

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

j. *Competing Application*: Project No. 12244-000, *Date Filed*: June 17, 2002, *Due Date*: October 7, 2002.

k. *Description of Project*: The proposed project would consist of: (1) The existing Longhorn Dam, a 506-foot-long, gated, concrete-gravity structure, which is 416 feet at the crest of the dam, (2) the existing Town Lake which has a surface area of 525 acres with a storage capacity of 6,000 acre-feet at a normal maximum water surface elevation of 428 msl, (3) a powerhouse containing one generating unit with an installed capacity of 2 MW, (4) an existing 69 kv transmission line approximately 0.5 mile long, and (5) appurtenant facilities. The project would have an annual generation of 8 GWh.

l. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call toll-free 1-866-208-3676 or e-mail [FEROnlineSupport@ferc.gov](mailto:FEROnlineSupport@ferc.gov). For TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item g. above.

m. *Competing Applications*—Public notice of the filing of the initial preliminary permit application, which has already been given, established the due date for filing competing preliminary permit applications or notices of intent. Any competing preliminary permit or development application or notice of intent to file a competing preliminary permit or development application must be filed in response to and in compliance with the public notice of the initial preliminary permit application. No competing applications or notices of intent to file competing applications may be filed in response to this notice. A competing license application must conform with 18 CFR 4.30 (b) and 4.36.

n. *Proposed Scope of Studies under Permit*—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit

would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

o. *Comments, Protests, or Motions to Intervene*—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Responsive Documents*—Any filings must bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Hydropower Compliance and Administration, Federal Energy Regulatory Commission, at the above-mentioned address. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

q. *Agency Comments*—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

**Magalie R. Salas,**  
*Secretary.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

November 12, 2002.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application*: New License.

b. *Project No.*: 2516-026-WV.

c. *Date filed*: December 17, 2001.

d. *Applicant*: Allegheny Energy Supply Company, LLC.

e. *Name of Project*: Dam No. 4 Hydro Station.

f. *Location*: On the Potomac River, near the Town of Shepherdstown, in Berkeley and Jefferson Counties, West Virginia.

g. *Filed Pursuant to*: Federal Power Act, 16 U.S.C. 791 (a)—825(r).

h. *Applicant Contact*: Charles L. Simons, Allegheny Energy Supply Company, LLC, 4350 Northern Pike, Monroeville, PA 15146, (412) 858-1675.

i. *FERC Contact*: Peter Leitzke, (202) 502-6059 or [peter.leitzke@ferc.gov](mailto:peter.leitzke@ferc.gov).

j. *Cooperating agencies*: We are asking Federal, state, local, and tribal agencies with jurisdiction and/or special expertise with respect to environmental issues to cooperate with us in the preparation of the environmental document. Agencies who would like to request cooperating status should follow the instructions for filing documents described in item k below.

k. *Deadline for filing motions to intervene and protests and requests for cooperating agency status*: 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice require all interveners filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Motions to intervene and protests and requests for cooperating agency status may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages

electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site (<http://www.ferc.gov>) under the "e-Filing" link. Please include the project number (P-2516-026) on any comments or motions filed.

l. This application has been accepted, but is not ready for environmental analysis at this time.

m. The existing Dam No. 4 Hydro Station Project consists of: (1) a 200-foot-long, 80-foot-wide headrace; (2) a stone and concrete powerhouse containing three generating units with a total installed capacity of 1,900 kilowatts; (3) a 350-foot-long, 90-foot-wide tailrace; (4) a substation; (5) a 4.5-mile-long, 34.5-kilovolt transmission line; and (6) appurtenant facilities. The applicant estimates that the total average annual generation would be 7,886 megawatthours. All generated power is sold to Allegheny Power for use in the existing electric grid system serving West Virginia and Maryland. The project dam and reservoir are owned by the United States and operated by the National Park Service.

n. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1-866-208-3676 or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in item h above.

o. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant.

A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

p. Procedural schedule and final amendments: The application will be processed according to the following Hydro Licensing Schedule. Revisions to the schedule will be made as appropriate.

Issue Scoping Document for comments—December 2002  
Notice of application is ready for environmental analysis—March 2003  
Notice of the availability of the EA—September 2003  
Ready for Commission's decision on the application—November 2003

Unless substantial comments are received in response to the EA, staff intends to prepare a single EA in this case. If substantial comments are received in response to the EA, a final EA will be prepared with the following modifications to the schedule.

Notice of the availability of the final EA—December 2003  
Ready for Commission's decision on the application—December 2003

Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

**Linwood A. Watson, Jr.,**  
*Deputy Secretary.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

November 12, 2002.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* New License.  
b. *Project No.:* 2517-012-WV.  
c. *Date filed:* December 17, 2001.  
d. *Applicant:* Allegheny Energy Supply Company, LLC.  
e. *Name of Project:* Dam No. 5 Hydro Station.

f. *Location:* On the Potomac River, near the Town of Hedgesville, in Berkeley County, West Virginia.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791 (a)-825(r).

h. *Applicant Contact:* Charles L. Simons, Allegheny Energy Supply

Company, LLC, 4350 Northern Pike, Monroeville, PA 15146, (412) 858-1675.

i. *FERC Contact:* Peter Leitzke, (202) 502-6059 or [peter.leitzke@ferc.gov](mailto:peter.leitzke@ferc.gov).

j. *Cooperating agencies:* We are asking Federal, state, local, and tribal agencies with jurisdiction and/or special expertise with respect to environmental issues to cooperate with us in the preparation of the environmental document. Agencies who would like to request cooperating status should follow the instructions for filing documents described in item k below. k. *Deadline for filing motions to intervene and protests and requests for cooperating agency status:* 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Motions to intervene and protests and requests for cooperating agency status may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site (<http://www.ferc.gov>) under the "e-Filing" link. Please include the project number (P-2517-012) on any comments or motions filed.

l. This application has been accepted, but is not ready for environmental analysis at this time.

m. The existing Dam No. 5 Hydro Station Project consists of: (1) a 100-foot-long, 80-foot-wide headrace; (2) a brick and concrete powerhouse containing two generating units with a total installed capacity of 1,210 kilowatts; (3) a 250-foot-long, 90-foot-wide tailrace; (4) a substation; and (5) appurtenant facilities. The applicant estimates that the total average annual generation would be 5,945 megawatthours. All generated power is sold to Allegheny Power for use in the existing electric grid system serving West Virginia and Maryland. The project dam and reservoir are owned by the United States and operated by the National Park Service.
