Information Collection Request Title: Health Center Program Application Forms: (OMB No. 0915–0285 Revision).

Abstract: Health centers (section 330 grant funded and Federally Qualified Health Center Look-Alikes) deliver comprehensive, high quality, cost-effective primary health care to patients regardless of their ability to pay. Health centers have become an essential primary care provider for America's most vulnerable populations. Health centers advance the preventive and primary medical/health care home

model of coordinated, comprehensive, and patient-centered care, coordinating a wide range of medical, dental, behavioral, and social services. More than 1,200 health centers operate nearly 9,000 service delivery sites that provide care in every state, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and the Pacific Basin.

The Health Centers Program is administered by HRSA's Bureau of Primary Health Care (BPHC). HRSA/BPHC uses the following application forms to oversee the Health Center Program. These application forms are used by new and existing Health centers to apply for various grant and non-grant opportunities, renew their grant or non-grant designation, and change their scope of project.
