

The Committee will consider a proposal to modify and provide clarity to the language as to how packaged natural wood and compressed firewood bricks shall be sold. This also clarifies the terms for plural and singular representation for the units.

Item 22.1. Uniform Labeling Regulation for Electronic Commerce (referred as e-commerce) Products

The L&R Committee will further consider a proposal that has been designated as an “Assigned” item, meaning that further development will be done by the Packaging and Labeling Subcommittee. This proposal would add a new regulation into NIST HB 130 that pertains to the labeling of products in e-commerce for consumer commodities and non-consumer commodities. This regulation will provide guidance to industry, as well as those states that adopt this regulation for the purpose of inspecting e-commerce websites. This regulation would also lay out the terms that shall appear on an e-commerce website. The development of this item will include outreach to stakeholders, including federal agencies. Adequate time should be considered for the implementation of this regulation for online retailers.

Item Block 3 Cannabis

B3: PALS –22.1. Section XX. Cannabis and Cannabis-Containing Products.¹

The Committee will further consider proposals to establish definitions within NIST HB 130 Packaging and Labeling Requirements for Cannabis and Cannabis containing products. In addition, PAL–22.2 Section 10.XX. Cannabis and Cannabis-Containing Products will establish labeling requirements. B3: NET–22.1. Section 1.XX. Cannabis and Cannabis-Containing Products and 2.XX. Cannabis and Cannabis-Containing Products. provides for a 3% moisture allowance for Cannabis containing more than 0.3% total Delta-9 THC or containing 0.3% less total Delta-9 THC (hemp). B3: MOS–22.2. HB130 Section 1.XX. and Section 2.XX. Cannabis and Cannabis-Containing Products. The Committee will consider a proposal to amend these two sections to include language for a method of sale for Cannabis. Included within this proposal is also a water activity limit of 0.60

¹ In contrast to hemp, marijuana, defined as cannabis with a concentration of more than 0.3 percent on a dry weight basis, remains a Schedule I substance under the Controlled Substances Act (CSA). 21 U.S.C. 802(16); 21 U.S.C. 812(d); 21 CFR 1308.11(d)(23).

(± 0.05), when unprocessed Cannabis is sold or transferred.

Alicia Chambers,

NIST Executive Secretariat.

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Issuance of a permit; for implementation of the Rescue and Rearing Management Plan (RRMP) for Petaluma River Steelhead.

SUMMARY: Notice is hereby given that NMFS has issued a permit pursuant to Section 10 of the Endangered Species Act (ESA) for the implementation of the RRMP by the United Anglers of Casa Grande (UACG).

FOR FURTHER INFORMATION CONTACT: Jodi Charrier, Santa Rosa, California (ph.: 707–575–6069; email: jodi.charrier@noaa.gov).

SUPPLEMENTARY INFORMATION:

ESA-Listed Species Covered in This Notice

- Steelhead (*Oncorhynchus mykiss*)—Central California Coast (CCC) distinct population segment (DPS)

Discussion of the Biological Analysis Underlying Permit Issuance

NMFS has issued a permit for UACG to implement the RRMP, which is intended to increase adult CCC steelhead DPS abundance in the Petaluma River Watershed. Fish rearing will occur at the UACG Hatchery and will be run by Casa Grande High School located in Petaluma, California. The RRMP has two main components: (1) rescue and translocate wild steelhead from drying stream reaches; and (2) captively rear wild fry at the UACG Hatchery to be released as smolts into natal tributaries. There is no spawning of steelhead at the Hatchery. These management actions should result in higher survival rates; thereby increasing the abundance of the population over time.

The program uses natural-origin fish, and the permit for this program is issued under ESA section 10(a)(1)(A).

Description of the programs was provided in the RRMP submitted by the UACG. NMFS has analyzed the effects of the RRMP on CCC DPS steelhead listed under the ESA, and has concluded that the program is not likely to jeopardize the continued existence of CCC steelhead or destroy or adversely modify its designated critical habitat. Authorization of the activities is contingent upon implementation of all of the monitoring, evaluation, reporting tasks or assignments, and enforcement activities included in the permit.

Summary of Comments Received on the RRMP

NMFS made the permit application available for public comment on February 16, 2022 (87 FR 8787) for 30 days, as required by the ESA. No comments were received.

Dated: June 22, 2022.

Angela Somma,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Site Characterization Surveys Off New Jersey and New York in the Area of the Atlantic Shores Lease Area (OCS–A 0541)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed incidental harassment authorization; request for comments on proposed authorization and possible renewal.

SUMMARY: NMFS has received a request from Atlantic Shores Offshore Wind Bight, LLC (Atlantic Shores Bight) for authorization to take marine mammals incidental to site characterization surveys off New Jersey and New York in the area of Commercial Lease of Submerged Lands for Renewable Energy Development on the Outer Continental Shelf Lease Area (OCS–A 0541). Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an incidental harassment authorization (IHA) to incidentally take
