- (e) If such an analyzer has two or ore selectable ranges, the label or sticker must be placed in close proximity to the range selector and indicator which range or ranges have been included in the reference or equivalent method designation.
- (f) An applicant who offers samplers or analyzers for sale as part of a reference or equivalent method is required to maintain a list of ultimate purchasers of such samplers or analyzers and to notify them within 30 days if a reference or equivalent method designation applicable to the method has been canceled or if adjustment of the sampler or analyzer is necessary under 40 CFR 53.11(b) to avoid a cancellation.
- (g) An applicant who modifies a sampler or analyzer previously designated as part of a reference or equivalent method is not permitted to sell the sampler or analyzer (as modified as part of a reference or equivalent method (although it may be sold without such representation), nor to attach a designation label or sticker to the sampler or analyzer (as modified) under the provisions described above, until the applicant has received notice under 40 CFr Part 53.14(c) that the original designation or a new designation applies to the method as modified, or until the applicant has applied for an received notice under 40 CFR 53.8(b) of a new reference or equivalent method determination for the sampler or analyzer as modified.

Aside from occasional breakdown or malfunctions, consistent or repeated noncompliance with any of these conditions should be reported to: Director, Human Exposure and Atmospheric Sciences Division (MD–E205–01), National Exposure Research Laboratory, U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711.

Designation of this new equivalent method is intended to assist the States in establishing and operating their air quality surveillance systems under 40 CFR Part 58. Questions concerning the commercial availability or technical aspects of the method should be directed to the applicant.

Jewel F. Morris,

Acting Director, National Exposure Research Laboratory.

Establishment of the Adaptation for Climate-Sensitive Ecosystems and Resources Advisory Committee (ACSERAC)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; establishment of a Federal Advisory Committee.

SUMMARY: As required by section 9(a)(2) of the Federal Advisory Committee Act, we are giving notice that EPA is establishing the Adaptation for Climate-Sensitive Ecosystems and Resources Advisory Committee (ACSERAC). The purpose of this Committee is to provide advice on the conduct of a study titled "Preliminary Review of Adaptation Options for Climate-Sensitive Ecosystems and Resources" to be conducted as part of the U.S. Climate Change Science Program (CCSP). This assessment is part of a comprehensive set of assessments identified by the CCSP's Strategic Plan for the Climate Change Science Program. ACSERAC will advise on the specific issues that should be addressed in the assessment, appropriate technical approaches, the type and usefulness of information to decision makers, the content of the final assessment report, compliance with the Information Quality Act, and other matters important to the successful achievement of the objectives of the study. EPA has determined that this federal advisory committee is in the public interest and will assist the Agency in performing its duties under the Clean Water Act, Clean Air Act, and the Global Climate Protection Act. The draft prospectus for the study is on the CCSP Web site at http:// www.climatescience.gov/Library/sap/ sap4-4/sap4-4prospectus-final.htm.

Copies of the Committee Charter will be filed with the appropriate congressional committees and the Library of Congress.

FOR FURTHER INFORMATION CONTACT: Joanna Foellmer (8601D), National Center for Environmental Assessment, Immediate Office, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, Telephone number: (202) 564–3208, Email address: Foellmer.joanna@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Information About the Document

A copy of the Committee Charter is available at http://www.fido.gov/facadatabase/ after the Committee Charter is filed with Congress. This

usually takes up to 25 days from the date of the **Federal Register** notice. The purpose of the Committee is to provide advice on the conduct of the study titled Preliminary Review of Adaptation Options for Climate-Sensitive Ecosystems and Resources to be conducted as part of the U.S. Climate Change Science Program (CCSP). This study will focus on adaptation to anticipated impacts of climate change on federally owned and managed lands and waters. Within the context of the assessment's prospectus, ACSERAC will advise on the specific issues to be addressed, appropriate technical approaches, the usefulness of information to decision makers, the quality and accurateness of the content of the final assessment report, compliance with the Information Quality Act, and other matters important to the successful achievement of the objectives of the study The draft prospectus for this study is available at: http://www.climatescience.gov/Library/ sap/sap4-4/sap4-4prospectus-final.htm. ACSERAC is expected to meet twice in 2007: Once in a face-to-face meeting in the Washington, DC area and a second time via conference call.

Membership: Nominations for membership on the ACSERAC were solicited through the Federal Register. In selecting members, EPA will consider the necessary areas of technical expertise, different scientific perspectives within each technical discipline, and the collective breadth of experience needed to address the Agency's charge.

Dated: March 22, 2007
