

wishing to participate, the Board consider extending the time for holding the meeting beyond February 8, 2002. We agree. We will suspend the current procedural schedule, and adopt a new schedule after notices of intent to participate are filed.

Finally, AAR's letter expresses concern over potential antitrust exposure in the event that any proposals relating to the interchange issues under consideration could involve collective discussion of prices, rates, or tariffs. We do not want to prejudice or limit the type of permissible dialogue in a way that could undercut resolution of the matters at issue, but our purpose in asking the parties to attempt to resolve this matter in the private sector has been to make the interchange process work better, not to provide a forum for parties to collectively discuss specific rates for specific situations. Thus, in our view, if discussion of rate matters takes place, it should be of a general nature. Such general conversations—particularly given that they would be undertaken pursuant to our request—would not in our view subject the participants to antitrust exposure. And as long as any such conversations that may implicate rates are kept to a general nature, they should not undercut what we hope could be a favorable outcome here, which is the development of a framework in which parties can conduct bilateral negotiations to work out interchange issues of the sort that precipitated this proceeding. If at any point it becomes evident that antitrust issues are a concern, we will be available to address the situation.

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. Interested parties shall file notices of intent to participate, as described above, by January 28, 2002.

2. The procedural schedule established in our prior order is held in abeyance pending further order.

3. This decision is effective on January 17, 2002.

Decided: January 9, 2002.

By the Board, Chairman Morgan and Vice Chairman Burkes.

Vernon A. Williams,

Secretary.

Customs Service

Distribution of Continued Dumping and Subsidy Offset to Affected Domestic Producers

AGENCY: Customs Service, Department of the Treasury.

ACTION: Notice of intent to distribute offset for Fiscal Year 2001.

SUMMARY: Pursuant to the Continued Dumping and Subsidy Offset Act of 2000, this document is Customs notice of intention to distribute assessed antidumping or countervailing duties (known as the continued dumping and subsidy offset) for Fiscal Year 2001 in connection with certain antidumping duty orders or findings or countervailing duty orders that were not previously listed in the notice of intent to distribute the offset for Fiscal Year 2001 that was published in the **Federal Register** on August 3, 2001. This document sets forth those additional antidumping duty orders or findings and countervailing duty orders that were not previously listed, together with the affected domestic producers associated with each order or finding who are potentially eligible to receive a distribution. This document also provides the instructions for affected domestic producers to file written certifications to claim a distribution in relation to the listed orders or findings and the dollar amount of the offset for each order or finding that is available for distribution.

DATES: Written certifications to obtain a continued dumping and subsidy offset under a particular order or finding must be received by March 18, 2002.

ADDRESSES: Written certifications should be addressed to: Assistant Commissioner, Office of Regulations and Rulings, U.S. Customs Service, 1300 Pennsylvania Avenue, NW., 3rd Floor, Washington, DC 20229 (ATTN: Jeffrey J. Laxague).

FOR FURTHER INFORMATION CONTACT: Jeffrey J. Laxague, Office of Regulations and Rulings, (202-927-0505).

SUPPLEMENTARY INFORMATION:

Background

The Continued Dumping and Subsidy Offset Act of 2000 ("CDSOA") was enacted on October 28, 2000, as part of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2001 ("Act"). The provisions of the CDSOA are contained in Title X (sections 1001-1003) of the Act.

The CDSOA, in section 1003 of the Act, amended Title VII of the Tariff Act of 1930, by adding a new section 754 (codified at 19 U.S.C. 1675c) in order to provide that assessed duties received pursuant to a countervailing duty order, an antidumping duty order, or an antidumping duty finding under the Antidumping Act of 1921, must be distributed to affected domestic producers for certain qualifying expenditures that these producers incur after the issuance of such an order or finding. The term "affected domestic producer" means any manufacturer, producer, farmer, rancher or worker representative (including associations of such persons) that—

(A) Was a petitioner or interested party in support of a petition with respect to which an antidumping order, a finding under the Antidumping Act of 1921, or a countervailing duty order has been entered, and

(B) Remains in operation.

The distribution that these parties may receive is known as the continued dumping and subsidy offset.

List of Orders or Findings and Affected Domestic Producers

It is the responsibility of the U.S. International Trade Commission (USITC) to ascertain and timely forward to Customs a list of the affected domestic producers that are potentially eligible to receive an offset in connection with an order or finding.

To this end, it is noted that the USITC previously supplied Customs with the list of individual antidumping and countervailing duty cases for Fiscal Year 2001, and the affected domestic producers associated with each case that were potentially eligible to receive an offset. These cases were the subject of a

notice of intent to distribute the continued dumping and subsidy offset for Fiscal Year 2001 that was published in the **Federal Register** (66 FR 40782) on August 3, 2001.

However, a number of antidumping and countervailing duty cases were not included on the previously-supplied list of cases that were subject to a distribution of the continued dumping and subsidy offset for Fiscal Year 2001. Accordingly, this notice essentially constitutes a supplement to the August 3, 2001, **Federal Register** notice for the purpose of listing the additional antidumping duty orders or findings or countervailing duty orders that are subject to a distribution of the offset for Fiscal Year 2001.

Customs Regulations Implementing the CDSOA

It is noted that Customs published a final rule in the **Federal Register** (66 FR 48546) on September 21, 2001, as T.D. 01-68, which was effective as of that date, in order to implement the CDSOA. The final rule added a new subpart F to part 159 of the Customs Regulations (19 CFR part 159, subpart F (§§ 159.61-159.64)).

Notice of Intent to Distribute Offset

This document announces Customs intention to distribute to affected domestic producers the assessed antidumping or countervailing duties that were available for distribution in Fiscal Year 2001 in connection with those antidumping duty orders or findings or countervailing duty orders that are listed in this document. While § 159.62(a), Customs Regulations (19 CFR 159.62(a)), provides that Customs will publish a notice of intention to distribute assessed duties at least 90 days before the end of a fiscal year, this notice is being published at this time because it came to Customs attention that not all parties were listed in the original notice. In the future, it is not expected that supplemental notices of intent will be published.

Certifications; Submission and Content

To obtain a distribution of the offset under a given order or finding, an affected domestic producer must submit a certification to Customs, indicating that the producer desires to receive a distribution.

As required by § 159.62(b), Customs Regulations (19 CFR 159.62(b)), this notice provides the specific instructions for filing a certification under § 159.63 to claim a distribution. Also, as required by § 159.62(b), for purposes of determining whether it is worthwhile to file a certification in a given case, this
