

UC for Federal Civilian Employees (UCFE) program at 20 CFR 609.1(d)(1) and for the UC for ex-service members (UCX) program at 20 CFR 614.1(d)(1) require submission of certain documents to assure that states are properly administering these programs. The Trade Adjustment Assistance (which includes Trade Readjustment Allowances) program (TAA/TRA) regulations provide similar requirements at 20 CFR 617.52(c)(1).

The MA 8–7 is the mechanism for implementing these submittal requirements, the purpose of which is to provide the Secretary with sufficient information to determine if (a) employers in a state qualify for tax credits under the Federal Unemployment Tax Act; (b) the state meets the requirements for obtaining administrative grants under Title III, SSA; and (c) the state is fulfilling its obligations under Federal UC programs. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 11, 2025 (90 FR 11749).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL–ETA.

Title of Collection: Transmittal For Unemployment Insurance Materials.
OMB Control Number: 1205–0222.
Affected Public: State, Local and Tribal Government.

Total Estimated Number of Respondents: 53.

Total Estimated Number of Responses: 318.

Total Estimated Annual Time Burden: 80 hours.

Total Estimated Annual Other Costs Burden: \$0.

(Authority: 44 U.S.C. 3507(a)(1)(D))

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 25–024]

Name of Information Collection: NASA Special Events

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of new information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by August 21, 2025.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain.

Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Stayce Hoult, NASA Headquarters, 300 E Street SW, JC0000, Washington, DC 20546, phone 256–714–8575, or email stayce.d.hoult@nasa.gov or hq-ocio-pra-program@mail.nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Aeronautics and Space Administration (NASA) is committed to

effectively performing the Agency's communication function in accordance with the Space Act Section 203 (a) (3) to “provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof,” and to enhance public understanding of, and participation in, the nation's space program in accordance with the NASA Strategic Plan. The Space Act of 1958 directs the Agency to expand human knowledge of Earth and space phenomena. Organizing outreach events is one way NASA intends to leverage excitement about the nation's space program and expand human knowledge of Earth and space phenomena. In order to organize effective outreach events and registration opportunities for members of the public, it is necessary to collect information from perspective guests and those that will check-in the guests at events. The NASA Special Events System is a tool to allow invitees to register for and check-in to NASA event opportunities (launch viewing, agency engagements, etc.) in a single location.

II. Methods of Collection

The NASA Special Events tool is a web-based application on a Salesforce platform. The intent of using electronic collection techniques is to increase the accuracy of information gathered and to streamline the process for guests and workforce alike.

III. Data

Title: NASA Special Events.

OMB Number: 2700–new.

Type of review: New Information Collection.

Affected Public: 35,300.

Estimated Annual Number of Activities: 15.

Estimated Number of Respondents per Activity: 650.

Annual Responses: 10,000.

Estimated Time per Response: 11 minutes.

Estimated Total Annual Burden Hours: 4,046 hours.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information

on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Stayce Hoult,

PRA Clearance Officer, National Aeronautics and Space Administration.

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards (ACRS); ACRS Procedures for Meetings

Background

This notice describes procedures to be followed with respect to meetings conducted by the U.S. Nuclear Regulatory Commission's (NRC's) Advisory Committee on Reactor Safeguards (ACRS) pursuant to the Federal Advisory Committee Act (FACA). The revisions to Subcommittee procedures are made to accommodate direction contained in Executive Order (E.O.) 14215, "Ensuring Accountability for All Agencies." These procedures are set forth so that they may be incorporated by reference in future notices for individual meetings.

The ACRS is a statutory advisory Committee established by Congress to review and report on nuclear safety matters and applications for the licensing of nuclear facilities. The Committee's reports become part of the public record. E.O. 14215 contains applicable directives regarding the Office of Management and Budget's Office of Information and Regulatory Affairs (OIRA) review of Agency regulatory actions.

The ACRS Full Committee meetings are conducted in accordance with FACA because these meetings involve Committee deliberation on recommendations and advice provided to the U.S. Nuclear Regulatory Commission. Full Committee meetings are normally open to the public and provide opportunities for oral or written statements from members of the public to be considered as part of the Committee's information gathering process. A means for the public to access the meetings virtually will be provided as described below. ACRS reviews do not normally encompass matters pertaining to environmental

impacts other than those related to radiological safety.

The ACRS meetings are not adjudicatory hearings such as those conducted by the NRC's Atomic Safety and Licensing Board Panel as part of the Commission's licensing process.

ACRS Subcommittee meetings are not subject to FACA and changes to the procedures for conducting these meetings are detailed below.

General Rules Regarding ACRS Full Committee Meetings

An agenda will be published in the **Federal Register** and on the NRC and ACRS public websites for each Full Committee meeting. There may be a need to make changes to the agenda to facilitate the conduct of the meeting. The Chairman of the Committee is empowered to conduct the meeting in a manner that, in their judgement, will facilitate the orderly conduct of business, including making provisions to continue the discussion of matters not completed on the scheduled day on another day of the same meeting. Persons planning to attend the meeting may contact the Designated Federal Officer (DFO) specified in the **Federal Register** notice prior to the meeting to be advised of any changes to the agenda that may have occurred.

The following requirements shall apply to public participation in ACRS Full Committee meetings:

(a) Persons who plan to submit written comments at the meeting should send their comments via email to the DFO before the beginning of the meeting. Persons who cannot attend the meeting but wish to submit comments for the record regarding the agenda items may do so by sending their comments via email or by transmitting a readily reproducible copy addressed to the DFO specified in the **Federal Register** notice, care of the Advisory Committee on Reactor Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. Email is preferred. Comments should be limited to items being considered by the Committee. In order to ensure that the comments can be considered by the Committee prior to the meeting, the comments should be in the possession of the DFO 5 days prior to the meeting to allow time for reproduction and distribution.

(b) Persons desiring to make oral statements at the meeting should make a request to do so to the DFO before the meeting, identifying the topic(s) on which oral statements will be made and the amount of time needed for presentation so that orderly arrangements can be made. The

Committee will hear oral statements on topics being reviewed at an appropriate time during the meeting as scheduled by the Chairman.

(c) Information regarding topics to be discussed, changes to the agenda, whether the meeting has been canceled or rescheduled, and the time allotted to present oral statements can be obtained by contacting the DFO.

(d) The use of still, motion picture, and television cameras will be permitted at the discretion of the Chairman and in accordance with NRC procedures and policies, and subject to the condition that the use of such equipment will not interfere with the conduct of the meeting. The DFO will have to be notified prior to the meeting and will authorize the use of such equipment after consultation with the Chairman. The use of such equipment will be restricted as is necessary to protect proprietary or privileged information that may be in documents, folders, etc., in the meeting room. Electronic recordings will be permitted only during those portions of the meeting that are open to the public.

(e) A transcript will be kept for certain open portions of the meeting and will be available on the NRC and ACRS public websites and in the NRC Public Document Room (PDR), One White Flint North, Room O-1F21, 11555 Rockville Pike, Rockville, Maryland 20852-2738. A copy of the certified minutes of the meeting will be available at the same location three months following the meeting. Copies may be obtained upon payment of appropriate reproduction charges. ACRS meeting agendas, transcripts, and letter reports are available at pdr@nrc.gov, or by calling the PDR at 1-800-397-4209, or from Agencywide Documents Access and Management System (ADAMS) which is accessible from the NRC website at <https://www.nrc.gov/reading-rm/adams.html> or <https://www.nrc.gov/reading-rm/doc-collections/ACRS/agenda/>.

(f) Virtual attendance opportunities will be made available to public attendees for observing open sessions of ACRS meetings. The relevant information will be included in the agenda on the NRC and ACRS public websites or may be obtained from the cognizant DFO.

ACRS Subcommittee Meetings

In accordance with FACA, the agency is not required to apply the FACA requirements to meetings conducted by the Subcommittees of the NRC Advisory Committees if the Subcommittee's recommendations would be independently reviewed by its parent
