

Each Bank, after consultation with its Advisory Council, may set aside annually, in the aggregate, up to the greater of \$3.0 million or 25 percent of its annual required AHP contribution to provide funds to members participating in the Bank's homeownership set-aside programs, pursuant to the requirements of this part. Any homeownership set-aside funds that are not committed or used by the end of the year in which they were set aside shall be committed or used by the end of such year to fund project modifications or the next highest scoring AHP applications in the Bank's final funding period of the year for its competitive application program. In cases where the amount of homeownership set-aside funds applied for by members in a given year exceeds the amount available for that year, a Bank may allocate up to the greater of \$3.0 million or 25 percent of its annual required AHP contribution for the subsequent year to the current year's homeownership set-aside programs pursuant to written policies adopted by the Bank's board of directors. Beginning in 2002 and for subsequent years, the maximum dollar limits set forth in this paragraph shall be adjusted annually by the Finance Board to reflect any percentage increase in the preceding year's Consumer Price Index (CPI) for all urban consumers, as published by the Department of Labor. Each year, as soon as practicable after the publication of the previous year's CPI, the Finance Board shall publish notice by **Federal Register**, distribution of a memorandum, or otherwise, of the CPI-adjusted limits on the maximum set-aside dollar amount. A Bank may establish one or more homeownership set-aside programs pursuant to written policies adopted by the Bank's board of directors. A Bank's board of directors shall not delegate to Bank officers or other Bank employees the responsibility for adopting such policies.
