

Traditional Recreation Subzone. The second component targets other, non-OSV users of the Traditional Recreation Subzone.

1. Survey OSV Permit Holders Utilizing the Traditional Recreation Subzone

The purpose of the proposed research is to provide park managers with information about National Seashore OSV users, attributes and quality of the current OSV experience, and user attitudes regarding OSV management. A randomly selected group of current (2008) OSV permit holders will be provided survey questionnaires either in-person or through the mail. The survey will include questions intended to develop information describing OSV user demographics, the frequency, patterns and type of OSV use, standards of quality and factors influencing visitor experience (both positive and negative), and user attitudes regarding the impacts of current and potential future OSV management and resource protection practices. This research is proposed for the summer and fall of 2008.

2. Survey Non-OSV Users of the Traditional Recreation Subzone

The second component of the proposed research is intended to provide park managers with information about other, non-OSV users of the National Seashore's Traditional Recreation Subzone. Non-OSV users of the Subzone include day use hikers, overnight campers using the hike-in primitive backcountry campgrounds, and boat-in visitors. A randomly selected group of visitors issued backcountry camping permits between September 1, 2007 and August 30, 2008, will be provided survey questionnaires through the mail. The survey will include questions similar to the types described above for Component 1, except that the intent will be to develop information from the perspective of non-OSV users of the Traditional Recreation Subzone. This research is proposed for the summer and fall of 2008. The obligation to respond is voluntary.

Automated data collection: This information will be collected via questionnaires, distributed either on-site or through the mail. No automated data collection will take place.

Description of respondents:
Component 1—on-site or mail-back surveys: ASIS OSV special use permit holders for calendar year 2008.
Component 2—mail-back surveys: ASIS visitors issued backcountry camping permits between September 1, 2007 and August 31, 2008.

Estimated average number of respondents: Component 1: 300 respondents; Component 2: 200 respondents.

Estimated average burden hours per response: Component 1: 15 minutes; Component 2: 15 minutes.

Frequency of Response: 1 time per respondent.

Estimated annual reporting burden: 125 hours.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so.

Dated: February 11, 2008.

Leonard E. Stowe,

NPS, Information Collection Clearance Officer.

Availability of Draft Environmental Impact Statement and General Management Plan for Minuteman Missile National Historic Site, South Dakota

SUMMARY: Pursuant to Section 102(2)(C) of the National Environment Policy Act of 1969, 42 U.S.C. 4332(2)(c), the National Park Service (NPS) announces the availability of a draft Environmental Impact Statement and General Management Plan (EIS/GMP) for Minuteman Missile National Historic Site, South Dakota.

DATES: The draft EIS/GMP will remain available for public review for 60 days following the publishing of the notice of its availability in the **Federal Register** by the U.S. Environmental Protection Agency. Public meetings will be held during the 60-day review period. You may submit your comments by any one of several methods. You may comment

via the Internet through the NPS Planning, Environment, and Public Comment Web site (<http://parkplanning.nps.gov>); simply click on the link to Minuteman Missile National Historic Site. You may mail comments to Superintendent Mark Herberger, Minuteman Missile National Historic Site, 21280 South Dakota Highway 240, Philip, South Dakota 57567. You may contact the Superintendent by telephone at 605-433-5552 or by fax at 605-433-5558. Finally, you may hand-deliver comments to the Minuteman Missile National Historic Site headquarters at the address above.

ADDRESSES: Copies of the draft EIS/GMP are available from Superintendent Mark Herberger, Minuteman Missile National Historic Site, 21280 South Dakota Highway 240, Philip, South Dakota 57567.

SUPPLEMENTARY INFORMATION: This GMP will guide the management of the Minuteman Missile National Historic Site for the next 25 years. The draft GMP considers four draft conceptual alternatives—a no-action and three-action alternatives, including the NPS preferred alternative. The draft document will also include the NPS's preferred location for the visitor/administrative facility.

The NPS preferred alternative would be to present the Delta facilities as symbols that commemorate the Cold War. In this alternative, Delta One would be restored to its active duty alert condition with many original furnishings and items still in place. Guided ranger shuttle tours would be required to access this facility. The Delta Nine facility would remain as it is today. This would be a self-guided experience with parking and interpretive information located nearby.

The draft EIS assesses impacts to cultural resources (archaeological resources, historic buildings and structures, cultural landscapes, ethnographic resources, and museum collections); natural resources (air quality, vegetation, and wildlife); visitor use and experience; socioeconomic environment; and park administration and operations.

FOR FURTHER INFORMATION CONTACT: Contact Superintendent, Minuteman Missile National Historic Site, at the address or telephone number above. Before including your address, telephone number, electronic mail address, or other personal identifying information in your comments, you should be aware that your entire comment (including your personal identifying information) may be made publicly available at any time. While

you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. We will make all submissions from organizations or businesses, from individuals identifying themselves as representatives or officials, or organizations or businesses available for public inspection in their entirety.

Dated: August 24, 2007.

Ernest Quintana,

Regional Director, Midwest Region.

EDITORIAL NOTE: This document was received at the Office of the Federal Register on February 14, 2008.

Notice of Meeting of Concessions Management Advisory Board

SUMMARY: In accordance with the Federal Advisory Committee Act (Public Law 92–463, 86 Stat. 770, 5 U.S.C. App 1, Section 10), notice is hereby given that the Concessions Management Advisory Board (the Board) will hold its 18th meeting March 12–13, 2008, at Embassy Suites Hotel, Washington, DC. The meeting will convene Wednesday, March 12 at 10 a.m. and will conclude at 4 p.m. The meeting will reconvene Thursday, March 13 at 9 a.m. and will conclude before 4 p.m.

ADDRESSES: The meeting will be held in DC Convention Center Embassy Suites Hotel, 900 10th Street, NW., Washington, DC 20001. Hotel phone number: (202) 719–1438.

SUPPLEMENTARY INFORMATION: The Board was established by Title IV, Section 409 of the National Parks Omnibus Management Act of 1998, November 13, 1998 (Pub. L. 105–391). The purpose of the Board is to advise the Secretary and the National Park Service on matters relating to management of concessions in the National Park System. The Board will meet at 10 a.m. Wednesday, March 12, and 9 a.m. on Thursday, March 13, for the regular business meeting and continued discussion on the following subjects:

- Presentations by National Park Hospitality Association
- Leasehold Surrender Interest Tracking Tool Update
- Concession Contracting Status Update and Regional Reports
- Revised Concession Annual Operational Review Forms

- Concession Facility Asset Management Update
- DO 35B—Utility Rates for Non-NPS Users
- Centennial Challenge Initiative Status
- Concession Program Training and Development Update
- Buy American Initiative
- Other business

The meeting will be open to the public, however, facilities and space for accommodating members of the public are limited, and persons will be accommodated on a first-come-first-served basis.

Assistance to Individuals With Disabilities at the Public Meeting

The meeting site is accessible to individuals with disabilities. If you plan to attend and will require an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive listening device, or materials in an alternate format), notify the contact person listed in this notice at least 2 weeks before the scheduled meeting date. Attempts will be made to meet any request(s) we receive after that date, however, we may not be able to make the requested auxiliary aid or service available because of insufficient time to arrange for it.

Anyone may file with the Board a written statement concerning matters to be discussed. The Board may also permit attendees to address the Board, but may restrict the length of the presentations as necessary to allow the Board to complete its agenda within the allotted time. Such requests should be made to the Director, National Park Service, Attention: Manager, Concession Program, at least 7 days prior to the meeting. Draft minutes of the meeting will be available for public inspection approximately 6 weeks after the meeting, at the Concession Program office located at 1201 Eye Street, NW., 11th Floor, Washington, DC.

FOR FURTHER INFORMATION CONTACT:

National Park Service, Concession Program, 1201 Eye Street, NW., Washington, DC 20240, Telephone: 202–13–7151.

Dated: February 13, 2008.

Daniel N. Wenk,

Deputy Director, National Park Service.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—BioNanomatrix-Complete Genomics NIST ATP Joint Venture

Notice is hereby given that, on January 10, 2008 pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), BioNanomatrix-Complete Genomics NIST ATP Joint Venture has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to section 6(b) of the Act, the identities of the parties to the venture are: BioNanomatrix, Inc., Philadelphia, PA; and Complete Genomics, Inc., Mountain View, CA. The general area of planned activity for BioNanomatrix-Complete Genomics NIST ATP Joint Venture is to research the feasibility of sequencing the entire human genome in less than 8 hours for less than \$100 using breakthrough technology called Linear Imaging Sequence Analysis (LISA) which requires the use of a novel sequence interrogation chemistry developed from CGI’s ligation sequencing chemistry combined with a novel nanofluidic biochip adapted from BNM’s nanoanalyzer technology.

The activities of this venture project will be partially funded by an award from the Advanced Technology Program, National Institute of Standards and Technology, U.S. Department of Commerce under Award Number 70NANB7H7027.

Patricia A. Brink,

Deputy Director of Operations, Antitrust Division.
