A. General

The Computer Matching and Privacy Protection Act of 1988, (Pub. L. 100–503), amended by the Privacy Act of 1974, (5 U.S.C. 552a) as amended, requires a Federal agency participating in a computer matching program to publish a notice in the **Federal Register** for all matching programs.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records contained in a Privacy Act System of Records are matched with other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain the approval of the matching agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;

(3) Publish notice of the computer matching program in the **Federal Register**;

(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating, or denying a person's benefits or payments. The last notice for this matching program was published in the **Federal Register** on January 20, 2015 (80 FR 2757).
