Agricultural Marketing Service

Title: Local Food Directories and Survey (formerly Farmers Market Directory and Survey).

OMB Control Number: 0581–0169.

Summary of Collection: Under the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621 *et seq.*), AMS is responsible for conducting research to enhance market access for small- and medium-sized farmers. To facilitate distribution of U.S. agricultural products, MSD identifies marketing opportunities; provides analysis to help take advantage of those opportunities; and develops and evaluates solutions, including improving farmers markets and other direct-to-consumer marketing activities. Various types of direct-to-customer local food enterprises serve different parts of the food marketing chain but all focus on the small-to-medium-sized agricultural producers that have difficulty obtaining access to large scale commercial distribution channels.

Need and Use of the Information: This collection gathers the information necessary to populate the four direct to customer directories contained in USDA's Local Food Directories. USDA's: National Farmers Market, National CSA, National Food Hub and National On-Farm Market Directories. These directories provide free advertising to the operators of these four direct to customer marketing channels. Approximately 5,000 directory updates occur annually. In addition, this collection enables a comprehensive survey of farmers market sector with USDA's National Farmers Market Managers Survey.

Description of Respondents: Businesses or other for-profits; Farms; Individuals or Households.

Number of Respondents: 66,250.

Frequency of Responses: Reporting: Annual; On occasion.

Total Burden Hours: 2,069.
