### Mortgage and Loan Insurance Programs Under the National Housing Act—Debenture Interest Rates

**AGENCY:** Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

**ACTION:** Notice of change in debenture interest rates.

**SUMMARY:** This notice announces changes in the interest rates to be paid on debentures issued with respect to a loan or mortgage insured by the Federal Housing Commissioner under the provisions of the National Housing Act (the "Act"). The interest rate for debentures issued under section 221(g)(4) of the Act during the 6-month period beginning July 1, 2002, is 6⅝ percent. The interest rate for debentures issued under any other provision of the Act is the rate in effect on the date that the commitment to insure the loan or mortgage was issued, or the date that the loan or mortgage was endorsed (or initially endorsed if there are two or more endorsements) for insurance, whichever rate is higher. The interest rate for debentures issued under these other provisions with respect to a loan or mortgage committed or endorsed during the 6-month period beginning July 1, 2002, is 5¾ percent.

**FOR FURTHER INFORMATION CONTACT:** James B. Mitchell, U.S. Department of

Housing and Urban Development, 451 7th Street, SW, Room 6164, Washington, DC 20410. Telephone (202) 708-3944, extension 2612, or TDD (202) 708-4594 for hearing- or speech-impaired callers. These are not toll-free numbers.

**SUPPLEMENTARY INFORMATION:** Section 224 of the National Housing Act (24 U.S.C. 1715o) provides that debentures issued under the Act with respect to an insured loan or mortgage (except for debentures issued pursuant to Section 221(g)(4) of the Act) will bear interest at the rate in effect on the date the commitment to insure the loan or mortgage was issued, or the date the loan or mortgage was endorsed (or initially endorsed if there are two or more endorsements) for insurance, whichever rate is higher. This provision is implemented in HUD's regulations at 24 CFR 203.405, 203.479, 207.259(e)(6), and 220.830. These regulatory provisions state that the applicable rates of interest will be published twice each year as a notice in the **Federal Register**.

Section 224 further provides that the interest rate on these debentures will be set from time to time by the Secretary of HUD, with the approval of the Secretary of the Treasury, in an amount not in excess of the annual interest rate determined by the Secretary of the Treasury pursuant to a satisfactory formula based on the average yield of all outstanding marketable Treasury obligations of maturities of 15 or more years.

The Secretary of the Treasury (1) has determined, in accordance with the provisions of Section 224, that the statutory maximum interest rate for the period beginning July 1, 2002, is 5¾ percent; and (2) has approved the establishment of the debenture interest rate by the Secretary of HUD at 5¾ percent for the 6-month period beginning July 1, 2002. This interest rate will be the rate borne by debentures issued with respect to any insured loan or mortgage (except for debentures issued pursuant to Section 221(g)(4)) with insurance commitment or

endorsement date (as applicable) within the second 6 months of 2002.

For convenience of reference, HUD is publishing the following chart of debenture interest rates applicable to mortgages committed or endorsed since January 1, 1980:

5¾ .....	July 1, 2002	Jan. 1, 2003.

Section 221(g)(4) of the Act provides that debentures issued pursuant to that paragraph (with respect to the assignment of an insured mortgage to the Secretary) will bear interest at the "going Federal rate" in effect at the time the debentures are issued. The term "going Federal rate" is defined to mean the interest rate that the Secretary of the Treasury determines, pursuant to a statutory formula based on the average yield on all outstanding marketable Treasury obligations of 8-to 12-year maturities, for the 6-month periods of January through June and July through December of each year. Section 221(g)(4)

is implemented in the HUD regulations at 24 CFR 221.255 and 24 CFR 221.790.

The Secretary of the Treasury has determined that the interest rate to be borne by debentures issued pursuant to Section 221(g)(4) during the 6-month period beginning July 1, 2002, is 6⅝ percent.

HUD expects to publish its next notice of change in debenture interest rates in January 2003.

The subject matter of this notice falls within the categorical exemption from HUD's environmental clearance procedures set forth in 24 CFR 50.19(c)(6). For that reason, no environmental finding has been prepared for this notice.

#### Notice of Availability of the Approved Recovery Plan for the Illinois Cave Amphipod (*Gammarus acherondytes*)

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of document availability.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service) announce the availability of the approved recovery plan for the Illinois cave amphipod (*Gammarus acherondytes*.) The endangered Illinois cave amphipod is known only to occur in Monroe and St. Clair Counties in southwestern Illinois. It is a groundwater dwelling invertebrate found in gravel or cobble sections of cave streams. The quality and condition of groundwater in the amphipod's habitats are tied to land use practices within cave recharge areas. The plan proposes to develop partnerships with Federal and state agencies, organizations, and private landowners that will provide mechanisms for protecting Illinois cave amphipod populations through voluntary and incentive-driven stewardship efforts.

**ADDRESSES:** U.S. Fish and Wildlife Service's approved recovery plans are available from:

1. Fish and Wildlife Reference Service, 5430 Grosvenor Lane, Suite

110, Bethesda, Maryland 20814 (the fee for the plan varies depending on the number of pages of the plan).

#### SUPPLEMENTARY INFORMATION:

##### Background

Recovery of endangered or threatened animals or plants is a primary goal of the Service's endangered species program. A species is considered recovered when the species' ecosystem is restored and/or threats to the species are removed so that self-sustaining and self-regulating populations of the species can be supported as persistent members of native biotic communities. Recovery plans describe actions considered necessary for the conservation of the species, establish criteria for reclassification to threatened status or delisting listed species, and estimate time and cost for implementing the measures needed for recovery.

The Endangered Species Act of 1973 (Act), as amended (16 U.S.C. 1531 *et seq.*) requires that recovery plans be developed for listed species unless such a plan would not promote the conservation of a particular species. Section 4(f) of the Act, as amended in 1988, requires that during recovery plan development, we provide public notice and an opportunity for public review and comment. Information presented during the comment period has been considered in the preparation of the approved recovery plan, and is summarized in an appendix to the recovery plan. We will forward substantive comments regarding recovery plan implementation to appropriate Federal Agencies and other entities so that they can take these comments into account during the course of implementing recovery actions.

The Illinois cave amphipod was listed as an endangered species under the Act on September 3, 1998 (63 FR 46900). It is a groundwater dwelling invertebrate
