S. Department of Energy, Office of Environmental Management, Office of Disposal Operations.

SUPPLEMENTARY INFORMATION: DOE published a final rule under 10 CFR Part 765 in the **Federal Register** on May 23, 1994, (59 FR 26714) to carry out the requirements of Title X of the Energy Policy Act of 1992 (sections 1001-1004 of Pub. L. 102-486, 42 U.S.C. 2296a *et seq.*) and to establish the procedures for eligible licensees to submit claims for reimbursement. DOE amended the final rule on June 3, 2003, (68 FR 32955) to adopt several technical and administrative amendments (e.g., statutory increases in the reimbursement ceilings). Title X requires DOE to reimburse eligible uranium and thorium licensees for certain costs of decontamination, decommissioning, reclamation, and other remedial action incurred by licensees at active uranium and thorium processing sites to remediate byproduct material generated as an incident of sales to the United States Government. To be reimbursable, costs of remedial action must be for work which is necessary to comply with applicable requirements of the Uranium Mill Tailings Radiation Control Act of 1978 (42 U.S.C. 7901 *et seq.*) or, where appropriate, with requirements established by a State pursuant to a

discontinuance agreement under section 274 of the Atomic Energy Act of 1954 (42 U.S.C. 2021). Claims for reimbursement must be supported by reasonable documentation as determined by DOE in accordance with 10 CFR Part 765. Funds for reimbursement will be provided from the Uranium Enrichment Decontamination and Decommissioning Fund established at the United States Department of Treasury pursuant to section 1801 of the Atomic Energy Act of 1954 (42 U.S.C. 2297g). Payment or obligation of funds shall be subject to the requirements of the Anti-Deficiency Act (31 U.S.C. 1341).

Authority: Section 1001-1004 of Public Law 102-486, 106 Stat. 2776 (42 U.S.C. 2296a *et seq.*).

Issued in Washington DC on this 11th day of January, 2007.

David E. Mathes,

Office of Disposal Operations, Office of Regulatory Compliance.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[OE Docket No. EA-319]

Application To Export Electric Energy; Fortis Energy Marketing & Trading GP

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: Fortis Energy Marketing & Trading GP (FEMT) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or requests to intervene must be submitted on or before February 20, 2007.

ADDRESSES: Comments, protests, or requests to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (Fax 202-586-5860).

FOR FURTHER INFORMATION CONTACT:

Ellen Russell (Program Office) 202-586-9624 or Michael Skinker (Program Attorney) 202-586-2793.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On October 24, 2006, the Department of Energy received an application from FEMT for authority to transmit electric energy from the United States to Canada as a power marketer. FEMT is a Delaware limited partnership with its principal place of business in Houston, TX. FEMT has requested an electricity export authorization with a 5-year term. FEMT does not own or control any generation, transmission, or distribution assets, nor does it have a franchised service area. The electric energy which FEMT proposes to export to Canada would be surplus energy purchased from electric utilities, Federal power marketing agencies, and other entities within the U.S.

FEMT will arrange for the delivery of exports to Canada over the international transmission facilities owned by Basin Electric Power Cooperative, Bonneville Power Administration, Eastern Maine Electric Cooperative, International Transmission Co., Joint Owners of the Highgate Project, Long Sault, Inc., Maine Electric Power Company, Maine Public Service Company, Minnesota Power, Inc., Minnkota Power Cooperative, Inc., New York Power Authority, Niagara Mohawk Power Corp., Northern States Power Company, Vermont Electric Power Company, and Vermont Electric Transmission Co.

The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by FEMT has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

At the conclusion of this proceeding, should DOE issue an order in OE Docket No. EA-319, FEMT has requested that the authorization issued to CMT in Order No. EA-319, be rescinded.

Procedural Matters

Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Federal Energy Regulatory Commission's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE on or before the dates listed above.

Comments on the FEMT application to export electric energy to Canada should be clearly marked with Docket No. EA-319. Additional copies are to be filed directly with JannaLyn Allen, Counsel, Fortis Energy Marketing & Trading GP, 1100 Louisiana Street, Suite 4900, Houston, TX 77002.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above and at <http://www.oe.energy.gov/304.htm>.

Issued in Washington, DC, on January 11, 2007.

Anthony J. Como,

Director, Permitting and Siting, Office of Electricity Delivery and Energy Reliability.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[OE Docket No. EA-320]

Application To Export Electric Energy; S.A.C. Energy Investments, L.P.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: S.A.C. Energy Investments, L.P. (SEI) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or requests to intervene must be submitted on or before February 20, 2007.

ADDRESSES: Comments, protests, or requests to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-586-5860).

FOR FURTHER INFORMATION CONTACT: Ellen Russell (Program Office) 202-586-9624 or Michael Skinker (Program Attorney) 202-586-2793.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On November 13, 2006, the Department of Energy received an application from SEI for authority to transmit electric energy from the United States to Canada as a power marketer. SEI is a Delaware limited partnership with its principal place of business in Stamford, Connecticut. SEI has

requested an electricity export authorization with a 5-year term. SEI does not own or control any generation, transmission, or distribution assets, nor does it have a franchised service area. The electric energy which SEI proposes to export to Canada would be surplus energy purchased from electric utilities, Federal power marketing agencies, and other entities within the U.S.

SEI will arrange for the delivery of exports to Canada over the international transmission facilities owned by Basin Electric Power Cooperative, Bonneville Power Administration, Eastern Maine Electric Cooperative, International Transmission Co., Joint Owners of the Highgate Project, Long Sault, Inc., Maine Electric Power Company, Maine Public Service Company, Minnesota Power, Inc., Minnkota Power Cooperative, Inc., New York Power Authority, Niagara Mohawk Power Corp., Northern States Power Company, Vermont Electric Power Company, and Vermont Electric Transmission Co.

The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by SEI has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

Procedural Matters

Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Federal Energy Regulatory Commission's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE on or before the dates listed above.

Comments on the SEI application to export electric energy to Canada should be clearly marked with Docket No. EA-320. Additional copies are to be filed directly with Peter Nussbaum, Authorized Person, S.A.C. Energy Investments, L.P., 72 Cummings Point Road, Stamford, CT AND David J. Levine, Robin J. Bowen and Catherine M. Krupka, McDermott Will & Emery LLP, 600 13th Street, NW., Washington, DC 20005-3096.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.
