

evaluated the potential effects of four alternatives, including No Action and three action alternatives. The proposed action addresses the need to: manage vegetation to provide forest products, to reduce hazardous fuels on forest lands and adjacent to private property, reduce effects to wild and scenic rivers, reduce effects to steep slopes, reduce effects to wilderness characteristics, improve watershed condition through changes to access management, treatment of road and trail stream crossings. Alternatives were developed based on the potential effects to: old growth and old growth-dependent species; watershed and fish habitat, visual resources from timber harvest, new road construction, mechanical treatment in Forest Plan Management Area 20, and landscape prescribed burning.

Expected Impacts

Preliminary significant impacts to be evaluated included: effects to old growth and cumulative effects.

Responsible Official

Cheryl F. Probert, Nez Perce—Clearwater Forest Supervisor, Nez Perce-Clearwater National Forests Supervisor's Office, 1008 Highway 64, Kamiah, Idaho 83536.

Scoping Comments and the Objection Process

A Notice of Intent was published in the **Federal Register** on February 12, 2014, and initiated the scoping period for the Hungry Ridge Restoration Project. That notice started a 45-day scoping period. In accordance with 40 CFR 1502.9(d)(3), there will be no scoping conducted for this SEIS. The court's Decision on the Hungry Ridge Restoration FEIS established the scope of this SEIS.

The Forest will be soliciting future participation via the GovDelivery email notification system, rather than postal mail. Details about the upcoming project information will sent to you through GovDelivery. To sign up for GovDelivery and take advantage of new electronic notifications, please visit the Hungry Ridge Restoration project web page at: <https://www.fs.usda.gov/project/?project=43661>. Updates will not be sent via postal mail.

Nature of Decision To Be Made

The deciding official will review the additional information to determine whether direct, indirect and cumulative effects on old growth in the Hungry Ridge Restoration project area meet the requirements of Appendix N of the Forest Plan; if there are cumulative impacts to old growth by the Hungry

Ridge Restoration Project and the End of the World Restoration Project; and whether a new decision is needed to comply with the Forest Plan.
