Manufacturer of Controlled Substances; Notice of Registration

By Notice dated February 25, 2000, and published in the **Federal Register** on March 6, 2000, (65 FR 11801), B.I. Chemicals, Inc., 2820 N. Normandy Drive, Petersburg, Virginia 23805, made application by letter to the Drug Enforcement Administration (DEA) to be registered as a bulk manufacturer of methylphenidate (1724), a basic class of controlled substance listed in Schedule II.

The firm plans to bulk manufacture methylphenidate for product development.

No comments or objections have been received. DEA has considered the factors in title 21, United States Code, section 823(a) and determined that the registration of B.I. Chemicals, Inc. to manufacture methylphenidate is consistent with the public interest at this time. DEA has investigated B.I. Chemicals, Inc. on a regular basis to ensure that the company's continued registration is consistent with the public interest. These investigations have included inspection and testing of the company's physical security systems, audits of the company's records, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823 and 28 CFR 0.100 and 0.104, the Deputy Assistant Administrator, Office of Diversion Control, hereby orders that the application submitted by the above firm for registration as a bulk manufacturer of the basic class of controlled substance listed above is granted.

Dated: August 7, 2000.

John H. King,

Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

Alfred R. Brown, D.D.S.; Denial of Application

On October 8, 1999, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Alfred R. Brown, D.D.S. (Respondent) of Memphis, Tennessee, notifying him of an opportunity to show cause as to why DEA should not deny his application for a DEA Certificate of Registration pursuant to 21 U.S.C. 823(f) for reason that his registration would be inconsistent with the public interest.

By letter dated November 9, 1999, Respondent filed a request for a hearing and the matter was docketed before Administrative Law Judge Mary Ellen Bittner. On November 15, 1999, Judge Bittner issued an Order for Prehearing Statements, and on November 23, 1999, the Government filed its prehearing statement. Respondent was given until December 27, 1999, to file his prehearing statement. In her Order for Prehearing Statements, the Administrative Law Judge cautioned

Respondent "that failure to file timely a prehearing statement as directed above may be considered a waiver of hearing and an implied withdrawal of a request for hearing."

Respondent did not file a prehearing statement. As a result, on January 6, 2000, Judge Bittner issued an Order Terminating Proceedings, finding that because Respondent did not file a prehearing statement he is deemed to have waived his opportunity for a hearing. Since Respondent has waived his right to a hearing, the Administrator hereby enters his final order without a hearing and based upon the investigative file pursuant to 21 CFR 1301.43(e) and 1301.46.

The Administrator finds that Respondent previously possessed DEA Certificate of Registration AB5661980. This registration expired without being renewed and was subsequently retired in March 1987.

The Administrator further finds that on February 6, 1990, the Tennessee Department of Health and Environment, Board of Dentistry (Board) issued an Order of Summary Suspension which suspended Respondent's license to practice dentistry. The Board found that between October 1987 and February 1990, Respondent prescribed, administered, dispensed, and acquired controlled substances when he was not authorized to do so in violation of 21 U.S.C. 841(a)(7). In addition, during this same period, Respondent indiscriminately prescribed controlled substances to patients in amounts in excess of those amounts medically necessary, prescribed controlled substances to known drug abusers, acquired controlled substances by prescription for office use, and failed to keep proper dental records, all in violation of State and Federal laws.

Subsequently, in an Agreed Order filed on May 22, 1990, the Board limited the suspension of Respondent's license to a period of six months, ordered that he surrender his DEA registration, and placed his license on probation for five years. Thereafter, on three separate occasions during 1990 and 1992, the Board found that Respondent was not in compliance with the terms of his probation.

On January 22, 1996, pursuant to another Agreed Order, the Board again suspended Respondent's dental license for a period of thirty days, based on his failure to refund proceeds from an insurance claim for services he did not provide.

Evidence in the record indicates that it was not until June 11, 1998, that the Board issued an Order allowing Respondent to seek a DEA registration.
