

Collection Request Title: Recovery Act Reviewer Web site; (3) *Type of Review:* New; (4) *Purpose:* This website site uses approximately 30 information fields to ask for the biographical information, educational background, and area of specialty of potential reviewers of financial assistance proposals under the American Recovery and Reinvestment Act of 2009. DOE will then use the information to select reviewers; (5) *Annual Estimated Number of Respondents:* 2000; (6) *Annual Estimated Number of Total Responses:* 2000; (7) *Annual Estimated Number of Burden Hours:* 300; (8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* 0.

Statutory Authority: Department of Energy Organization Act, Public Law 95–91, Section 5315, title 5, August 4, 1977, which vests the Secretary of Energy with the executive direction and management functions, authority, and responsibilities for the Department.

Issued in Washington, DC on November 20, 2009.

Ingrid Kolb,

Director, Office of Management, Office of Management—MA-1.1.

DEPARTMENT OF ENERGY

National Coal Council

AGENCY: Department of Energy, Office of Fossil Energy.

ACTION: Notice of Charter Re-establishment.

SUMMARY: Pursuant to section 14(a)(2)(A) of the Federal Advisory Committee Act (Pub. L. No. 92–463) and in accordance with Title 41 of the Code of Federal Regulations, section 102–3.65, and following consultation with the Committee Management Secretariat of the General Services Administration, notice is hereby given that the National Coal Council has been re-established for a two-year period ending November 6, 2011. The Council will continue to provide advice, information, and recommendations to the Secretary of Energy on a continuing basis regarding general policy matters relating to coal issues.

SUPPLEMENTARY INFORMATION: Council members are chosen to assure a well-balanced representation from all sections of the country, all segments of the coal industry, including large and small companies, and commercial and residential consumers. The Council also has diverse members who represent interests outside the coal industry,

including the environment, labor, research, and academia. Membership and representation of all interests will continue to be determined in accordance with the requirements of the Federal Advisory Committee Act, and implementing regulations.

The renewal of the Council has been deemed essential to the conduct of the Department's business and in the public interest in conjunction with the performance of duties imposed upon the Department of Energy by law. The Council will continue to operate in accordance with the provisions of the Federal Advisory Committee Act and implementing regulations.

FOR FURTHER INFORMATION CONTACT: Rachel Samuel at 202/586–3279.

Issued at Washington, DC on November 20, 2009.

Carol A. Matthews,

Acting Committee Management Officer.

DEPARTMENT OF ENERGY

Notice of Intent To Prepare an Environmental Impact Statement for a Proposed Federal Loan Guarantee to Support the Construction and Startup of the Medicine Bow Fuel & Power Coal-to-Liquid Facility in Carbon County, WY

AGENCY: Department of Energy.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement and Conduct a Public Scoping Meeting, and Notice of Proposed Floodplain and Wetlands Involvement.

SUMMARY: The U.S. Department of Energy (DOE) announces its intent to prepare an environmental impact statement (EIS) pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality (CEQ) NEPA regulations (40 CFR parts 1500–1508), and the DOE NEPA implementing procedures (10 CFR part 1021) to assess the potential environmental impacts for its proposed action of issuing a Federal loan guarantee to Medicine Bow Fuel & Power LLC (MBFP) (DOE/EIS–0432). MBFP, a wholly-owned subsidiary of DKRW Advanced Fuels LLC, submitted an application to DOE under the Federal loan guarantee program pursuant to the Energy Policy Act of 2005 (EPA 2005) to support the construction and startup of the MBFP coal-to-liquids (CTL) facility, a coal mine and associated coal handling facilities in Carbon County, Wyoming (the Facility).

MBFP proposes to develop the Facility in eastern Carbon County north of I–80 between Rawlins and Laramie, Wyoming. The CTL facility and coal-handling facility would be located near the mouth of the Saddleback Hills Mine, located approximately 6 miles northeast of the Town of Elk Mountain and approximately 13 miles southwest of the Town of Medicine Bow. The CTL facility would use an advanced industrial gasification and liquefaction (IGL) process to convert coal into approximately 21,000 barrels per day (bpd) of low-sulfur, low-benzene regular gasoline. The Facility would capture at least 50 percent of the CO₂ and over 99 percent of the sulfur compounds that would be otherwise be emitted. The CO₂ stream would be compressed and delivered at the fenceline to another party for pipeline transportation to enhanced oil recovery operations and geologic storage at a location to be determined by the offtaker.

The EIS will evaluate the potential impacts of the issuance of a DOE Loan Guarantee for MBFP's proposed project and reasonable alternatives.

The purpose of this Notice of Intent is to inform the public about DOE's proposed action, invite public participation in the EIS process, announce plans for a public scoping meeting, solicit public comments for consideration in establishing the scope and content of the EIS, and provide notice of proposed floodplain and wetlands involvement. DOE invites those agencies with jurisdiction by law or special expertise to be cooperating agencies. The Bureau of Land Management has expressed interest in becoming a cooperating agency for this EIS.

DATES: To ensure that all of the potential environmental issues related to this proposal are addressed, DOE invites comments on the proposed scope and content of the EIS from all interested parties. Comments must be postmarked or e-mailed by December 28, 2009 to ensure consideration. Late comments will be considered to the extent practicable. In addition to receiving written comments (see **ADDRESSES** below), DOE will conduct a public scoping meeting in the vicinity of the proposed project at which government agencies, private-sector organizations, and the general public are invited to provide comments or suggestions with regard to the alternatives and potential impacts to be considered in the EIS. Further details about the public scoping meeting will be announced through local news media and on the DOE Loan Guarantee Program Office Web site
