BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP07-502-000]

Texas Eastern Transmission, LP; Notice of Proposed Changes in FERC Gas Tariff

July 3, 2007.

Take notice that on June 29, 2007, Texas Eastern Transmission, LP (Texas Eastern) tendered for filing as part of its FERC Gas Tariff, Seventh Revised Volume No. 1 and First Revised Volume No. 2, revised tariff sheets, as listed on Appendix B to the filing, to become effective August 1, 2007.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP07-405-000]

Texas Gas Transmission, LLC; Notice of Filing

July 3, 2007.

Take notice that on June 25, 2007, Texas Gas Transmission, LLC (Texas Gas), 3800 Frederica Street, Owensboro, Kentucky 42301, filed an abbreviated application for a certificate of public convenience and necessity, pursuant to Section 7 of the Natural Gas Act (NGA) and Part 157 of the Commission's Rules and Regulations, authorizing Texas Gas to expand its facilities at Midland Gas Storage Field in Muhlenberg County, Kentucky. The project will provide up to 8.25 Bcf of new firm storage capacity, as well as provide up to 92.2 MMcf/d of increased firm deliverability. The application is on file with the Commission and open for public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Texas Gas is seeking a determination that it qualifies for market-based rates. In the event that the Commission does not allow market-based rates for the new storage capacity under either the traditional market power analysis or section 4(f) of the NGA, Texas Gas seeks authorization to construct only the

facilities necessary to create approximately 2 Bcf of new storage capacity at the rates reflected in the Precedent Agreement between Texas Gas and its storage customer.

For the 2 Bcf expansion, Texas Gas proposes the following activities:

- To install a discharge cooler and additional gas dehydration facilities, and to uprate two electric drive compressors (from 1,250 to 1,500 HP each) at the Midland 3 Compressor Station, and
- To restage one existing centrifugal compressor at the Slaughters Compressor Station.

For the full 8.25 Bcf expansion, Texas Gas proposes the following additional activities:

- At the Midland 3 Compressor Station, to install one 5,488 HP Solar Centaur 50gas turbine13 and auxiliary facilities, to retire in place two existing 2,000 HP Delaval reciprocating compressor units, including certain auxiliary facilities, and to construct a 2,900-foot extension of its E-9 16-inch storage lateral.
 - To construct approximately 11 miles of 30-inch mainline pipeline loop from the discharge side of the Midland 3 Compressor Station to a point near Hanson, Kentucky.
 - To drill seven horizontal injection/withdrawal wells and install related piping and measurement at Midland.
- Texas Gas proposes the service dates of November 1, 2008 and November 1, 2009 for the 2 Bcf expansion and 8.25 Bcf expansion, respectively.

Any questions regarding the application are to be directed to Kathy D. Fort, Manager of Certificates and Tariffs, Texas Gas Transmission, LLC, 3800 Frederica Street, Owensboro, Kentucky 42301.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the

proceeding can ask for court review of Commission orders in the proceeding.

Motions to intervene, protests and comments may be filed electronically via the Internet in lieu of paper, see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: July 24, 2007.

Kimberly D. Bose,

Secretary.

[Docket No. RP07-506-000]

Trunkline LNG Company, LLC; Notice of Revenue Surcharge Adjustment

July 3, 2007.

Take notice that on June 29, 2007, Trunkline LNG Company (TLNG) tendered a filing pursuant to Section 21 of the General Terms and Conditions of TLNG's FERC Gas Tariff, Second Revised Volume No. 1-A.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
