SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Miner’s Claim for Benefits Under the Black Lung Benefits Act and Employment History (Forms CM–911 and CM–911a) information collection. A miner files Form CM–911 to apply for benefits under the Black Lung Benefits Act. The applicant lists the coal miner’s work history on the CM–911a; all applicants, both miners and survivors, complete this latter form. This information collection has been classified as a revision, because of minor changes to the forms. The changes clarify certain sections so claimants can better understand what information to provide. The OWCP has also incorporated a notice that informs persons with disabilities how they may request assistance to complete the information collection. The Black Lung Benefits Act (30 U.S.C. 901 *et seq.*) authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240–0038. The current approval is scheduled to expire on October 31, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 21, 2014 (79 FR 29218).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240–0038. The OMB is particularly interested in comments that:
