Notice of Availability for the Final Environmental Impact Statement for the Disposition of Hangars 2 and 3, Fort Wainwright, AK

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announces the availability of the Final Environmental Impact Statement (EIS) for the Disposition of Hangars 2 and 3 at Fort Wainwright, Alaska. The Final EIS analyzes and evaluates the potential environmental impacts associated with proposed disposition options for two historic World War II-era hangars and supporting infrastructure located on the Main Post of Fort Wainwright. Cultural resources would experience significant impacts under both alternatives; however, both the Ladd Field National Historic Landmark and Cold War Historic District will retain their historic integrity despite the loss of the hangars

as contributing resources to these districts.

The Army considered several reuse alternatives for the hangars. All but one of these reuse alternatives were incompatible with the current or future military mission at Fort Wainwright. The one reuse alternative that was compatible (using one of the hangars as an unmanned aerial system maintenance hangar) was determined to be prohibitively expensive. As a result, only one action alternative was considered to be reasonable and was analyzed in detail in the Final EIS: demolition of Hangars 2 and 3 (Alternative 1). This alternative is the Army's preferred alternative. The No Action Alternative was also considered and carried through for detailed analysis in the Final EIS. Under the No Action Alternative, demolition of Hangars 2 and 3 would not occur, the hangars would remain vacant, and they would be maintained at minimal levels. The No Action Alternative provides the environmental baseline conditions for comparing the impacts associated with the other alternative.

DATES: The waiting period for the Final EIS will end 30 days after the publication of a Notice of Availability in the **Federal Register** by the United States Environmental Protection Agency.

ADDRESSES: Please send questions or requests for a copy of the Final EIS to Mr. Matthew Sprau, Directorate of Public Works, Attention: IMFW-PWE (Sprau), 1060 Gaffney Road #4500, Fort Wainwright, AK 99703-4500 or by email to: matthew.h.sprau.civ@mail.mil.

SUPPLEMENTARY INFORMATION: Hangars 2 and 3 are contributing resources to the Ladd Field National Historic Landmark (Ladd Field NHL) and the Ladd Air Force Base Cold War Historic District (Cold War Historic District) at Fort Wainwright. The Ladd Field NHL was listed in the National Register of Historic Places in 1984, and the Cold War Historic District was determined to be eligible for the National Register of Historic Places in 2010. Constructed between 1943 and 1944 as semi-permanent structures, these hangars have received varying degrees of operational maintenance over the years, but no large-scale rehabilitation has occurred.
