14 CFR Part 71

[Docket No. FAA-2007-27911; Airspace Docket No. 07-ANM-8]

Revision of Class E Airspace; Hailey, ID

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action will establish Class E surface airspace at Hailey, ID. Controlled airspace is necessary to accommodate aircraft using a new Area Navigation (RNAV) Required Navigational Performance (RNP) Instrument Approach Procedure (IAP) at Friedman Memorial Airport, Hailey, ID.

DATES: *Effective Date:* 0901 UTC, December 20, 2007. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

History

On June 1, 2007, the FAA published in the **Federal Register** a notice of proposed rulemaking to establish Class E airspace at Hailey, ID (72 FR 30498). This action would improve the safety of IFR aircraft at Friedman Memorial Airport, Hailey, ID. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9P dated September 1, 2006, and effective September 15, 2006, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace

designations listed in this document will be published subsequently in that Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace at Hailey, ID. Additional controlled airspace is necessary to accommodate IFR aircraft at Friedman Memorial Airport, Hailey, ID.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866;

(2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Background

On December 17, 2004, the Office of Foreign Assets Control ("OFAC") of the Department of the Treasury amended the Cuban Assets Control Regulations, 31 CFR Part 515 (the "CACR"), the Sudanese Sanctions Regulations, 31 CFR Part 538 (the "SSR"), and the Iranian Transactions Regulations, 31 CFR Part 560 (the "ITR"), to authorize certain activities related to publishing. See 69 FR 75468 (December 17, 2004). OFAC added §§ 515.577, 538.529, and 560.538 to the CACR, SSR, and ITR, respectively, to authorize by general license transactions not already exempt from regulation that support the publishing and marketing of manuscripts, books, journals, and newspapers in paper and electronic format ("written publications"). On August 16, 2005, OFAC amended and reissued the Burmese Sanctions Regulations, 31 CFR Part 537 (the "BSR") including, at § 537.526, a general license for the same publishing-related transactions.

OFAC is amending these general licenses in various places to authorize the augmentation of written publications in electronic format through the addition of embedded software necessary for reading, browsing, navigating, or searching the written publications as well as the exportation of such embedded software provided certain conditions are met. These amendments also clarify that the term "written publications" used in the general licenses includes manuscripts, books, journals, and newspapers even if they are published solely in electronic format. A note is added to each general license clarifying that the importation and exportation of information or informational materials are exempt from the prohibitions and regulations contained in the CACR, SSR, and ITR and, in the case of the BSR, clarifying that the importation of informational materials is authorized and the exportation of informational materials is exempt from the prohibitions and regulations of the BSR. These amendments also make various other technical corrections, clarifications, and conforming changes.

Public Participation; Procedural Requirements

Because the CACR, BSR, SSR, and ITR involve a foreign affairs function, the provisions of Executive Order 12866
