## **DEPARTMENT OF TRANSPORTATION**

### **Coast Guard**

#### **33 CFR Part 117**

**[CGD01-02-144]**

#### **Drawbridge Operation Regulations. Cape Cod Canal, MA**

**AGENCY:** Coast Guard, DOT.

**ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations that govern the Conrail Railroad Bridge across Cape Cod Canal, mile 0.7, at Bourne, Massachusetts. This temporary deviation will allow the bridge to remain closed at 60 feet above mean high water from 8 a.m. through 5 p.m., on 14 days in January, 2003. From 8 a.m. through 5 p.m. on February 3 and 6, 2003, the bridge may remain fully closed. This temporary deviation is necessary to facilitate vital unscheduled mechanical repairs at the bridge.

**DATES:** This deviation is effective from January 2, 2003, through February 6, 2003.

**ADDRESSES:** Materials referred to in this document are available for inspection or copying at the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts 02110, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (617) 223-8364. The First Coast Guard District Bridge Branch maintains the public docket for this temporary deviation.

**FOR FURTHER INFORMATION CONTACT:** Mr. John McDonald, Project Officer, First Coast Guard District Bridge Branch, (617) 223-8364.

**SUPPLEMENTARY INFORMATION:** The vertical clearance under the Conrail

Railroad Bridge in the open position is 135 feet at mean high water and 139 feet at mean low water. The draw is normally in the fully open position except for the passage of rail traffic. The existing regulations are listed at 33 CFR 117.589.

The owner of the bridge, the Army Corps of Engineers (ACOE), requested a temporary deviation from the Drawbridge Operation Regulations to facilitate vital unscheduled maintenance, the replacement of the counterweight guide rails, at the bridge. This work must be performed without delay to ensure continued safe reliable operation of the bridge.

The bridge owner advised the mariners who normally use this waterway about the necessary emergency repairs at the bridge and the temporary closures that will be required in order to facilitate the necessary repairs. No objections were received.

Under this temporary deviation the Conrail Railroad Bridge, mile 0.7, across the Cape Cod Canal, may remain closed at 60 feet above mean high water from 8 a.m. through 5 p.m. on January 2, 3, 8, 9, 10, 15, 16, 17, 22, 23, 24, 28, 29, and 30, 2003. From 8 a.m. through 5 p.m. on February 3 and 6, 2003, the bridge may remain fully closed.

Under the deviation schedule listed above, the bridge will be closed three days each week; however, the third day each week and the last week of the closure schedule were added as extra days in case the repair work is delayed by inclement weather.

Mariners may contact the U.S. Army Corps of Engineers Marine Traffic Controller 24-hour telephone line at (508) 759-4431 for the operational status of the bridge.

Thirty days notice to the Coast Guard for approval of this bridge maintenance was not given by the bridge owner and was not required because this work involves vital, unscheduled maintenance that must be performed without undue delay.

This deviation from the operating regulations is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: December 27, 2002.

**J.L. Grenier,**

*Captain, Coast Guard, Acting Commander, First Coast Guard District.*

## **ENVIRONMENTAL PROTECTION AGENCY**

### **40 CFR Part 52**

**[OH118-3; FRL-7436-1]**

#### **Approval and Promulgation of Implementation Plans; Ohio**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Final rule.

**SUMMARY:** The United States Environmental Protection Agency (EPA) approves Ohio's State Implementation Plan (SIP) revisions for New Source Review (NSR) in nonattainment areas. Previously, EPA issued both a direct final approval and a proposed approval of Ohio's revisions. EPA withdrew the direct final action upon receiving adverse comments. In this action, EPA responds to the public comments received and announces EPA's final rulemaking action. In consideration of the comments and the requirements of the Clean Air Act (CAA), EPA now fully approves Ohio's nonattainment NSR program as an addition to the SIP.

Recently, EPA announced new regulations regarding changes to the NSR Program through efforts under "NSR Reform." Today's approval of Ohio's NSR SIP submission does not address EPA's new rules but is limited to portions of Ohio's program under prior existing rules. EPA is taking no position today on whether Ohio will need to make changes to its SIP to meet any new requirements that EPA may promulgate as part of "NSR Reform."

**DATES:** This rule is effective on January 10, 2003.

**ADDRESSES:** Copies of the documents relevant to this action are available for inspection during normal business hours at the following location:

Permits and Grants Section, Air Programs Branch, (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois, 60604.

Please contact Kaushal Gupta at (312) 886-6803 or Jorge Acevedo at (312) 886-2263 before visiting the Region 5 office.

Written comments should be sent to: Pamela Blakley, Chief, Permits and Grants Section (IL/IN/OH), Air Programs Branch, (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois, 60604.
