SUPPLEMENTARY INFORMATION:Summaries for each FAR rule follow.
For the actual revisions and/or
amendments to these FAR cases, refer to
the specific item number and subject set
forth in the documents following these
item summaries.FAC 2005–21 amends the FAR as
specified below:**Item I—SAFETY Act: Implementation
of DHS Regulations (FAR Case 2006–
023) (Interim)**This interim rule implements the
SAFETY Act in the FAR. The SAFETY
Act provides incentives for the
development and deployment of anti-
terrorism technologies by creating a
system of “risk management” and a
system of “litigation management.” The
purpose of the SAFETY Act is to ensure
that the threat of liability does not deter
potential manufacturers or sellers of
antiterrorism technologies from
developing, deploying, and
commercializing technologies that could
save lives. Examples of Qualified Anti-
Terrorism Technologies (QATT)
identified by DHS include—

- Vulnerability assessment and countermeasure and counter-terrorism planning tools;
- First responder interoperability solution;
- Marine traffic management system;
- Security services, guidelines, systems, and standards;

- Vehicle and cargo inspection system;
- X-ray inspection system;
- Trace explosives detection systems and associated support services;
- Maintenance and repair of screening equipment;
- Risk assessment platform;
- Explosive and weapon detection equipment and services;
- Biological detection and filtration systems;
- Passenger screening services;
- Baggage screening services;
- Chemical, biological, or radiological agent release detectors;
- Vehicle barriers;
- First responder equipment; and
- Architectural and engineering “hardening” products and services.

**Item II—Biobased Products Preference
Program (FAR Case 2004–032)**This final rule amends the Federal
Acquisition Regulation (FAR) to
implement 7 U.S.C. 8102 as enacted by
section 9002 of the Farm Security and
Rural Investment Act of 2002 (FSRIA),
as amended by Sections 205 and 943 of
the Energy Policy Act of 2005. Entitled
Federal Procurement of Biobased
Products, section 7 U.S.C. 8102 requires
that a procurement preference be
afforded biobased products within items
designated by the Secretary of
Agriculture. This program applies to
acquisitions by Federal agencies usingFederal funds for procurement, as well
as Government contractors that use
USDA-designated items in performance
of a Government contract. It will
provide increased opportunities for
entities, both large and small, that
manufacture or sell biobased products,
while decreasing opportunities for
businesses that manufacture or sell
similar non-biobased products or
provide components for the
manufacturing of such products. A list
of USDA-designated items is available at
<http://www.usda.gov/biopreferred>.**Item III—FAR Part 27 Rewrite in Plain
Language (FAR Case 1999–402)**This final rule clarifies, streamlines,
and updates text and clauses on Patents,
Data, and Copyrights (FAR Part 27).
This effort focused on rewriting the
current FAR language into “plain
language,” with the ultimate goal of
making the policies and procedures
more understandable to the reader. This
rewrite was not intended to include
substantive changes to Part 27 policies
or procedures, except where necessary
to comply with current statutory or
regulatory requirements, or to resolve
internal inconsistencies within FAR
Part 27 and its associated clauses.

Item IV—Federal Computer Network (FACNET) Architecture (FAR Case 2006–015)

This final rule amends the Federal Acquisition Regulation (FAR) to remove FACNET references and provide the opportunity to recognize the evolution of alternative technologies, processes, etc. that Federal agencies are using and will use to satisfy their acquisition needs without removing the use of FACNET for Federal agencies that may use the system. Where necessary in the FAR, the term has been replaced with a more appropriate term that incorporates various electronic data interchange systems. The proposed rule published February 1, 2007 is adopted as final without change.

Item V—Exemption of Certain Service Contracts from the Service Contract Act (SCA) (2001–004) (Interim)

This interim rule amends Federal Acquisition Regulation (FAR) Parts 4, 15, 17, 22, and 52 to implement the U.S. Department of Labor's (DoL) final rule issued January 18, 2001 (66 FR 5327) amending the regulations at 29 CFR part 4 to exempt certain contracts for services meeting specific criteria from coverage under the Service Contract Act. This rule imposes the DoL criteria and does not utilize the term "commercial services." The rule incorporates slight revisions to the current exemption for consistency with the current DoL regulations and clarification of appropriate course of action for the contracting officer.

Item VI—Local Community Recovery Act of 2006 (FAR Case 2006–014) (Interim)

The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) have agreed on a second interim rule amending the Federal Acquisition Regulation (FAR) to implement legislative amendments to the Stafford Act at 42 U.S.C. 5150.

The first rule implemented The Local Community Recovery Act of 2006, Pub.L. 109–218, which addressed set-asides for major disaster or emergency assistance acquisitions to businesses that reside or primarily do business in the geographic area affected by the disaster or emergency. This local area set-aside could be done along with a small business set-aside.

After the first rule was published for comments in August, 2006, Congress further amended the same area of the Stafford Act in the Department of Homeland Security Appropriations Act, 2007, Public Law 109–295. The

amended statute contains requirements for transitioning work to local firms in the geographic area affected by the disaster or emergency and for justifications for expenditures to entities outside the major disaster or emergency area. This second interim rule encompasses all of these changes.

Item VII—Labor Standards for Contracts Containing Construction Requirements-Contract Pricing Method References (FAR Case 2007–001)

This final rule amends the Federal Acquisition Regulation (FAR) to revise references to published pricing sources available to the contracting officer in FAR 22.404–12(c)(2). The rule removes the reference to "R.S. Means Cost Estimating System" as a commercial source for pricing data. The revision will provide greater flexibilities for contracting officers when selecting sources of pricing data.

Item VIII—Technical Amendments

Editorial changes are made at FAR 1.106, 25.003, 52.212–5, 52.219–9, 52.225–5, 52.225–17, 53.213, 53.302–347, and 53.302–348 in order to update references.
