DEPARTMENT OF AGRICULTURE

Forest Service

Wasatch-Cache National Forest; Utah; Table Top Exploratory Oil Well

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare a supplemental environmental impact statement to the Table Top Exploratory Oil Well Project.

SUMMARY: The USDA Forest Service announces its intent to prepare a Supplemental Environmental Impact Statement (SEIS) to the Table Top Exploratory Oil Well Final Environment Impact Statement (FEIS). The Table Top Exploratory Oil Well FEIS evaluated alternatives for well pad locations, gravel sources, and associated road improvements in response to a Surface Use Plan of Operations to drill an exploratory oil well.

DATES: Scoping will not be conducted in accordance with 40 CFR 1502.9(c)(4). The draft supplemental environmental impact statement is expected in August 2004 and the final supplemental environmental impact statement is expected in December 2004.

ADDRESSES: Send written comments to Faye Krueger, Acting Forest Supervisor, Wasatch-Cache National Forest, 8236 Federal Building, 125 South State Street, Salt Lake City, Utah 84138.

FOR FURTHER INFORMATION CONTACT: Steve Ryberg, District Ranger, (307) 789-3194, Evanston Ranger District, P.O. Box 1880, Evanston, Wyoming, 82930.

SUPPLEMENTARY INFORMATION: On January 6, 1994, then Forest Supervisor Susan Giannettino made a decision to approve Chevron USA's proposal to construct and drill an exploratory oil well in the Main Fork Drainage on the Evanston Ranger District. Construction on the access road to the wellpad site began in September 1995. In October

1995 work stopped on construction because of frozen conditions Chevron withdrew as Unit Operator. Later Double Eagle was approved by the Bureau of Land Management (BLM) as Unit Operator and is the current proponent of the project. In 1997 a suspension of lease terms was requested which BLM did not grant. The decision was vacated by Interior Board of Land Appeals in April of 1999 and BLM granted a suspension retroactive to April 1996. The suspension request was based on nearby unleased lands being available for lease. The current suspension will terminate upon commencement of operations; one year after the effective date of newly issued Federal Leases resulting from the unleased lands being offered in a competitive sale; or when the authorized officer deems the suspension is no longer in the interest of conservation. Double Eagle has acquired the nearby unleased lands and is now ready to move forward.

New circumstances or information relevant to environmental concerns such as the recently revised 2003 Forest Plan and the listing of the Canada lynx as threatened by the Fish and Wildlife Service in 2000 have been identified. The SEIS will be limited in its scope and address environmental impacts directly related to the decision made in January 1994.

If a new decision is not needed following preparation of the supplemental environmental impact statement, the action is not subject to appeal in accordance with 36 CFR 215.12.

Notice of Proposed Changes to Section IV of the Field Office Technical Guide (FOTG) of the Natural Resources Conservation Service in Indiana

AGENCY: Natural Resources Conservation Service (NRCS), Agriculture.

ACTION: Notice of availability of proposed changes in Section IV of the FOTG of the NRCS in Indiana for review and comment.

SUMMARY: It is the intention of NRCS in Indiana to issue two revised

conservation practice standards in Section IV of the FOTG. The revised standards are: Cover Crop (340), and Fishpond Management (399). These practices may be used in conservation systems that treat highly erodible land and/or wetlands.

DATES: Comments will be received for a 30-day period commencing with this date of publication.

ADDRESSES: Address all requests and comments to Jane E. Hardisty, State Conservationist, Natural Resources Conservation Service (NRCS), 6013 Lakeside Blvd., Indianapolis, Indiana 46278. Copies of this standard will be made available upon written request. You may submit your electronic requests and comments to Darrell.brown@in.usda.gov.

FOR FURTHER INFORMATION CONTACT: Jane E. Hardisty; telephone 317-290-3200.

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 states that after enactment of the law, revisions made to NRCS state technical guides used to carry out highly erodible land and wetland provisions of the law shall be made available for public review and comment. For the next 30 days, the NRCS in Indiana will receive comments relative to the proposed changes. Following that period, a determination will be made by the NRCS in Indiana regarding disposition of those comments and a final determination of changes will be made.

Dated: April 19, 2004.

Corrosion-Resistant Carbon Steel Flat Products From Korea: Partial Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of Partial Rescission of the Antidumping Duty Administrative Review.

SUMMARY: On September 30, 2003, in response to a request made by International Steel Group, Inc., an importer of the subject merchandise, the Department of Commerce ("Department") published a notice of initiation of an antidumping duty administrative review of Corrosion-Resistant Carbon Steel Flat Products from Korea ("Korean CORE"), for the period of review ("POR") August 1, 2002 through July 31, 2003. Because neither SeAH Steel Corporation ("SeAH"), an exporter of the subject merchandise, nor any of its affiliates had exports or sales of the subject merchandise to the United States during the POR, the Department is rescinding this review in part in accordance with 19 CFR 351.213(d)(3).

EFFECTIVE DATE: May 5, 2004.

FOR FURTHER INFORMATION CONTACT: John D. A. LaRose, Enforcement Group III,

Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230; telephone: 202-482-3794.

SUPPLEMENTARY INFORMATION:

Background

On August 29, 2003, International Steel Group requested that the Department conduct an administrative review of the antidumping duty order on Korean CORE for the period August 1, 2002 through July 31, 2003. On July 1, 2003, the Department published a notice of initiation of the antidumping administrative review of Korean CORE, in accordance with 19 CFR 351.221(c)(1)(i). *See Initiation of Antidumping and Countervailing Duty Administrative Reviews, Requests for Revocations in Part*, 68 FR 56262 (September 30, 2003). This review covers several exporters of the subject merchandise, including SeAH. On October 9, 2003, SeAH submitted a timely letter stating that the company and its affiliates did not have exports or sales of the subject merchandise to the United States during the POR. The letter also requested that the Department terminate the administrative review with respect to SeAH.

On October 23, 2003, the Department sent an electronic message to U.S. Customs and Border Protection ("CBP") requesting that CBP officials report any known entries of subject merchandise from SeAH during the POR. In its message to CBP, the Department stated that no reply was required if CBP officials were not aware of any entries. By the deadline stated in our request, the Department received no reply. The Department also examined the online CBP listing of entries suspended under the order and found no SeAH entries during the POR. On March 15, 2004, the Department provided interested parties with a draft rescission, soliciting comments by March 22, 2004. *See Memorandum to Edward Yang from Lisa Shishido Regarding Intent to Partially Rescind the Antidumping Duty Administrative Review of Korean Core*, March 15, 2004. No interested parties submitted comments with regard to this rescission in part.

Rescission of Review

SeAH stated in its October 9, 2003 letter that it had no exports or sales in the United States of subject merchandise during the POR, and the Department has confirmed from available CBP data that SeAH had no entries of subject merchandise during the POR. In addition, no interested party commented on that finding.
