Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain revisions to the countervailable subsidy rate calculations for Tianjin Hweschun Fasteners Manufacturing Co. Ltd. (Tianjin Hweschun), the sole mandatory respondent in this review.⁵ As a result of the changes to Tianjin Hweschun’s program rates, the final rate for the four companies under review which were not selected for individual examination also changed.⁶ These changes are explained in the Issues and Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(A)

³ See Memorandum, “Extension of Deadline for the Final Results of Countervailing Duty Administrative Review; 2021,” dated October 16, 2023.

⁴ See *Certain Collated Steel Staples from the People’s Republic of China: Countervailing Duty Order*, 85 FR 43813 (July 20, 2020) (*Order*).

⁵ See Memorandum, “Final Results Calculations for Tianjin Hweschun Fasteners Manufacturing Co., Ltd.,” dated concurrently with this notice; see also *Preliminary Results*, 88 FR at 43289.

⁶ The four non-selected companies under review are: Ningbo Pacrim Manufacturing Co., Ltd., Shanghai Jade Shuttle Hardware, Shaoxing Bohui Import Export Co., Ltd., and Youngwoo (Cangzhou) Fasteners Co., Ltd. See *Preliminary Results*, 88 FR at 43289.

of the Act. For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁷ The Issues and Decision Memorandum contains a full description of the methodology underlying Commerce’s conclusions, including any determination that relied upon the use of adverse facts available pursuant to sections 776(a) and (b) of the Act.

Companies Not Selected for Individual Review

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. Generally, Commerce looks to section 705(c)(5) of the Act, which provides instructions for determining the all-others rate in an investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 705(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero or *de minimis* countervailable subsidy rates, and any rates determined entirely on the basis of facts available.

As stated above, there are four companies for which a review was requested and not rescinded, and which were not selected as mandatory respondents or found to be cross-owned with the mandatory respondent. Because the rate calculated for the only mandatory respondent in this review, Tianjin Hweschun, was above *de minimis* and not based entirely on facts available, we are applying Tianjin Hweschun’s subsidy rate to these non-selected companies. This methodology used to establish the rate for the non-selected companies is consistent with our practice regarding the calculation of the all-others rate, pursuant to section 705(c)(5)(A)(i) of the Act.

This is the same methodology Commerce applied in the *Preliminary Results* for determining a rate for companies not selected for individual examination. However, due to changes

⁷ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

in the calculation for Tianjin Hweschun, we revised the non-selected rate accordingly. Consequently, for the four companies not selected for individual examination and for which the review was not rescinded, we are applying an

ad valorem subsidy rate of 50.58 percent.

Final Results of Review

We find the net countervailable subsidy rates for the mandatory and

non-selected respondents under review for the period of January 1, 2021, through December 31, 2021, to be as follows:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Tianjin Hweschun Fasteners Manufacturing Co., Ltd	50.58
Review-Specific Rate Applicable to Non-Selected Companies	
Ningbo Pacrim Manufacturing Co., Ltd	50.58
Shanghai Jade Shuttle Hardware	50.58
Shaoxing Bohui Import Export Co., Ltd	50.58
Youngwoo (Cangzhou) Fasteners Co., Ltd	50.58

Disclosure

We intend to disclose the calculations and analysis performed in connection with the final results of review to parties to the proceeding within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review for the above-listed companies at the applicable *ad valorem* assessment rates listed. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for each of the respective companies listed above on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. For all non-reviewed firms subject to the *Order*, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as

appropriate. These cash deposit requirements, effective upon publication of the final results of review, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.
