Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2008 Funding Opportunity

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of intent to award a Single Source Grant to the Education Development Resource Center, Inc., Newton, Massachusetts.

SUMMARY: This notice is to inform the public that the Substance Abuse and Mental Health Services Administration (SAMHSA) intends to award approximately \$996,000 (total costs) per year for up to two years to the Education Development Resource Center, Inc. Newton, Massachusetts. This is not a formal request for applications. Assistance will be provided only to the Education Development Resource Center, Inc. based on the receipt of a satisfactory application that is approved by an independent review group.

Funding Opportunity Title: SM-08-014

Catalog of Federal Domestic Assistance (CFDA) Number: 93.243

Authority: Section 520C of the Public Health Service Act, as amended.

Justification: Through the Suicide Prevention Resource Center (SPRC), the Education Development Center supports the technical assistance and information needs of SAMHSA State/Tribal Youth Suicide Prevention and Campus Suicide Prevention grantees and State, Territorial, and Tribal suicide prevention coordinators and coalition members with customized assistance and technical resources. They accomplish this through planning conferences and training events, creating publications and Web content on suicide and suicide prevention for professionals, advocates, and consumers; identifying and disseminating best practices; facilitating informational exchanges and peer-to-peer mentoring using listservs and other technologies; and promoting suicide prevention as a component of mental health transformation.

Funding for the SPRC and for this program supplement are components of the Garrett Lee Smith Memorial Act, most recently included in the 2008 Omnibus Appropriations Act. Congress authorized funding for only one Suicide Prevention Resource Center; therefore the program supplement must be awarded to the grantee that manages the SPRC, specifically to Education

Development Center, Inc., Newton, Massachusetts. There are no other sources with the available resources and expertise to successfully complete the tasks of this proposal. Further, it would be both inefficient and wasteful to fund a second technical assistance provider for the same group of grantees.

At the upcoming meeting, between 1:15 p.m. and 2:30 p.m., the NSTAC will receive comments from government stakeholders, and discuss NSTAC work on legislation and regulation, research and development, and outreach. This portion of the meeting will be open to the public.

Basis For Closure: Briefings from the Department of Defense, the Acting Assistant to the President for Homeland Security and Counterterrorism, and the Department of Treasury, as well as discussions on cyber security and network security will likely involve sensitive infrastructure information concerning system threats and explicit physical/cyber vulnerabilities related to current communications capabilities. Public disclosure of such information would heighten awareness of potential vulnerabilities. Pursuant to Section 10(d) of the Federal Advisory Committee Act, Public Law 92-463, as amended (5 U.S.C. App. 1 *et seq.*), the Department has determined that this discussion will concern matters which, if disclosed, would be likely to significantly frustrate the implementation of a proposed agency action. Accordingly, the relevant portion of this meeting will be closed to

the public pursuant to the authority set forth in 5 U.S.C. 552b(c)(4).

Acting Director, National Communications System.
