

which such bidders must submit upfront payments to purchase bidding eligibility in the subsequent auction. The Bureau proposes that the public notice will provide that the deadline for selecting alternative licenses will be 10 business days from the date of the public notice and the deadline for submitting upfront payments will be 10 business days from the date of the selection deadline. This will enable bidding on the alternative licenses to begin less than two months after the public notice announcing the close of Auction 73. The Bureau seeks comment on this proposal.

102. *Effective Period for Anti-Collusion Rule.* In the 700 MHz *Second Report and Order*, the Commission directed the Bureau to adopt any procedures that may enhance the effectiveness of an auction of licenses in Auction 73 or any subsequent contingent auction. In part, the Commission found that the Commission's anti-collusion rule should treat Auction 73 and any such subsequent auction as a single auction, given the related nature of the auctions. Accordingly, the applicable down payment deadline marking the end of the anti-collusion period for Auction 73 and any subsequent auction shall be the down payment deadline established following the close of the subsequent auction.

103. *Minimum Opening Bids.* For a contingent subsequent auction, the Bureau proposes to calculate minimum opening bid amounts on a license-by-license basis using the same approach as described herein that draws on the Auction 66 prices that were bid on licenses for the exact same geographic areas. The proposed minimum opening bid amounts for the C1 and C2 Block licenses that would be available in a contingent subsequent auction are set forth in Attachment D of the *Auction 73 Comment Public Notice*. For any licenses in other blocks offered in the same subsequent auction, the Bureau proposes the same minimum opening bid amounts set forth in Attachment A of the *Auction 73 Comment Public Notice*. The Bureau seeks comment on these proposals and other possible amounts for minimum opening bids. If commenters believe that these minimum opening bid amounts will result in unsold licenses or are not reasonable amounts, they should explain why this is so, and comment on the desirability of an alternative approach. Commenters are advised to support their claims with valuation analyses and suggested amounts or formulas. The change of conditions with respect to any licenses for the A, B, C

and E Blocks to be offered in a subsequent auction should increase the value of the licenses and may support higher minimum opening bids. In addition, the bidding in the initial auction may provide further information regarding the appropriate level of minimum opening bids. If the Bureau modifies the minimum opening bids, it will announce the new minimum opening bids in the same public notice announcing pre-auction procedures.

104. *Additional Procedures.* The Commission also directed the Wireless Bureau to consider what procedures may be appropriate to deter bidders from actions that might thwart the assignment of licenses in either auction. The Bureau proposes that otherwise eligible bidders will be denied bidding eligibility in a subsequent auction in the event that they default on any winning bids in the initial auction. The Bureau seeks comment on this proposal, as well as comment on any other proposals that may enhance the effectiveness of the auction of licenses in Auction 73 or any contingent subsequent auction.

VI. Deadlines and Filing Procedures

105. Comments are due on or before August 31, 2007, and reply comments are due on or before September 7, 2007. All filings related to the auction of 700 MHz spectrum licenses should refer to AU Docket No. 07–157. Comments may be submitted using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. The Bureau strongly encourages interested parties to file comments electronically, and requests submission of a copy via the Auction 73 e-mail box (au73@fcc.gov).

106. This proceeding has been designated as a permit-but-disclose proceeding in accordance with the Commission's *ex parte* rules. Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentations must contain summaries of the substance of the presentations and not merely a listing of the subjects discussed. More than a one or two sentence description of the views and arguments presented is generally required. Other rules pertaining to oral and written *ex parte* presentations in permit-but-disclose proceedings are set forth in section 1.1206(b) of the Commission's rules.

Federal Communications Commission.

Gary D. Michaels,

Deputy Chief, Auctions and Spectrum Access Division, WTB.
