

Filed Date: 02/20/2007.

Accession Number: 20070220-5019.

Comment Date: 5 p.m. Eastern Time on Tuesday, March 13, 2007.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Magalie R. Salas,
Secretary.

Norway-Oakdale Project; Northern Indiana Public Service Company; Notice of Availability of Final Environmental Assessment

February 16, 2007.

In accordance with the National Environmental Policy Act (NEPA) of 1969, as amended, and Federal Energy Regulatory Commission (Commission) regulations (18 CFR part 380), Commission staff has reviewed the application for license for the Norway-Oakdale Project and have prepared a final environmental assessment (FEA) for the project. The project is located on the Tippecanoe River in Carroll and White counties, Indiana.

In this FEA, Commission staff analyzes the probable environmental effects of implementing the project and conclude that approval of the project, with appropriate staff-recommended environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the FEA are available for review in Public Reference Room 2-A of the Commission's offices at 888 First Street, NE., Washington, DC. The FEA also may be viewed on the Commission's Internet Web site (<http://www.ferc.gov>) using the "eLibrary" link. Additional information about the project is available from the Commission's Office of External Affairs at (202) 502-6088, or on the Commission's website using the "eLibrary" link. For assistance with eLibrary, contact FERCOnlineSupport@ferc.gov; call toll-free at (866) 208-3676; or, for TTY, contact (202) 502-8659.

For further information, please contact Sergiu Serban (202) 502-6211 or at sergiu.serban@ferc.gov.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PF07-3-000]

Floridian Natural Gas Storage Company, LLC; Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Floridian Natural Gas Storage Project; Request for Comments on Environmental Issues and Notice of a Public Meeting

February 15, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) is in the process of evaluating the Floridian Natural Gas Storage Project planned by Floridian Natural Gas Storage Company, LLC (FGS). The project would consist of a natural gas storage facility located in Martin County, Florida, north of Indiantown, Florida, and two approximately 4-mile-long natural gas pipelines, extending northwest from the facility to interconnect with the existing interstate pipeline systems of Florida Gas Transmission (FGT) and Gulfstream Natural Gas System, L.L.C. (Gulfstream).

As a part of this evaluation, FERC staff will prepare an environmental impact statement (EIS) that will address the environmental impacts of the project. Comments on the project may be submitted in written form or verbally. Further details on how to submit written comments are provided in the Public Participation section of this NOI. In lieu of sending written comments, we invite you to attend the following public scoping meeting and site visit scheduled as follows: Wednesday, March 7, 2007, 7 p.m., Indiantown Civic Center, 15675 SW Osceola Street, Indiantown FL 34956, (772) 597-2886.

FERC will be conducting a site visit of the proposed project on March 7, 2007, beginning at the Indiantown Civic Center parking lot at 4 p.m. and returning to the lot before 6 p.m. Please note that the applicant will provide a small bus or allow a caravan of private vehicles to the project site. The project pipelines will be viewed from public rights-of-way from the vehicle.

The Commission will use the EIS in its decision-making process to determine whether or not to authorize the project. This Notice of Intent (NOI) explains the scoping process we¹ will use to gather information on the project from the public and interested agencies.

¹ "We," "us," and "our" refer to the environmental staff of the FERC's Office of Energy Projects.
