SUPPLEMENTARY INFORMATION:

Title: Affordable Care Act Internal Claims and Appeals and External review Disclosures.

OMB Number: 1545-2182.

Regulation Project Number: REG-125592-10 (TD 9494).

Abstract: Section 2719 of the Public Health Service Act, incorporated into Code section 9815 by section 1563(f) of the Patient Protection and Affordable Care Act, Public Law 111-148, requires group health plans and issuers of group health insurance coverage, in connection with internal appeals of claims denials, to provide claimants free of charge with any evidence relied upon in deciding the appeal that was not relied on in making the initial denial of the claim. This is a third-party disclosure requirement. Individuals appealing a denial of a claim should be able to respond to any new evidence the plan or issuer relies on in the appeal, and this disclosure requirement is essential so that the claimant knows of the new evidence.

Current Actions: There is no change to the regulation or the paperwork burden previously approved by OMB.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 1,769,264.

Estimated Total Annual Burden Hours: 2,271.

The following paragraph applies to all the collections of information covered by this notice.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained if their contents may become material in the administration of any internal revenue

law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: February 16, 2021.

Supervisory Tax Analyst.
