Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for Federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for Federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order

13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction because this rule involves drawbridge regulations. Therefore, this rule is categorically excluded, under figure 2-1, paragraph (32)(e) of the Instruction, from further environmental documentation.

Drawbridge Operation Regulations; Intracoastal Waterway (ICW); Beach Thorofare, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Fifth Coast Guard District, has approved a temporary deviation from the regulations governing the operation of the Margate Bridge, at ICW mile 74.0, across Beach Thorofare at Margate, New Jersey. This deviation is necessary to make emergency structural steel repairs.

DATES: This deviation is effective from 7 a.m. on March 1, 2008, to 11:59 p.m. on May 1, 2008.

ADDRESSES: Materials referred to in this document are available for inspection or

copying at Commander (dpb), Fifth Coast Guard District, Federal Building, 1st Floor, 431 Crawford Street, Portsmouth, VA 23704-5004 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays. The telephone number is (757) 398-6557. Commander (dpb), Fifth Coast Guard District maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: Mrs. Sandra S. Elliott, Bridge Management Specialist, Fifth Coast Guard District, at (757) 398-6557.

SUPPLEMENTARY INFORMATION: The subcontractor on behalf of the Margate Bridge Company, who owns and operates this double-leaf bascule drawbridge, has requested a temporary deviation from the current operating regulations set out in 33 CFR 117.5 that requires the bridge to open promptly and fully for the passage of vessels when a request to open is given.

Margate Bridge has a vertical clearance in the closed position to vessels of 14 feet above mean high water (MHW).

Under this temporary deviation, the drawbridge will provide partial openings of the lift spans for vessels. The emergency structural steel repairs require immobilizing half of the draw span to single-leaf operation each day, beginning 7 a.m. on Saturday, March 1, 2008, until and including 11:59 p.m. Thursday, May 1, 2008, with a work barge occupying one-half of the 58-foot wide channel under the bridge, so passage through the bridge will be limited to a 29-foot width for the duration of the project. The opposite connecting span while not under repair will continue to open for vessels if at least a half-hour advance notice is given to the bridge tender at (609) 822-9175 or via marine radio on channel 13 VHF. Also, mariners requiring the full opening of the lift spans or the full width of the channel under the bridge will be directed to use the Atlantic Ocean as the alternate route between Absecon and Great Egg Harbor Inlets.

The Coast Guard will inform the users of the waterway through our Local and Broadcast Notices to Mariners of the partial openings of the draw span to minimize transiting delays caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 26, 2008.

Waverly W. Gregory, Jr.,

Chief, Bridge Administration Branch, Fifth Coast Guard District.

RIN 1625-AA09

Drawbridge Operation Regulation; Bonfouca Bayou, Slidell, LA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the regulation governing the operation of the State Route 433 (S433) Bridge across Bonfouca Bayou, mile 7.0, at Slidell, St. Tammany Parish, Louisiana and cancelling the test deviation presently in effect for this bridge. This change is being made in order to reduce the hours that the bridge must be manned during the period between 6 p.m. and 6 a.m., making more efficient use of operating resources.

DATES: This rule is effective April 10, 2008. The test deviation, USCG-2007-0068, published on November 9, 2007, old docket number CGD08-07-034, (72 FR 63486) is cancelled as of April 10, 2008.

ADDRESSES: Comments and related materials received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket USCG-2007-0070, previously published under docket number CGD08-07-033. The docket is available at <http://www.regulations.gov>. SUPPLEMENTARY INFORMATION:

Regulatory Information

On November 9, 2007, we published a notice of proposed rulemaking (NPRM) entitled "Drawbridge Operation Regulations; Bonfouca Bayou, Slidell, LA" in the **Federal Register** (72 FR 63530) under docket number CGD08-07-033. No public meeting was requested, and none was held.

Concurrent with the publication of the Notice of Proposed Rulemaking concerning this schedule of operation, a Test Deviation was published on November 9, 2007, entitled "Drawbridge Operation Regulations; Bonfouca Bayou, Slidell, LA" in the **Federal Register**, (72 FR 63486) under docket number USCG 2007-0068, previously docket number CDG08-07-034. This test deviation was issued to allow the Louisiana Department of Transportation and Development to test the proposed schedule and to obtain data and public comments. This deviation is being cancelled upon this final rule going into effect because there have been no comments or complaints, and the new operating schedule will be permanent upon cancellation. This deviation from the operating regulations was authorized under 33 CFR 117.35.

Background and Purpose

The Louisiana Department of Transportation and Development requested that the operating regulation on the S433 Bridge be changed in order to reduce the hours that the bridge must be manned during the period between 6 p.m. and 6 a.m., making more efficient use of operating resources. Currently 33 CFR 117.433 reads: The draw of the S433 Bridge, mile 7.0, at Slidell shall operate as follows:

(a) The draw need not open for passage of vessels from 7 a.m. to 8 a.m. and from 1:45 p.m. to 2:45 p.m., Monday through Friday except Federal holidays.

(b) The draw need open only on the hour and half-hour from 6 a.m. to 7 a.m. and from 3 p.m. to 6 p.m., Monday through Friday except Federal holidays.

(c) The draw shall open on signal from 9 p.m. to 5 a.m., if at least four hours notice is given to the Louisiana Department of Transportation and Development Security Service at (504) 375-0100.

(d) At all other times the draw shall open on signal.

In order to reduce the hours that the bridge must be manned during the
