

Defendants, relating to any matters contained in this Final Judgment; and

(2) to interview, either informally or on the record, Defendants' officers, employees, or agents, who may have their individual counsel present, regarding such matters. The interviews shall be subject to the reasonable convenience of the interviewee and without restraint or interference by Defendants.

B. Upon the written request of an authorized representative of the Assistant Attorney General in charge of the Antitrust Division, Defendants shall submit written reports or response to written interrogatories, under oath if requested, relating to any of the matters contained in this Final Judgment as may be requested.

C. No information or documents obtained by the means provided in this section shall be divulged by the United States to any person other than an authorized representative of the executive branch of the United States, except in the course of legal proceedings to which the United States is a party (including grand jury proceedings), or for the purpose of securing compliance with this Final Judgment, or as otherwise required by law.

D. If at the time information or documents are furnished by Defendants to the United States, Defendants represent and identify in writing the material in any such information or documents to which a claim of protection may be asserted under Rule 26(c)(1)(g) of the Federal Rules of Civil Procedure, and Defendants mark each pertinent page of such material, "Subject to claim of protection under Rule 26(c)(1)(g) of the Federal Rules of Civil Procedure," then the United States shall give Defendants ten (10) calendar days notice prior to divulging such material in any legal proceeding (other than a grand jury proceeding).

XII. No Reacquisition

Defendants may not reacquire any part of the Divestiture Mills during the term of this Final Judgment.

XIII. Retention of Jurisdiction

This Court retains jurisdiction to enable any party to this Final Judgment to apply to this Court at any time for further orders and directions as may be necessary or appropriate to carry out or construe this Final Judgment, to modify any of its provisions, to enforce compliance, and to punish violations of its provisions.

XIV. Expiration of Final Judgment

Unless this Court grants an extension, this Final Judgment shall expire ten (10) years from the date of its entry.

XV. Public Interest Determination

The parties have complied with the requirements of the Antitrust Procedures and Penalties Act, 15 U.S.C. 16, including making copies available to the public of this Final Judgment, the Competitive Impact Statement, and any comments thereon and the United States' responses to comments. Based upon the record before the Court, which includes the Competitive Impact Statement and any comments and response to comments filed with the Court, entry of this Final Judgment is in the public interest.

Date: _____

Court approval subject to procedures of Antitrust Procedures and Penalties Act, 15 U.S.C. 16.

BILLING CODE 4410-11-P

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of Intent To Renew the Advisory Committee on Apprenticeship (ACA) Charter

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Secretary of Labor has determined that the renewal of the Advisory Committee on Apprenticeship is necessary and in the public interest. The Department of Labor intends to renew the ACA Charter with revisions. The revisions are not intended to change the purpose or the Committee's original intent. The revisions are a routine updating of the Charter to ensure closer alignment with the Department's current apprenticeship expansion goals.

FOR FURTHER INFORMATION CONTACT: The Designated Federal Official, Mr. John V. Ladd, Administrator, Office of Apprenticeship, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-5311, Washington, DC 20210, Telephone: (202) 693-2796 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: Registered Apprenticeship is a unique public

private partnership that is highly dependent on the engagement and involvement of its stakeholders and partners for its ongoing operational effectiveness. Apart from the ACA, there is no single organization or group with the broad representation of labor, employers, and the public available to consider the complexities and relationship of apprenticeship activities to other training efforts or to provide advice on such matters to the Secretary. It is particularly important to have such considerations at this time in light of the current national interest in apprenticeship and the Department of Labor's goal to double the number of apprentices across the country, in the next five years by expanding into a variety of non-traditional industries. The ACA's insight and recommendations on the best ways to grow apprenticeship to meet the emerging skill needs of employers is critical. For these reasons, the Secretary of Labor has determined that the renewal of a national advisory committee on apprenticeship is necessary and in the public interest. The ACA Charter is being renewed to provide advice and recommendations to the Secretary on the following: (1) The development and implementation of policies, legislation and regulations affecting the National Registered Apprenticeship system; (2) strategies that can expand the use of the Registered Apprenticeship model in non-traditional industries such as, but not limited to, Transportation/Logistics, Healthcare, Energy, Advanced Manufacturing, and Information Technology and Communications; (3) ways to more effectively partner with the public workforce system and educational institutions and communities to leverage Registered Apprenticeship as a valued post-secondary credential; including policies related to the Registered Apprenticeship College Consortium; (4) the development of career pathways that can lead to good jobs for everyone and sustained employment for new and incumbent workers, youth, Veterans, women, minorities and other under-utilized and disadvantaged populations; and (5) efforts to improve performance, quality and oversight, and utilization of the National Registered Apprenticeship system. The current ACA Charter will expire on January 15, 2017. The ACA's Charter is required to be renewed every two years. Since the Charter was last renewed in January 2013, it has been revised in three sections to ensure alignment with departmental priorities. The following three sections have been

updated (1) Objectives and Scope of Activities; (2) Estimated Annual Operating Cost and Staff Years; and (3) Membership and Designation.

Summary of the Changes

1. *Objectives and Scope of Activities*—The objectives and scope section of the ACA Charter outlines the areas of focus where the ACA will provide advice and recommendations. The current ACA Charter states that the ACA will advise on strategies to expand apprenticeship into the Manufacturing, Energy, and the Healthcare industries. The proposed ACA Charter is being updated to reflect the industries currently being targeted for expansion and now includes Transportation/Logistics, Healthcare, Energy, Advanced Manufacturing, and Information Technology and Communications industries.

2. *Estimated Annual Operating Cost and Staff Years*—The operating costs in the proposed Charter are being increased to account for increases in travel costs, resulting from an increase in the number of ACA members from outside of the Washington, DC metropolitan area. Further cost have been updated to more accurately account for the decrease in contractor support and the subsequent increase in federal staff time utilized to support the ACA, as well as, the participation of its ex-officio federal members.

3. *Membership and Designation*—Given the apprenticeship expansion efforts, the ACA representatives will be balanced in terms of (1) points of view, (2) sectors (employers, labor and public), and (3) industries targeted for expansion. Therefore, the range of voting members is being increased from 24–27 members to 27–30 members to provide the flexibility to ensure balance is maintained and all the necessary stakeholder groups are represented. In addition, the current ACA Charter states that the ACA may consult with industry experts and others as appropriate. The proposed ACA Charter includes language to affirm that the ACA will consult with industry experts, and further clarifies that they will specifically consult with experts from the industries that are being targeted for apprenticeship expansion.

Assistant Secretary for the Employment and Training Administration.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The information collection requirements in the Inorganic Arsenic Standard provide protection for workers from the adverse health effects associated with exposure to inorganic arsenic. The Inorganic Arsenic Standard requires employers to: Monitor workers' exposure to inorganic arsenic and notify workers of exposure-monitoring results; notify anyone who cleans protective clothing or equipment of inorganic arsenic exposure; develop, update and
