## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-570-918]

#### Steel Wire Garment Hangers From the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** September 15, 2008.

**FOR FURTHER INFORMATION CONTACT:** Julia Hancock, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1394.

*Amendment to the Final Determination:*

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended, ("the Act"), on August 14, 2008, the Department of Commerce ("Department") published the final determination of sales at less than fair value ("LTFV") in the antidumping investigation of steel wire garment hangers from the People's Republic of China ("PRC"). See *Steel Wire Garment Hangers from the People's Republic of China: Final Determination of Sales at*

*Less Than Fair Value*, 73 FR 47587 (August 14, 2008) (“*Final Determination*”).

On August 13, 2008, Petitioner<sup>1</sup> and the Greenberg Traurig Respondents<sup>2</sup> filed timely allegations that the Department made various ministerial errors in the *Final Determination* and requested, pursuant to 19 CFR 351.224, that the Department correct the alleged ministerial errors in the calculation of the margins for respondents. Additionally, on August 18, 2008, Shanghai Wells Hanger Co., Ltd. (“Shanghai Wells”) filed rebuttal comments with respect to the ministerial error allegations. No other parties in this proceeding submitted comments on the Department’s final margin calculations.

A ministerial error is defined as an error “in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the {Department} considers ministerial.” See section 735(e) of the Act; see also 19 CFR 351.224(f).

After analyzing all interested party comments and rebuttals, we have determined, in accordance with section 735(e) of the Act and 19 CFR 351.224(e), that we made a ministerial error in our calculations for the final determination with respect to two mandatory respondents, Shanghai Wells and Shaoxing Metal Companies.<sup>3</sup> For a detailed discussion of this ministerial

error, as well as the Department’s analysis of this error and other allegations raised, see Memorandum to James C. Doyle, Director, Office 9, through Catherine Bertrand, Program Manager, from Julia Hancock, Senior Case Analyst: Antidumping Duty Investigation of Steel Wire Garment Hangers from the People’s Republic of China: Analysis of Ministerial Error Allegations, (September X, 2008) (“Ministerial Error Memo”).

Additionally, in the *Final Determination*, we determined that several companies qualified for a separate rate. See *Final Determination*, 73 FR 47590–47591. The separate rate was the simple average of the margins for Shanghai Wells and the Shaoxing Metal Companies, the mandatory respondents that received a calculated margin. Because the rates of Shanghai Wells and the Shaoxing Metal Companies have changed since the *Final Determination*, we have recalculated the separate rate. The separate rate is now 55.31 percent. See Memorandum to the File from Irene Gorelik, Analyst; Investigation of Steel Wire Garment Hangers from the People’s Republic of China: Final Simple-Averaged Margin for Separate Rate Companies, dated concurrent with this **Federal Register** notice.

Moreover, as a result of the Department’s correction of this ministerial error, we note that the PRC-Wide entity rate must also be revised. In

the *Final Determination*, the Department stated that “as the single PRC-Wide rate, we have taken the simple average of: A) the weighted-average<sup>4</sup> of the calculated rates for the Shaoxing Metal Companies and Shanghai Wells, and B) a simple average of petition rates based on U.S. prices and normal values within the range of the U.S. prices and normal values calculated for the Shaoxing Metal Companies and Shanghai Wells.” See *Final Determination*, 73 FR at 47591. We have continued using this methodology but due to the correction of the ministerial error, the resulting single rate applicable to the PRC-Wide entity is 187.25 percent. This rate applies to all entries of the merchandise under investigation with the exception of those entries from Shanghai Wells, the Shaoxing Metal Companies, and the separate-rate recipients. See Memorandum to the File from Irene Gorelik, Senior Analyst; Investigation of Steel Wire Garment Hangers from the People’s Republic of China: Corroboration Memorandum for the Amended *Final Determination*, dated concurrent with this **Federal Register** notice.

Therefore, in accordance with section 735(e) of the Act, we are amending the final determination of sales at LTFV in the antidumping duty investigation of steel wire garment hangers from the PRC. After correcting this ministerial error, the revised final weighted-average dumping margins are as follows:

**Stainless Steel Plate in Coils From Belgium: Extension of Time Limit for Final Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, U.S. Department of Commerce.

**DATES:** *Effective Date:* September 15, 2008.

**FOR FURTHER INFORMATION CONTACT:** Cindy Robinson or George McMahon, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482–3797 or (202) 482–1167, respectively.

**Background**

On June 6, 2008, the U.S. Department of Commerce (Department) published in the **Federal Register** the preliminary results of the administrative review of

the antidumping duty order on stainless steel plate in coils from Belgium. *See Stainless Steel Plate in Coils from Belgium: Preliminary Results of Antidumping Duty Administrative Review*, 73 FR 32298 (June 6, 2008) (*Preliminary Results*). The current deadline for the final results of this review is October 4, 2008.

**Extension of Time Limit for Final Results of Review**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results in an administrative review within 120 days after the date on which the preliminary results were published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to up to 180 days from the date of publication of the preliminary results. *See also* 19 CFR 351.213(h)(2).

The Department finds that it is not practicable to complete the review within the original time frame due to the further analysis required in this case. As referenced in the *Preliminary Results*, the Department recently requested public comment regarding the impact of cost changes on the cost averaging period.<sup>1</sup> In response to this request, the Department received a number of comments from parties regarding the use of shorter cost averaging periods. The Department will need additional time to analyze the complex issues raised in these comments. Furthermore, the Department needs additional time to analyze respondent, Ugine and ALZ Belgium’s cost of production supplemental questionnaire response, which was received after the Department’s issuance of the *Preliminary Results*. Consequently, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department is extending the time limit for the completion of the final results of the review by an additional 60 days. Therefore, the final results of review are

now due no later than December 3, 2008.

This extension notice is issued and published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: September 9, 2008.
