## GENERAL SERVICES ADMINISTRATION

### President's Homeland Security Advisory Council

**AGENCY:** Office of Governmentwide Policy, General Services Administration.

**ACTION:** Notice of Federal Advisory Committee meeting.

**SUMMARY:** The President's Homeland Security Advisory Council (PHSAC or Council) will meet in partially closed session on Wednesday, June 12, 2002, in Washington, DC. The PHSAC will meet for the purposes of: (1) Welcoming and introducing the members of the Council; (2) reinforcing the necessity and urgency of developing and coordinating the implementation of a comprehensive national strategy on homeland security; (3) holding roundtable discussions with and among Council members; (4) receiving briefings by senior government officials on the state of homeland security; and (5) discussing and reviewing the draft national strategy for homeland security. The open portion of the meeting, for purposes (1) and (2) above and certain discussions of purposes (3) through (5) above, will be held in the Indian Treaty Room of the Eisenhower Executive Office Building,

725 Seventeenth Street, NW., from 9 to 11:10 a.m. The closed portion of the meeting, for certain discussions of purposes (3) through (5) above, will be held in the White House, 1600 Pennsylvania Ave., NW., from 11:30 a.m. to 3 p.m.

### Objectives

The President's Homeland Security Advisory Council was established by Executive Order 13260 (67 FR 13241, March 21, 2002). The objectives of the PHSAC are to provide advice and recommendations to the President of the United States through the Assistant to the President for Homeland Security (Assistant), on matters relating to homeland security.

Due to critical mission and schedule requirements, there is insufficient time to provide the full 15 calendar days notice in the **Federal Register** prior to advisory committee meetings, pursuant to the final rule on Federal Advisory Committee Management codified at 41 CFR 102-3.150. Moreover, in accordance with Section 10(d) of the Federal Advisory Committee Act, Public Law 92-463, as amended (5 U.S.C. App.), it has been determined that this PHSAC meeting concerns matters sensitive to homeland security within the meaning of 5 U.S.C. 552b(c)(7) and (9)(B) and that, accordingly, the meeting will be partially closed to the public. In addition, due to the security requirements of the Eisenhower Executive Office Building, any members of the public who wish to attend this meeting of the President's Homeland Security Advisory Council must provide their name, social security number, and date of birth no later than 5:00 p.m. EDT, Friday, June 7, 2002, to Mr. Fred Butterfield, General Services Administration, phone: (202) 273-3566, or e-mail: [fred.butterfield@gsa.gov](mailto:fred.butterfield@gsa.gov). Photo identification will be required for entry into the building. Persons with disabilities who require assistance should indicate this in their message. Due to limited availability of seating, members of the public will be admitted on a first-come, first-served basis. Furthermore, members of the public who wish to file a written statement with the PHSAC may do so either in person or send it to Fred Butterfield via the e-mail address provided immediately above or at the following mailing address: General Services Administration (GSA/MC, Room G230), 1800 F St., NW., Washington, DC 20405.

Dated: May 28, 2002.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### [Program Announcement 02172]

#### Surveillance and Epidemiologic Research of Duchenne and Becker Muscular Dystrophy and Other Single Gene Disorders; Notice of Availability of Funds

##### A. Purpose

The Centers for Disease Control and Prevention (CDC), announces the availability of fiscal year (FY) 2002 funds for a cooperative agreement program on surveillance and epidemiologic research of (1) Duchenne and Becker Muscular Dystrophy (DBMD) and other single gene disorders, and (2) genetic and other disorders identified through tandem mass spectrometry and other newborn screening technologies. This program addresses the "Healthy People 2010" priority areas for Disability and Secondary Conditions.

The purpose of the program is to: (1) Develop and/or expand surveillance systems to characterize the epidemiology of DBMD and other single gene disorders and their complications; and (2) develop long-term follow-up tracking of children identified through tandem mass spectrometry and other newborn screening technologies.

This program consists of two types of projects (Type I and Type II):

##### *Type I: Surveillance and Tracking of DBMD and Other Single Gene Disorders Without Universal Screening Programs*

The purpose of Type I funding is to determine the prevalence of DBMD and other single gene disorders that are not detected through newborn screening programs and that therefore require active case finding activities. Long-term population-based follow-up research activities will be planned to describe history of treated and/or untreated cases, and to determine factors that affect the outcome of the condition among three populations: (a) Those who access care at specialty clinics (e.g., Muscular Dystrophy Association (MDA) or other muscular dystrophy clinics), (b)

those who receive their care elsewhere, and (c) those who are not receiving care or are undiagnosed.

##### *Type II: Surveillance and Tracking of Conditions With Universal Screening Programs*

The purpose of Type II funding is to determine the prevalence of single gene or other conditions identified using existing or potential newborn screening programs, and to conduct population-based long-term follow-up research to describe the history of treated and/or untreated cases. Potential newborn screening programs include, but are not limited to, newborn blood spot screening using tandem mass spectrometry.

Quantifiable outcomes of the cooperative agreement will be measured against the following Government Performance Results Act performance goal: To find causes and risk factors for birth defects and developmental disabilities in order to develop prevention strategies.

##### B. Authority and Catalog of Federal Domestic Assistance Number

This program is authorized under Sections 301, 311 and 317(C) of the Public Health Service Act [42 U.S.C. 241, 243, and 247b-4 as amended]. The Catalog of Federal Domestic Assistance number is 93.184.

##### C. Eligible Applicants

Assistance will be provided only to the health departments of States or their bona fide agents including the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau, and federally recognized Indian tribal governments.

To be eligible, applicants must document a study population of at least 30,000 live births per year within a State, a contiguous area of a State (such as the catchment of a local health agency), or a contiguous area comprising a combination of States, based on U.S. Census Data. This information should be placed directly behind the face page of the application. Applications that fail to submit the evidence requested above will be considered non-responsive and returned without review.

If an applicant chooses to apply for both a Type I and a Type II award, a separate complete application must be submitted for each type.

**Note:** Title 2 of the United States Code, Section 1611 states that an organization
