(d) In accordance with 22 U.S.C. 2761(e)(2)(C), any increase in a NC charge previously approved as appropriate may be waived for a particular sale if the increase results from a correction of an estimate of the production quantity base that was used for calculating the charge.

(e) Requests for waivers should originate with the foreign government and shall provide information on the extent of standardization to be derived as a result of the waiver.

(1) Blanket waiver requests should not be submitted and shall not be considered.

(2) A waiver request shall not be considered for a sale that was accepted without an NC recoupment charge waiver, unless the acceptance was conditional on consideration of the waiver request.

(3) Requests for waivers shall be processed expeditiously, and approved or disapproved by USD(P) within 60 days of receipt. A waiver in whole or in part of the recoupment charge or a denial of the request shall be provided in writing.

RIN 1625-AA00; 1625-AA08

Safety Zones and Special Local Regulations; Recurring Marine Events in Captain of the Port Long Island Sound Zone

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is adding, deleting, and modifying safety zones and special local regulations and adding language to clarify time frames and notification requirements for annual marine events in the Sector Long Island Sound Captain of the Port (COTP) Zone. When these regulated areas are activated and subject to enforcement, this rule will restrict vessels from portions of water areas during these recurring events. The safety zones and special

local regulations will facilitate public notification of events and provide protective measures for the maritime public and event participants from the hazards associated with these recurring events.

DATES: This rule is effective June 24, 2013.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard promulgated safety zones and special local regulations for most of the events in the past and received no public comments. The most recently promulgated rulemaking was on April 4, 2013 when the Coast Guard published a notice of proposed rulemaking (NPRM) entitled "Safety Zones & Special Local Regulation; Recurring Marine Events in Captain of the Port Long Island Sound Zone" in the **Federal Register** (78 FR 20277).

Prior to the NPRM being published in the **Federal Register** (78 FR 20277), the Coast Guard promulgated a similar rulemaking on April 4, 2012 when it published an NPRM entitled "Special Local Regulation and Safety Zones; Marine Events in Captain of the Port Sector Long Island Sound Zone" in the **Federal Register** (77 FR 20324). That NPRM was followed by a final rule published on July 5, 2012, entitled,

"Special Local Regulation and Safety Zones; Marine Events in Captain of the Port Sector Long Island Sound Zone" in the **Federal Register** (77 FR 39633).

For all of the proposed rulemakings listed in this section no public comments were received. There were no requests received for a public meeting and due to the fact that no significant issues were identified the Coast Guard determined that no public meetings were needed.

B. Basis and Purpose

The legal basis for this rule is 33 U.S.C. 1231, 1233; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6 and 160.5; Public Law 107-295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to define regulatory safety zones.

This regulation carries out four related actions: (1) Establish new marine event regulated areas, (2) remove old safety zones that are no longer needed, (3) modify and update some existing regulated areas and (4) clarify event time frames and notification requirements for marine events. This will account for new events, remove events that are no longer held, and to account for modifications to several of the recurring marine events that have occurred since last year.

C. Discussion of Comments, Changes and the Final Rule

No comments were received and no changes have been made to the final rule.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this rule to be minimal. Although this regulation may have some impact on the

public, the potential impact will be minimized for the following reasons:

The Coast Guard has previously promulgated safety zones, security zones or special local regulations, in accordance with 33 CFR Parts 100 and 165, for all event areas contained within this regulation and has not received notice of any negative impact caused by any of the safety zones or special local regulations.

Vessels will only be restricted from safety zones and special local regulation areas for a short duration of time.

Vessels may transit in portions of the affected waterway except for those areas covered by the regulated areas.

Notifications of exact dates and times of the enforcement period will be made to the local maritime community through the Local Notice to Mariners and Broadcast Notice to Mariners or through a Notice of Enforcement in the **Federal Register**. No new or additional restrictions would be imposed on vessel traffic.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The Coast Guard received zero comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

The regulated areas will not have a significant economic impact on a substantial number of small entities for the following reasons: The regulated areas will be of limited size and of short duration; vessels that can safely do so may navigate in all other portions of the waterways except for the areas designated as regulated areas; most of these regulated areas have been promulgated in the past with no public comments submitted. Additionally, before the effective period, the Coast Guard will issue notice of the time and location of each regulated area through all appropriate means including but not limited to Local Notice to Mariners or Broadcast Notice to Mariners.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person

listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have

taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of safety zones and special local regulations. This rule is categorically excluded from further review under paragraph 34(g) & (h) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination

and a Categorical Exclusion Determination are available in the docket where indicated under

ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

TABLE TO § 100.100

1.1 Harvard-Yale Regatta, Thames River, New London, CT	• Event type: Boat Race. • Date: Last Saturday in May through second Saturday of June, from 8 a.m. until 5 p.m. • Location: All waters of the Thames River at New London, Connecticut, between the Penn Central Draw Bridge 41°21'46.94" N 072°5'14.46" W to Bartlett Cove 41°25'35.9" N 072°5'42.89" W (NAD 83). • Additional stipulations: Spectator vessels must be at anchor within a designated spectator area or moored to a waterfront facility within the regulated area in such a way that they shall not interfere with the progress of the event at least 30 minutes prior to the start of the races. They must remain moored or at anchor until the men's varsity have passed their positions. At that time, spectator vessels located south of the Harvard Boathouse may proceed downriver at a reasonable speed. Vessels situated between the Harvard Boathouse and the finish line must remain stationary until both crews return safely to their boathouses. If for any reason the men's varsity crew race is postponed, spectator vessels will remain in position until notified by Coast Guard or regatta patrol personnel. The last 1000 feet of the race course near the finish line will be delineated by four temporary white buoys provided by the sponsor. All spectator craft shall remain behind these buoys during the event. Spectator craft shall not anchor: to the west of the race course, between Scotch Cap and Bartlett Point Light, or within the race course boundaries or in such a manner that would allow their vessel to drift or swing into the race course. During the effective period all vessels shall proceed at a speed not to exceed six knots in the regulated area. Spectator vessels shall not follow the crews during the races. Swimming is prohibited in the vicinity of the race course during the races. A vessel operating in the vicinity of the Submarine Base may not cause waves which result in damage to submarines or other vessels in the floating dry-docks.
1.2 Great Connecticut River Raft Race, Middletown, CT	• Event type: Boat Race. • Date: Last Saturday in July through the first Saturday in August, from 10 a.m. until 2 p.m. • Location: All waters of the Connecticut River Middletown, CT between Dart Island (Marker no. 73) 41°33'8.235" N 072°33'24.459" W and Portland Shoals (Marker no. 92) 41°33'46.828" N 072°38'42.176" W (NAD 83).

RIN 1625-AA09

Drawbridge Operation Regulation; Thea Foss Waterway Previously Known as City Waterway, Tacoma, WA**AGENCY:** Coast Guard, DHS.**ACTION:** Final rule.

SUMMARY: The Coast Guard is modifying the operating schedule that governs the Murray Morgan Bridge, also known as the South 11th Street Bridge, across Thea Foss Waterway, mile 0.6, previously known as City Waterway, at Tacoma, WA. This modified rule allows more efficient staffing of the bridge operating crew by requiring advance notification for bridge openings during designated hours. This rule also

removes previously authorized closure periods for the bridge to better reflect present day transportation needs. Lastly, this rule updates contact information for requesting emergency bridge openings.

DATES: This rule is effective June 24, 2013.

A. Regulatory History and Information

On November 20, 2012 the Coast Guard published a notice of proposed rulemaking (NPRM) entitled, "Drawbridge Operation Regulation; Thea Foss Waterway previously known as City Waterway, Tacoma, WA" in the **Federal Register** (77 FR 69576). The Coast Guard received no comments on the proposed rule. No public meeting was requested, and none was held.

B. Basis and Purpose

The Murray Morgan Bridge, also known as the South 11th Street Bridge crosses the Thea Foss Waterway at mile 0.6 Tacoma, WA. The Thea Foss Waterway was previously known as City Waterway. The Murray Morgan is a vertical lift bridge which provides 60 feet of vertical clearance at mean high water (MHW) while in the closed position and 135 feet of vertical clearance in the open position. The bridge is currently operated in accordance with 33 CFR § 117.1061,
