

The Service has determined that the award of a sole-source concession contract is in the public interest because otherwise there would be no concessioner providing the visitor services or maintaining the government-owned facilities for at least two years.

This is not a request for proposals. The publication of this notice reflects the intent of the Service but does not bind the Service to award the sole-source contract. Should the Service award the sole-source contract, the NPS will ensure such award is otherwise consistent with the requirements of part 51.

Justin Unger,

Associate Director, Business Services.
