

Example 8. The facts are the same as in *Example 7*, except that X is a foreign corporation that is not a U.S. payor under § 1.6049–5(c).

(i) *Y's obligations to withhold and report.* Y is not required to report the sales proceeds under the multiple broker exception under paragraph (c)(3)(iii) of this section, because X is the person responsible for paying the proceeds from the sale to A.

(ii) *X's obligations to withhold and report.* Although A is presumed to be a U.S. payee under the presumptions of § 1.6049–5(d)(2), X is not considered to be a broker under paragraph (a)(1) of this section because it is a not a U.S. payor under § 1.6049–5(c)(5). Therefore X is not required to report the sale under paragraph (c)(2) of this section.

[Docket No. USCG–2013–1061]

RIN 1625–AA08

Special Local Regulations; Eighth Coast Guard District Annual and Recurring Marine Events Update

AGENCY: Coast Guard, DHS.

ACTION: Interim final rule; request for comments.

SUMMARY: The Coast Guard is amending and updating its special local regulations relating to recurring marine parades, regattas, and other events that take place in the Eighth Coast Guard District area of responsibility (AOR). This interim rule informs the public of regularly scheduled marine parades, regattas, and other recurring events that require additional safety measures through establishing a special local regulation. Through this interim rule the current list of recurring marine events requiring special local regulations is

updated with revisions, additional events, and removal of events that no longer take place in the Eighth Coast Guard District AOR. When these special local regulations are enforced, certain restrictions are placed on marine traffic in specified areas. Additionally, this one rulemaking project reduces administrative costs involved in producing a separate rule for each individual recurring event and serves to provide notice of the known recurring events requiring a special local regulation throughout the year.

DATES: This rule is effective April 22, 2014. Comments and related material must be received by the Coast Guard on or before May 22, 2014.

B. Regulatory History and Information

The Coast Guard is issuing this interim final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule. This interim rule is effective upon publication without prior notice through publication in the **Federal Register**, but also invites comments regarding the updated list of events. The Coast Guard will address all comments accordingly, whether through response, additional

revision to the regulation, or otherwise. Completing the full NPRM process would unnecessarily delay the effective dates for the events listed to occur in April and May of 2014. This interim rule, prepared to provide the most up to date list of recurring marine events and special local regulations, provides ample notice for all listed events occurring after May. Additionally, these recurring events are noticed to the public through local avenues and planned on by the local communities.

The current list of annual and recurring marine events and special local regulations occurring in the Eighth Coast Guard District AOR is published under 33 CFR part 100.801. That list was last updated May 16, 2012 through a previous rulemaking, [77 FR 2876] and received no adverse comments. Like this interim rule, the May 2012 update added to, removed from, and amended 33 CFR 100.801 to create a comprehensive list of recurring marine events requiring special local regulations. In addition to amending and updating the current list, this interim rule provides additional clarity by separating the events according to each Coast Guard Sector within the Eighth District.

For the same reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Providing a 30-day notice would unnecessarily delay the effective dates for the events listed to occur in April and May of 2014, which are also noticed to the public through local avenues and are planned on by the local communities.

C. Basis and Purpose

The basis for this interim rule is found in 33 U.S.C. 1233 which authorizes the Coast Guard to permit marine events and establish special local regulations related to those marine events. The Coast Guard is amending and updating the special local regulations under 33 CFR part 100 to incorporate the numerous annual marine events held on or around navigable waters within the Eighth Coast Guard District. These events include marine parades, boat races, swim events, and other marine related events. Currently, there is a list of events located at 33 CFR 100.801, establishing a special local regulation for each annual or recurring marine event in the Eighth Coast Guard District's area of responsibility. That list

requires amending to provide new information on existing events and updating to include 42 new events expected to recur annually or biannually and remove 16 special local regulations that are not longer required. Issuing individual rulemakings for each new event, event requiring amendment, or removing an event creates unnecessary administrative costs and burdens. This rule considerably reduces administrative overhead and provides the public with notice through publication in the **Federal Register** of the upcoming recurring marine events and their accompanying special local regulations.

The Coast Guard encourages the public to participate in this rulemaking through the comment process so that any changes necessary can be identified and implemented in a timely and efficient manner.

D. Discussion of the Interim Rule

Title 33 CFR part 100 contains regulations to provide effective control over regattas and marine parades conducted on U.S. navigable waters to ensure safety of life in the regattas or marine parade area. Section 100.801 provides the regulations applicable to events taking place in the Eighth Coast Guard District and also provides a table listing each event and special local regulation. This section requires amendment from time to time to update to properly reflect the annually recurring marine events and special local regulations in the Eighth Coast Guard District. This interim rule amends and updates Section 100.801 replacing the current Table 1 with seven separate tables, one for each Sector within the Coast Guard's Eighth District as follows:

Table 1—Sector Ohio Valley
Table 2—Sector Upper Mississippi River
Table 3—Houston Galveston
Table 4—Corpus Christi
Table 5—New Orleans
Table 6—Sector Lower Mississippi River
Table 7—Sector Mobile

Categorizing the events and special local regulations by Sector eliminates dual numbering within the District list and then again by Sector. Listing events and special local regulations by Sector also provides easier reference to a specific event or regulation.

Additionally, this rule adds 42 new events with special local regulations and removes 16 events as follows:

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The Coast Guard expects the economic impact of this rule to be so minimal that a full regulatory evaluation is unnecessary. The marine parades, regattas, and other marine events listed in this rule will restrict vessel traffic in certain areas of Eighth Coast Guard District waters at specified times; however, the effect of this regulation will not be significant because these events are short in duration and the special local regulations restricting and governing vessel movements are also limited in scope and short in duration. Additionally, the public is given advance notification through local forms of notice, the **Federal Register**, and/or Notices of Enforcement and thus will be able to plan operations around the events in advance. Deviations from each special local regulation may be requested through the COTP and each request will be considered on a case-by-case basis.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

This rule may affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit the regulated areas during the marine events and periods of enforcement. The special local regulations will not have a significant economic impact on a

substantial number of small entities for the following reasons. These regulations are limited in scope and will be in effect for short periods of times. Before each enforcement period, the Coast Guard COTP will issue maritime advisories widely available to waterway users. Deviations from each special local regulation may be requested through the COTP and each request will be considered on a case-by-case basis.

Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this interim final rule will not have a significant economic impact on a substantial number of small entities.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small businesses. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a

State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use

voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security

Management Directive 0023.1 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded under section 2.B.2, figure 2–1, paragraph (34)(h) of the Instruction because it involves establishment of special local regulations related to marine event permits for marine parades, regattas, and other marine events. An Environmental analysis and a categorical exclusion determination are not required for these regulations because the environmental review was performed during each marine event permit review process.
