

Debarred persons are generally ineligible to participate in activity regulated under the ITAR (see *e.g.*, sections 120.1(c) and (d), and 127.11(a)). Also, under Section 127.1(c) of the ITAR, any person who has knowledge that another person is subject to debarment or is otherwise ineligible may not, without disclosure to and written approval from the Directorate of Defense Trade Controls, participate, directly or indirectly, in any export in which such ineligible person may benefit there from or have a direct or indirect interest therein.

Further, **Federal Register** document 2011–29470, published at 76 FR 70805, Tuesday, November 15, 2011, is corrected on page 70807, line 12 through line 15 to read as follows:

1. Andrew V. O'Donnell; August 1, 2011; U.S. District Court, Northern District of Georgia; Case No. 1:10–CR–491–CAP; July, 1977.

That notice of statutory debarment incorrectly identified the debarred party as “Andrew V. O'Donnell” and the Month/Year of birth of the debarred party as “July, 1997.”

This notice is provided for purposes of making the public aware that the persons listed above are prohibited from participating directly or indirectly in activities regulated by the ITAR, including any brokering activities and in any export from or temporary import into the United States of defense articles, related technical data, or defense services in all situations covered by the ITAR. Specific case information may be obtained from the Office of the Clerk for the U.S. District Courts mentioned above and by citing the court case number where provided.

Dated: July 17, 2012.

**Andrew J. Shapiro,**

*Assistant Secretary, Bureau of Political-Military Affairs, Department of State.*

## DEPARTMENT OF TRANSPORTATION

### ITS Industry Forum on Connected Vehicles: Moving From Research Towards Implementation; Notice of Public Meeting

**AGENCY:** ITS Joint Program Office, Research and Innovative Technology Administration, U.S. Department of Transportation.

**ACTION:** Notice.

The U.S. Department of Transportation (USDOT) Intelligent Transportation System Joint Program Office (ITS JPO) will host a free public meeting and webinar to provide updates and promote a lively discussion on the Connected Vehicle Safety, Vehicle-to-Infrastructure, and Testing programs; along with a special session discussing lessons learned in deploying ITS. The public meeting will take place September 25–27, 2012, 9:00 a.m.–4:30 p.m. at the Hyatt Regency Chicago, 151 East Wacker Drive, Chicago, Illinois, USA 60601, 312–565–1234. Persons planning to attend the meeting or participate in the webinar should register online at [www.itsa.org/safetymeeting](http://www.itsa.org/safetymeeting) no later than August 30, 2012.

The goal of the meeting and webinar is to identify where we are and what remains in getting to the 2013 decision on Vehicle Communications for Safety, discuss what is evolving in terms of a robust Vehicle-to-Infrastructure environment, and identify what we have learned from past ITS deployments that can help with success for the future.

### About the Connected Vehicle Research Program at USDOT

Connected Vehicle research at USDOT is a multimodal program that involves using wireless communication between vehicles, infrastructure, and personal communications devices to
