Update of Continuous Instrumental Test Methods: Technical Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: EPA published a direct final rule on September 7, 2007, to correct errors in a May 15, 2006, final rule amending five instrumental test methods. We received adverse comment during the comment period on the September 2007 direct final rule and are now withdrawing that direct final rule.

DATES: Effective November 5, 2007, EPA withdraws the direct final rule published at 72 FR 51365, September 7, 2007.

SUPPLEMENTARY INFORMATION: Because EPA received adverse comment, we are withdrawing the direct final rule entitled "Update of Continuous Instrumental Test Methods: Technical Amendments" published on September 7, 2007 (72 FR 51365). This direct final

rule made corrections to a May 15, 2006 final rule (71 FR 28082) which amended five instrumental test methods. The direct final was to correct errors and clarify portions of the amendments that may have been ambiguous. We stated in the September 2007 direct final rule that if we received any adverse comments by October 9, 2007, the direct final would not take effect and we would publish a timely withdrawal in the **Federal Register**. We subsequently received adverse comments on that direct final rule.

We will address those comments in any subsequent final action based on the parallel proposed rule also published on September 7, 2007 (72 FR 51392). As stated in the direct final rule and the parallel proposed rule, we will not institute a second comment period on this action.

Dated: October 30, 2007.

Stephen L. Johnson,
Administrator.

■ Accordingly, the amendments to the rule published on September 7, 2007 (72 FR 51365), are withdrawn as of November 5, 2007.

Air Quality Designations for the Fine Particle (PM_{2.5}) National Ambient Air Quality Standards; Notice of Actions Denying Petitions for Reconsideration

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of actions denying petitions for reconsideration.

SUMMARY: The EPA is providing notice that it has responded to sixteen petitions for reconsideration of the air

quality designations for the fine particle (PM_{2.5}) national ambient air quality standards (NAAQS). The PM_{2.5} designations were published in the **Federal Register** on January 5, 2005, and a supplemental notice to this action was published in the **Federal Register** on April 14, 2005. Subsequent to the publication of this action, a total of sixteen petitions for reconsideration were received by EPA. The EPA considered the petitions and supporting information along with information contained in the rulemaking docket in reaching a decision on the petitions. EPA Administrator Stephen L. Johnson denied the petitions for reconsideration in separate letters to the petitioners issued between December 2005 and October 2007. The letters explain EPA's reasons for the denials.
