SUMMARY: The Office of Refugee Resettlement (ORR), Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is inviting public comments on revisions to an approved information collection. The request will allow the Unaccompanied Children (UC) Program to ensure that UC are placed in foster homes that meet their individual needs and ensure continuity of services.

Description: ORR is proposing the following revisions to its Long-Term Foster Care Placement Memo (Form P-5):

This term is more in line with terminology currently used in domestic child welfare programs and will be inclusive of ORR long-term foster care and transitional foster care programs.
- Increase the number of respondents and number of responses per respondent to include transitional foster care programs (in addition to long-term foster care programs).
- Update instructions on which fields are completed for initial placements and which are completed for transfers within the community-based care program.
- Reword some fields and instructions for clarity.
- Add field to capture the facility name for children placed in an out-of-network community-based care program.
- Separate fields that capture contact information for the foster family or group home into separate subsections and expand the fields to capture additional contact information (e.g., phone or email) in addition to name and address.
