

project elements within the same general area on the NSA campus and Fort Meade. The No Action Alternative (not undertaking the proposed improvements) will also be analyzed in detail to provide a baseline for comparison with the action alternatives.

This notice of intent is required by 40 Code of Federal Regulations (CFR) 1501.9 and briefly describes the Proposed Action and possible alternatives and our proposed scoping process. The EIS will comply with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality regulations in 40 CFR parts 1500 through 1508, and DoD Instruction 4715.9 (Environmental Planning and Analysis).

Significant Issues: Environmental issues to be analyzed in the EIS will include potential effects on air quality, stream and wetland resources, forests, cultural resources, hazardous waste and materials, and transportation. Consultations to be incorporated into the preparation of the Draft EIS will include, but are not necessarily limited to, consultation under Section 7 of the Endangered Species Act and Section 106 of the National Historic Preservation Act.

Scoping Process: Public scoping is an early and open process for identifying and determining the scope of issues to be addressed in the EIS. Scoping begins with this notice and continues through the 45-day public comment period.

As part of the public scoping process, in lieu of a public scoping meeting, a narrated presentation about the project and how to provide scoping comments will be made available on August 3, 2022, for a two-day period. The presentation will be made available on the project website at <https://www.nab.usace.army.mil/oram>.

Upon completion of the scoping process, DoD will prepare a Draft EIS, and will publish a **Federal Register** notice announcing its public availability. The Draft EIS is anticipated to be available for public review by mid-2023. If you want the notice to be sent to you, please submit your request in writing (see **ADDRESSES** section in this notice). There will also be an opportunity to review and comment on the Draft EIS. Additionally, it is anticipated that a public meeting would be held after publication of the Draft EIS to present the Draft EIS and receive public comments regarding the document. NSA will consider all comments received and then prepare a Final EIS. As with the Draft EIS, NSA will announce the availability of the Final EIS and once again provide an

opportunity for review and comment. The Final EIS and a Record of Decision on the Proposed Action are expected in late 2023.

Dated: June 30, 2022.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

ELECTION ASSISTANCE COMMISSION

Sunshine Act Meetings

AGENCY: U.S. Election Assistance Commission (EAC).

ACTION: Sunshine Act notice; notice of public roundtable agenda.

SUMMARY: U.S. Election Assistance Commission Roundtable Discussion: Disability and the Digital Divide in The Voting Process.

DATES: Tuesday, July 26, 2022, 11:00 a.m. Eastern.

ADDRESSES: Virtual via Zoom.

The roundtable discussion is open to the public and will be livestreamed on the U.S. Election Assistance Commission YouTube Channel: <https://www.youtube.com/channel/UCpN6i0g2rIF4ITWhwvBwwZw>.

FOR FURTHER INFORMATION CONTACT:

Kristen Muthig, Telephone: (202) 897-9285, Email: kmuthig@eac.gov.

SUPPLEMENTARY INFORMATION:

Purpose: In accordance with the Government in the Sunshine Act (Sunshine Act), Public Law 94-409, as amended (5 U.S.C. 552b), the U.S. Election Assistance Commission (EAC) will conduct a virtual roundtable discussion on a new study analyzing the digital divide between citizens with and without disabilities during the 2020 through 2022 election period.

Agenda: The U.S. Election Assistance Commission (EAC) will hold a roundtable discussion on a new study released by the EAC and the Program for Disability Research at Rutgers University. The report highlights new data on computer and internet use, sources of information on the voting process used in 2020, accessibility of information sources, preferred ways of getting an answer to a question about the voting process, trust in information sources, sources of information on candidates and issues, expectations about voting and information sources in 2022, and knowledge of rights for accessible information.

The event will include presentations of the findings from professors Lisa

Schur and Douglas Kruse from Rutgers University.

The full agenda will be posted in advance on the EAC website: <https://www.eac.gov>.

Background: In February 2021, the EAC released the “Disability and Voting Accessibility in the 2020 Elections,” a comprehensive national report identifying advancements and gaps in accessibility for voters with disabilities. The study focused on polling place access, mail and absentee voting accessibility, election administration challenges, COVID-19 obstacles, and community involvement. In July 2021, the EAC released “The Fact Sheet: Disability and Voter Turnout in the 2020 Elections,” a supplemental report with Rutgers University that used data from the federal government’s Current Population Survey Voting and Registration Supplement for November 2020 to calculate disability turnout and identify trends.

Status: This roundtable discussion will be open to the public.

Amanda Joiner,

Acting General Counsel, U.S. Election Assistance Commission.
