

within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We received no substantive response from any other domestic or interested parties in this proceeding, nor was a hearing requested.

On July 2, 2019, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.⁸ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of this countervailing duty order.

Scope of the Order

The merchandise subject to the order is certain welded carbon quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 mm. The merchandise subject to the order is currently classifiable under items 7306.61.50.00 and 7306.61.70.60

of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive. For a full description of the scope of the order, see the Issues and Decision Memorandum.⁹

Analysis of Comments Received

All issues raised in this sunset review are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. The issues discussed in the Issues and Decision Memorandum are the likelihood of continuation or recurrence of a countervailable subsidy and the net countervailable subsidy rates likely to prevail if this order were revoked. The Issues and Decision Memorandum is a public document and is on file electronically via the Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to

registered users at <http://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Commerce building. A list of topics discussed in the Issues and Decision Memorandum is included as an Appendix to this notice. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(b)(1) and (3) of the Act, we determine that revocation of the countervailing duty order on light-walled rectangular pipe and tube from the China would be likely to lead to continuation or recurrence of a countervailable subsidy at the rates listed below:

Manufacturers/producer/exporter	Net countervailable subsidy (percent)
Zhangjiagang Zhongyuan Pipe-making Co., Ltd., Jiangsu Qiyuan Group Co., Ltd	15.28
Qingdao Xiangxing Steel Pipe Co., Ltd	200.58
Kunshan Lets Win Steel Machinery Co., Ltd	2.20
All-Others	15.28

Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This five-year (sunset) review and notice are in accordance with sections 751(c), 752(b), and 777(i)(1) of the Act and 19 CFR 351.218.

Dated: August 23, 2019.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.
