Background: In her request letter (received July 5, 2022), the USTR stated that the United States and Korea have recently reached preliminary agreement on a proposed modification to the KORUS rules of origin for certain fabrics. The USTR stated that section 202(o)(2)(B)(i) of the Act authorizes the President, subject to the consultation and layover requirements of section 104 of the Act, to proclaim such modifications to the rules of origin for textiles and apparel goods as are necessary to implement an agreement with Korea pursuant to Article 4.2.5 of the U.S.-Korea FTA. The USTR also stated that one of the requirements set out in section 104(1) of the Act is that the President obtain advice regarding the proposed action from the Commission.

In the request letter, the USTR asked that the Commission provide advice on the probable economic effect of the rules of origin modification on U.S. trade under KORUS, total U.S. trade, and domestic producers of the affected articles. She further requested that the Commission provide its advice at the earliest possible date but no later than four months from receipt of the request, and that it issue as soon as possible thereafter, a public version of its report with any confidential business information redacted.

The proposed modification to the KORUS rules of origin covers certain fabrics of heading 5408 made from textured and non-textured triacetate filament yarns of subheading 5403.33. The request letter and the proposed modification are available on the Commission's website at <https://www.usitc.gov>. As requested, the Commission will provide its advice to USTR no later than four months from receiving the request letter (or by November 4, 2022).
